

Financial Statements of

**INTERIOR HEALTH AUTHORITY**

And Independent Auditors Report thereon

Year ended March 31, 2024

## Statement of Management Responsibility

The financial statements of Interior Health Authority (the "Authority") for the year ended March 31, 2024 have been prepared by management in accordance with Canadian Public Sector Accounting Standards ("PSAS") issued by the Public Sector Accounting Board ("PSAB"), as required by the financial reporting provisions of Section 23.1 of the *Budget Transparency and Accountability Act* of the Province of British Columbia and in regard to the accounting for restricted contributions which is based on the Restricted Contributions Regulation 198/2011. The integrity and objectivity of these statements are management's responsibility. Management is also responsible for all the statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Directors is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises this responsibility through the Audit and Finance Committee of the Board. The Audit and Finance Committee meets with management and the internal auditor no fewer than four times a year and the external auditors a minimum of two times a year.

The Authority's internal auditor independently evaluates the effectiveness of internal controls on an ongoing basis and reports its findings to management and the Audit and Finance Committee.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. Their examination considers internal control relevant to management's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the financial statements, but not for the purposes of expressing an opinion on the effectiveness of the Authority's internal control. The external auditors have full and free access to the Audit and Finance Committee of the Board and meet with it on a regular basis.

On behalf of Interior Health Authority

Susan Brown,  
President & Chief Executive Officer

Sylvia Weir,  
Vice President & Chief Financial Officer

## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Interior Health Authority and  
To the Minister of Health, Province of British Columbia

We have audited the financial statements of Interior Health Authority, which comprise:

- the statement of financial position as at March 31, 2024
- the statement of operations and accumulated deficit for the year then ended
- the statement of changes in net debt for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies (hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements as at and for the year ended March 31, 2024 of Interior Health Authority are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

### ***Basis for Opinion***

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "***Auditor's Responsibilities for the Audit of the Financial Statements***" section of our auditor's report.

We are independent of Interior Health Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### ***Emphasis of Matter – Financial Reporting Framework***

We draw attention to note 1(a) in the financial statements, which describes the applicable financial reporting framework and the significant differences between the financial reporting framework and Canadian public sector accounting standards.

Our opinion is not modified in respect of this matter.

### ***Responsibilities of Management and Those Charged with Governance for the Financial Statements***

Management is responsible for the preparation of the financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing Interior Health Authority's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate Interior Health Authority or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing Interior Health Authority's financial reporting process.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Interior Health Authority's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Interior Health Authority's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Interior Health Authority to cease to continue as a going concern.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

A handwritten signature in black ink that reads 'KPMG LLP'. The signature is written in a cursive, slightly slanted style. Below the signature is a horizontal line that starts under the 'K' and ends under the 'P', with a small upward tick at the end.

See accompanying notes to financial statements.

# INTERIOR HEALTH AUTHORITY

Notes to Financial Statements

(Tabular amounts expressed in thousands of dollars)

Year ended March 31, 2024

---

Interior Health Authority (the "Authority") was created under the *Health Authorities Act of British Columbia* on December 12, 2001 with a Board of Directors appointed by the Ministry of Health (the "Ministry") and is one of six Health Authorities in British Columbia ("BC"). The Authority is dependent on the Ministry to provide sufficient funds to continue operations, replace essential equipment, and complete its capital projects. The Authority is a registered charity under the *Income Tax Act*, and as such, is exempt from income and capital taxes.

The role of the Authority is to promote and provide for the physical, mental and social well-being of people who live in the Interior region and those referred from outside the region.

## 1. Significant accounting policies:

### (a) Basis of accounting:

The financial statements have been prepared in accordance with the financial reporting provisions of Section 23.1 of the *Budget Transparency and Accountability Act* of the Province of BC supplemented by Regulations 257/2010 and 198/2011 issued by the Province of BC Treasury Board, referred to as the financial reporting framework (the "framework").

The *Budget Transparency and Accountability Act* requires that the financial statements be prepared in accordance with the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada, or if the Treasury Board makes a regulation, the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada as modified by the alternate standard or guideline or part thereof adopted in the regulation.

