JURY RECOMMENDATIONS:

To: Deputy Commissioner, RCMP 'E' Division

1. Create an Indigenous support position that is on call 24/7 for when an Indigenous person has been taken into custody. This supportive role would assist the person in custody if they were refusing medical treatment or generally feeling untrusting of first responders and not cooperating. This will ensure the individual has a non-uniformed, civilian employee to build a connection with and support a more culturally safe environment when required.
