- 7.3 Where consultation process followed.** In addition to any other accommodation measures being implemented, where appropriate, Klahoose agrees that if the consultation process set out in this Agreement is followed, British Columbia has consulted, and this will be the process through which British Columbia will identify potential accommodation measures to address the potential adverse impacts of Administrative and/or Operational Decisions, and any forest or range development practices that may be carried out under an Operational Plan, on Klahoose's Aboriginal Interests.

ARTICLE 8 - ANNUAL REPORTS and RECORDS

- 8.1 Annual Report.** Within 90 days of the end of each BC Fiscal Year, Klahoose will prepare an annual report, substantially in the form set out in Appendix E, identifying all expenditures made from the Payment Account since the date of the last such report or in the case of the first such report, since the Effective Date, and confirming that, aside from reasonable administrative expenses, all such expenditures were made in furtherance of the purposes and objectives referred to in section 2.1.

In consideration of Klahoose First Nation entering into this Agreement, British Columbia may choose not to require a silviculture deposit pertaining to a licence entered into as a result of a direct award tenure agreement entered into between Klahoose First Nation, or a legal entity controlled by the Klahoose First Nation, and British Columbia.

13.1 Term. The term of this Agreement will be three (3) years commencing on the Effective Date unless the term is extended under section 13.2 or terminated under Article 12, or at the effective date of a new forestry revenue sharing process that replaces the FCRSA program.

13.2 Extension of the Term. At least two months prior to the third anniversary of the Effective Date, the Parties will evaluate the effectiveness of this Agreement and decide whether to extend the Term.

APPENDIX B

Consultation Process for Administrative and/or Operational Decisions and Operational Plans within Klahoose Territory

- 1.1 British Columbia will consult with Klahoose on proposed Administrative and/or Operational Decisions and Operational Plans that may potentially adversely impact Klahoose's Aboriginal Interests within the Territory, in accordance with this Appendix B.
- 1.2 Klahoose will participate in information sharing and/or consultation with British Columbia, Licensees or proponents regarding proposed Administrative and/or Operational Decisions or Operational Plans within the Territory in accordance with this Appendix B.
- 1.3 In order to facilitate consultation, the Parties will use section 1.10 of this Appendix to determine which proposed Administrative and/or Operational Decisions and Operational Plans will require consultation, as well as the appropriate level of consultation for those decisions and plans.
- 1.4 The level of consultation required for the types of Administrative and/or Operational Decisions and Operational Plans listed in Schedule 1 (the "List of Decisions") will be the level indicated in the column of Schedule 1 headed "Consultation Level", unless the Parties agree to a different consultation level under section 1.11 of this Appendix.
- 1.5 If on or before January 31st a Party requests that the List of Decisions or the consultation level for a type of decision or plan set out in it be revised for a subsequent BC Fiscal Year, the Parties will discuss that request and if the Parties agree to a revision, update the List of Decisions on or before March 31st of the current fiscal year.
- 1.6 If British Columbia becomes aware of proposed Administrative and/or Operational Decisions or Operational Plans not contained in the List of Decisions that will have effect within the Territory of Klahoose during the current fiscal year, British Columbia will notify the Klahoose of those decisions or plans and the Parties will, with reference to the criteria set out in the Matrix, seek to agree on the consultation levels that will be applicable to those decisions or plans.
- 1.7 If the Parties cannot agree upon which consultation level in section 1.10 of this Appendix should apply to a particular or any Operational or Administrative Decision or Operational Plan, then British Columbia will consult with Klahoose on the basis of British Columbia's consultation procedures in effect at the time as well as the applicable case law respecting consultation obligations.
- 1.8 In reviewing and responding to a proposed Administrative and/or Operational Decision or Operational Plan submitted to them, Klahoose will, unless otherwise agreed by the Parties, provide the party (i.e. British Columbia, Licensee or proponent) that supplied the proposed decision or plan to them, with

all reasonably available information that will identify any potential adverse impacts to their Aboriginal Interests that may occur as a result of the proposed Administrative and/or Operational Decision or Operational Plan within the Territory or forest or range resource development practices that may be carried out pursuant to that decision or plan.

1.9 If a proposed Administrative and/or Operational Decision or Operational Plan is submitted to Klahoose and no response is received within the consultation period set out in section 1.10 of this Appendix for the consultation level applicable to the proposed Administrative and/or Operational Decision or Operational Plan, then British Columbia may proceed to make a decision regarding the decision or plan.

1.10 The Parties agree that:

- (a) as set out in the table below (the “Matrix”) there will be six (6) potential levels of consultation for a proposed Administrative and/or Operational Decision or Operational Plan;
- (b) subject to the List of Decisions, the appropriate consultation level for a proposed Administrative and/or Operational Decision or Operational Plan will be determined by reference to the criteria set out in the Matrix; and
- (c) the consultation period applicable to a consultation level is the period referred to in the Matrix, the List of Decisions or as otherwise agreed to by the Parties, whichever period is the longest.

Level	Description	Intent
1. Information Sharing: prior to formal consultation process	Referral to Klahoose during planning to provide opportunity to incorporate Aboriginal Interests prior to submitting plan/request to Delegated Decision Maker.	Proponent or Licensee engages directly with Klahoose, and provides summary of communications to British Columbia.
2. Available on Request	Type of notification whereby British Columbia informs Klahoose they will not be sending out information.	British Columbia notifies on an annual basis which decision(s) fall in this category. Klahoose can request more detail if they wish.
3. Notification	Notify in writing Klahoose about an upcoming decision and provide overview information. Would be an opportunity for comment.	British Columbia provides Klahoose base level information and a short reasonable time (21-30 calendar day consultation period determined by the Parties) to comment. Limited follow-up.

