Supplementary Estimates (No. 2)

Fiscal Year Ending March 31, 2002

Introduction to the Supplementary Estimates (No. 2)

Each year the government presents a budget to the Legislative Assembly. The budget includes the Main Estimates, which in conjunction with Supply Acts passed by the Legislature, provide government with authority (voted appropriations) to spend money from the Consolidated Revenue Fund.

If spending from voted appropriations is forecast to exceed that set out in the Main Estimates, Supplementary Estimates and another Supply Bill may be presented to the Legislative Assembly.

Where Supplementary Estimates increase the funding for purposes included in a vote description in the Main Estimates, that vote description is incorporated into the Supplementary Estimates.

Where Supplementary Estimates provide funding for purposes that are not included in the vote descriptions of the Main Estimates, new vote descriptions are provided in the Supplementary Estimates.

These Supplementary Estimates are to provide funding from the Consolidated Revenue Fund in the amount of \$95,000,000 for operating expenses as set out in the Schedule of Consolidated Revenue Fund Expenses to be Voted (page 5).

The Consolidated Summary Statement of Operations is presented for information purposes. The table discloses budgeted amounts for revenues and expenses of the Summary Accounts entity on a functional basis. The statement fully consolidates the taxpayer-supported Crown corporations and agencies with the Consolidated Revenue Fund. This results in revenues and expenses of the Crown Corporations and agencies being added to those of the Consolidated Revenue Fund. Figures have been rounded to the nearest million.
