Management Responsibility Statement

The management of Trail and District Public Library is responsible for preparing the Trail and District Public Library financial statements, the notes to the Trail and District Public Library financial statements and other financial information contained in this annual report.

Management prepares the Trail and District Public Library financial statements in accordance with Canadian generally accepted accounting principles. The Trail and District Public Library financial statements are considered by management to present fairly the management's financial position and results of operations.

The Library, in fulfilling its responsibilities, has developed and maintains a system of internal accounting controls designed to provide reasonable assurance that management assets are safeguarded from loss or unauthorized use, and that the records are reliable for preparing the Trail and District Public Libraryfinancial statements.

The Trail and District Public Library financial statements have been reported on by Grant Thornton LLP, Chartered Professional Accountants, the shareholders' auditors. Their report outlines the scope of their examination and their opinion on the Trail and District Public Library financial statements.

To the Board of Directors of Trail and District Public Library

Qualified opinion

We have audited the financial statements of Trail and District Public Library, which comprise the statement of financial position as at December 31, 2020, and the statements of income and retained earnings and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Library as at December 31, 2020, and its results of operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for qualified opinion

The Library expenses tangible capital asset additions in the year acquired and does not capitalize the tangible capital assets and record amortization thereon. We were unable to obtain sufficient appropriate audit evidence about the value of these tangible capital assets and the effect this has had on the Library's accumulated surplus because this information was not made available to us. Consequently, we were unable to determine whether any adjustment to these amounts were necessary.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Library in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Library's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Library or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Library's financial reporting process.

Independent Auditor's Report (continued)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Library's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Library to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1. Nature of operations

The Trail and District Public Library (the "Library") was established under the Library Act of British Columbia for the purpose of operating and maintaining libraries and library services for the benefit of the City of Trail (the "City") and its citizens.

The members of the Library are appointed by the City's municipal council. Should the Library be wound up at any time, the remaining assets, after payment of all debts and liabilities, shall be turned over to the City.

COVID-19

The outbreak of a novel strain of coronavirus ("COVID-19") was declared a global pandemic by the World Health Organization in March 2020. COVID-19 has severely impacted many economies around the globe. In many countries, including Canada, Libraries were forced to cease or limit operations for long periods of time. Measures were taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have resulted in economic slowdown. The central banks of the world as well as national and regional governments have responded with monetary and fiscal interventions to stabilize economic conditions.

The Library services were not significantly negatively impacted as a result of the pandemic. The duration and impact of the COVID-19 pandemic, as well as the effectiveness of government and central bank responses, remains unclear at this time.

2. Basis of accounting and summary of significant accounting policies

The Library was established in 1956 by the City of Trail by-law #1308. These financial statements are prepared in accordance with Canadian public sector accounting standards. The significant accounting policies are detailed as follows:

Basis of accounting

The Library follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods and services and/or the creation of a legal obligation to pay.

Revenue recognition

The Library follows the deferral method of accounting for contributions. Externally restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Fines, fees and other grants are recorded on a cash basis.

December 31, 2020

2. Basis of accounting and summary of significant accounting policies (continued)

Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenditures during the reporting period. Actual results could differ from those estimates. Adjustments, if any, will be reflected in the financial statements in the period that the change in estimate is made, as well as in the period of settlement if the amount is different.

Budget information

The budget data presented in these Financial Statements are from the Annual Budget adopted by the Library's Board of Directors.

3. Accounts receivable

6. Due to the City of Trail

All cash disbursements of the Library are processed by the City of Trail, including payroll and accounts payable. These amounts are drawn down against the approved allocation from the Library for the fiscal year. The amount shown as Due to the City of Trail represents the net cash balance owed to the City by the Library at December 31, 2020.

December 31, 2020

7. Grants

	\$ 54,090	\$ 39,702

8. Economic dependence

During the year, the Library was economically dependant on funding from the City of Trail and as a result, the Library's ability to remain a viable entity is dependent upon its right to receive this funding.

December 31, 2020

9. Pension plan

The Library and its employees contribute to the Municipal Pension Plan (a jointly trusteed pension plan). The board of trustees, representing plan members and employers, is responsible for administering the plan, including investment of assets and administration of benefits. The plan is a multi-employer defined benefit pension plan. Basic pension benefits provided are based on a formula. As at December 31, 2019, the plan has about 213,000 active members and approximately 106,000 retired members. Active members include approximately 41,000 contributors from local governments.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for the amortization of any unfunded actuarial liability.

The most recent valuation of the Municipal Pension Plan at December 31, 2018, indicated a \$2,866 million funding surplus for basic pension benefits on a going concern basis.

The next valuation will be as at December 31, 2021 with results available in 2022.

Employers participating in the plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

The Library paid \$18,645 (2019 - \$19,574) for employer contributions to the plan in fiscal 2020.