Level	Description	Intent
4. Expedited Consultation Process	Where there is an imminent threat to a resource value (e.g. mountain pine beetle spread control) an expedited consultation process is undertaken.	Intense but short timeline (about 10 calendar days). A justification for shortening the period would be given by describing the imminent threat. May require a meeting.
5. Normal Consultation	Follow on “normal” track for consultation guided by up-to-date consultation policy. Meetings to resolve issues where possible and make decision in a timely manner.	Intent to follow this course in most circumstances. Usually a 30 – 60 calendar day consultation period. May involve meaningful discussion of accommodation options where appropriate. British Columbia will notify Klahoose of the final decision where requested by the Klahoose.
6. Deep Consultation	Use reasonable effort to inform in an accessible manner and to engage in full discussions around the proposed decision. Make reasonable efforts to accommodate where necessary. Preliminary assessments may indicate a significant Aboriginal Interest and a significant impact to that interest.	Would involve meaningful discussion of suitable accommodation options and interim solutions where appropriate. May require extended timelines. British Columbia will provide the Klahoose with the final decision and rational in writing.

- 1.11 The Parties may agree to increase or decrease the consultation level for a specific proposed Administrative and/or Operational Decision or Operational Plan where detailed Aboriginal Interest information is provided that indicates a different consultation level is appropriate.
- 1.12 Unless requested by the Klahoose not to, British Columbia will inform Klahoose of the Delegated Decision Maker’s decisions. Decisions that fall under Level 2- Available Upon Request are shared with Klahoose on annual bases.

APPENDIX C

Revenue Sharing Contribution Methodology

Territory Forest Revenue Sharing Component

- 1.0 In each BC Fiscal Year that this Agreement is in effect, and subsequent to the release by the Minister of Finance of the previous BC Fiscal Year's public accounts, a summary document will be prepared of the Sunshine Coast and Campbell River Natural Resource Districts Forest revenues, defined as the total of stumpage, waste and annual rent payments received by the Crown for the previous 2 BC Fiscal Years. An average amount over 2 years will be calculated for the Sunshine Coast and Campbell River Natural Resource Districts.
- 1.1 For the purposes of the summary document in section 1.0 of this Appendix, the stumpage payments from Eligible Volume in Klahoose's Forest License (if applicable) will not be included in the calculations of forest revenue.
- 1.2 The amount of the forest revenue attributed to the Klahoose's Territory will be calculated by determining the percent of Klahoose's Territory that falls within the Timber Harvesting Land Base in the Sunshine Coast and Campbell River Natural Resource Districts, applied against the forest revenue described in section 1.0 of this Appendix. This calculation will prorate for overlapping territories of other First Nations.
- 1.3 The Territory Forest Revenue Sharing Component will be calculated by multiplying 10 percent of non-BC Timber Sales forest revenue attributed to the Klahoose and 13 percent of BC Timber Sales forest revenue, as described in section 1.2 of this Appendix.
- 1.4 If Klahoose is not receiving capacity funding for forestry consultation through a SEA or RA, then it will receive \$35,000 or the amount calculated in accordance with section 1.3, whichever is greater, which may be used by Klahoose as capacity funding to participate in the consultation process in accordance with section 6.0 of this Agreement.
- 1.5 For each BC Fiscal Year that this Agreement is in effect, the calculations outlined in sections 1.0 to 1.4 of this Appendix will be performed.

Direct Award Tenure Forest Revenue Sharing Component

- 2.0 Subsequent to the release by the Minister of Finance of the previous BC Fiscal Year's public accounts, a summary document will be prepared detailing of Klahoose's Forest License (if applicable) forest revenue, defined as the total of stumpage payments received by the Crown for the previous BC Fiscal Year from Eligible Volume within the Forest Licence.
- 2.1 The Direct Award Forest Tenure Revenue Sharing Component will be calculated by multiplying 75 percent of the forest revenue as described in section 2.0 of this Appendix.

- 2.2 For each Fiscal Year that this Agreement is in effect, the calculations outlined in sections 2.0 and 2.1 of this Appendix will be performed.

Forest Revenue Sharing Transition

- 3.1 For each BC Fiscal Year that this Agreement is in effect, a portion of the Revenue Sharing Contribution is calculated by adding the total of the Territory Forest Revenue Sharing Component to the Direct Award Tenure Forest Revenue Sharing Component for that BC Fiscal Year.
- 3.2 For each BC Fiscal Year that this Agreement is in effect, the remaining portion of the Revenue Sharing Contribution is calculated by determining the value of the payments that were made by British Columbia to Klahoose in any given full year under the *Klahoose Forest and Range Opportunity Agreement* (“the Annual Amount”) and applying the following percentages to that Annual Amount:
- 3.2.1 2023/24 BC Fiscal Year 40 percent;
- 3.2.2 2024/25 BC Fiscal Year 40 percent
- 3.2.3 2025/26 BC Fiscal Year TBD percent
- 3.3 Notwithstanding section 3.2 of this Appendix, if the Revenue Sharing Transition Calculation for those BC Fiscal years under section 3.1 provides:
- (a) an amount calculated under sections 1.3 and 2.1 of this Appendix that is equal to or greater than the annual payments received under the *Klahoose Forest and Range Opportunity Agreement*, then Klahoose will receive the annual payments described by the Revenue Sharing Calculation in section 3.1 for those BC Fiscal Years; or
 - (b) an amount calculated under the Revenue Sharing Transition Calculations in sections 3.1 and 3.2 of this Appendix that is greater than the annual payments received under the *Klahoose Forest and Range Opportunity Agreement*, then Klahoose will receive an annual payment for those BC fiscal Years that is equal to the annual payment received under the *Klahoose Forest and Range Agreement*.
