Appendix B

Consultation Regarding Operational and Administrative Decisions and Plans

This appendix B contains an interim consultation process as referred to in Section 4.8 of the Agreement. It is expected that this interim consultation process may be amended and refined in due course.

1.0 Consultation Regarding Operational Plans

- 1.1 The Government of British Columbia agrees to consult with Tsawataineuk First Nation on Operational Plans that may potentially infringe Tsawataineuk First Nation's Aboriginal Interests within the Traditional Territory, except for any economic component of those interests that the parties agree are addressed by the economic benefits provided for under Section 3.0 of the Agreement.
- 1.2 For purposes of consultation under this Appendix, the Government of British Columbia agrees to identify one or more representatives as the primary point(s) of contact with the Tsawataineuk First Nation.
- 1.3 Tsawataineuk First Nation agrees to participate, as set out in this section, in the review of all Operational Plans dealing with forest resource development activities within the Traditional Territory provided to them by the Government of British Columbia, and by Licensees.
- 1.4 In reviewing and responding to an Operational Plan submitted to them, Tsawataineuk First Nation will provide the party that supplied the plan to them with a response to the plan within 60 days of its receipt. In that response, Tsawataineuk First Nation will identify whether a response can be provided to the referral on the basis of the information in Tsawataineuk First Nation's possession. If so, Tsawataineuk First Nation will provide reasonably available information to identify any potential impacts to their Aboriginal Interests that may occur as a result of proposed forest resource development activities within the Traditional Territory, other than the economic component of those interests that the Parties agree are addressed by economic benefits provided under Section 3.0 of the Agreement. If not, Tsawataineuk First Nation will identify the further information, including if necessary further meetings with the licensee and/or agencies of the Government of British

Columbia that it requires, and the parties will agree on a further time period in which consultations will occur.

- 1.5 The Tsawataineuk First Nation may request further relevant information to assist in its review of an Operational Plan from the Government of British Columbia and/or the licensee.
- 1.6 The Tsawataineuk First Nation will work with the Government of British Columbia to ensure that requests for information from or participation of other agencies of the Government of British Columbia does not unduly delay the consultation process.
- 1.7 Upon receiving the response from Tsawataineuk First Nation as specified in Section 1.4 of this Appendix B, the Government of British Columbia and/or the licensee will discuss and attempt to resolve with Tsawataineuk First Nation any site specific operational impacts on Tsawataineuk First Nation's Aboriginal Interests that may occur as a result of proposed forest resource development activities within the Traditional Territory, other than the economic component of those Aboriginal Interests that the parties agree are addressed by the economic benefits provided for under Section 3.0 of the Agreement.
- 1.8 The Government of British Columbia will make every effort to provide a response in writing to Tsawataineuk First Nation as to how their concerns regarding an Operational Plan have been addressed.
- 1.9 If no response is received from Tsawataineuk First Nation within the Response Period, then the Government of British Columbia may conclude that Tsawataineuk First Nation does not intend to respond or participate in the consultation process in respect of the Operational Plan and that a decision on the Operational Plan may proceed
- 1.10 In making the final decision on an Operational Plan, the Government of British Columbia will fully consider information it receives from Tsawataineuk First Nation, whether received directly or through a licensee, and will consider whether concerns identified by Tsawataineuk First Nation have been addressed.

2.0 Consultation Regarding Administrative Decisions

- 2.1 The Government of British Columbia will provide to Tsawataineuk First Nation on an annual basis a list of all proposed

Administrative Decisions anticipated within the year that may have an effect within the Traditional Territory, and either upon the request of Tsawataineuk First Nation or when the Government of British Columbia becomes aware of other proposed Administrative Decisions, will provide to Tsawataineuk First Nation an updated list.

2.2 The Government of British Columbia will meet with Tsawataineuk First Nation at mutually agreed times throughout the year to provide an opportunity for Tsawataineuk First Nation to make known to representatives of the Government of British Columbia their concerns and comments relative to the effects of the Administrative Decision(s) on their Aboriginal Interests within the Traditional Territory.

2.3 The Tsawataineuk First Nation may request further information to assist in its review of proposed Administrative Decisions from the Government of British Columbia and/or the licensee.

2.4 The Tsawataineuk First Nation may request the participation of, or information from, other agencies of the Government of British Columbia to assist the Tsawataineuk First Nation in carrying out its review, but such participation or information requested will not unduly delay the review by Tsawataineuk First Nation

2.5 The Government of British Columbia will include Tsawataineuk First Nation in that stage of the timber supply review process referred to as "the public timber supply review process" that will lead to AAC determination made pursuant to Section 8 of the *Forest Act* for the Kingcome Timber Supply Area

2.6 Tsawataineuk First Nation agrees to participate, in that stage of the timber supply review process referred to as "the public timber supply review process" by providing all reasonably available information about their Aboriginal Interests within the Traditional Territory potentially affected by AAC determination to be made pursuant to Section 8 of the *Forest Act*.

2.7 The parties acknowledge that the public timber supply review processes will be consistent with approved land use plans when higher-level objectives have been established.

2.8 If, after considering the concerns and comments of Tsawataineuk First Nation, the decision maker is of the opinion that an Administrative Decision creates a potential infringement of Tsawataineuk First Nation's Aboriginal Interests that is not adequately addressed by the economic benefits provided by the Government of British Columbia in Section 3.0 of the Agreement,

the decision maker will seek to address the concerns and comments in the Administrative Decision or through the process in Section 1.0 of this Appendix B.

2.9 The Government of British Columbia will make every effort to provide a response in writing to Tsawataineuk First Nation as to how their concerns regarding an Administrative Decision have been addressed.

2.10 Tsawataineuk First Nation further agrees that, in consideration of Section 4 of the Agreement and Sections 1 and 2 of this Appendix B, the Government of British Columbia has, for the purposes of this Agreement, developed an adequate consultation and interim accommodation process with respect to the economic component of potential infringements of their Aboriginal Interests resulting from Operational and Administrative Decisions made by delegated decision-makers from time to time during the term of this Agreement.

3.0 Initiation of discussions under section 12

3.1 At the request of the Tsawataineuk First Nation, the Government of British Columbia will appoint representatives to begin discussions under clause 12 of this Agreement

3.2 In making a request under section 3.1., the Tsawataineuk First Nation will identify the issues that it wishes to discuss under clause 12.