Regulation 257/2010 requires all taxpayer-supported organizations in the Schools, Universities, Colleges and Hospitals sectors to adopt Canadian public sector accounting standards ("PSAS") issued by the Canadian Public Sector Accounting Board ("PSAB") without any elections available to government not-for-profit organizations.

Regulation 198/2011 requires that restricted contributions received or receivable are to be reported as revenue depending on the nature of the restrictions on the use of the funds by the contributors as follows:

- (i) Contributions for the purpose of acquiring or developing a depreciable tangible capital asset or contributions in the form of a depreciable tangible capital asset, in each case for use in providing services, are recorded and referred to as deferred capital contributions and recognized in revenue at the same rate of amortization used for the related tangible capital asset. The reduction of the deferred capital contributions and the recognition of the revenue are accounted for in the fiscal periods during which the tangible capital asset is used to provide services. If the depreciable tangible capital asset funded by a deferred contribution is written down, a proportionate share of the deferred capital contribution is recognized as revenue during the same period.
- (ii) Contributions externally restricted for specific purposes other than those for the acquisition or development of a depreciable tangible capital asset are recorded as deferred operating contributions and recognized in revenue in the year in which the stipulation or restriction on the contributions has been met by the Authority.

# INTERIOR HEALTH AUTHORITY

Notes to Financial Statements

(Tabular amounts expressed in thousands of dollars)

Year ended March 31, 2024

---

## 1. Significant accounting policies (continued):

### (a) Basis of accounting (continued):

For BC taxpayer supported organizations, these contributions include government transfers and externally restricted contributions.

The accounting policy requirements under Regulation 198/2011 are significantly different from the requirements of PSAS which requires that:

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met;
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified; and
- deferred contributions meet the definition of a liability.

As a result, revenue recognized in the statement of operations and certain related deferred capital contributions would be recorded differently under PSAS.

### (b) Basis of presentation:

The Authority has collaborative relationships with certain foundations and auxiliaries, which support the activities of the Authority and/or provide services under contracts. As the Authority does not control these organizations, the financial statements do not include the assets, liabilities and results of operations of these entities (see note 16(c)).

### (c) Cash and cash equivalents:

Cash and cash equivalents include cash on-hand, demand deposits and short-term highly liquid investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These investments generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

### (d) Accounts receivable:

Accounts receivable are recorded at amortized cost less an amount for an allowance for doubtful accounts. Valuation allowances are made to reflect accounts receivable at the lower of amortized cost and the net recoverable value when risk of loss exists. Changes in the valuation allowance are recognized in the statement of operations. Interest is accrued on loans receivable to the extent it is deemed collectable.

# INTERIOR HEALTH AUTHORITY

Notes to Financial Statements

(Tabular amounts expressed in thousands of dollars)

Year ended March 31, 2024

---

## 1. Significant accounting policies (continued):

### (e) Asset retirement obligations:

An asset retirement obligation is recognized when, as at the financial reporting date, all the following are met:

- There is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- The past transaction or event giving rise to the liability has occurred;
- It is expected that future economic benefits will be given up; and
- A reasonable estimate of the amount can be made.

Liabilities for closure of operational sites are recognized based on estimated future expenses. Additional liabilities for the removal of asbestos and underground fuel tanks have been recognized based on estimated future expenses. Under the modified retrospective method, the discount rate and assumptions used on initial recognition are those as of the date of adoption of the standard. Assumptions used in the subsequent calculations are revised yearly.

The liability is adjusted annually to reflect current market conditions in the estimated costs. The recognition of a liability resulted in an accompanying increase to the respective tangible capital assets which are being amortized along with the underlying assets following the depreciation accounting policies outlined in note 1(g).

### (f) Employee benefits:

#### (i) Defined benefit obligations, including multiple employer benefit plans:

Liabilities, net of plan assets, are recorded for employee retirement allowance benefits and multiple-employer defined long-term disability and health and welfare benefits plans as employees render services to earn the benefits.

The actuarial determination of the accrued benefit obligations uses the projected benefit method prorated on service which incorporates management's best estimate of future salary levels, other cost escalation, retirement ages of employees and other actuarial factors. Plan assets are measured at fair value.

The cumulative unrecognized actuarial gains and losses for retirement allowance benefits are amortized over the expected average remaining service period of active employees covered under the plan. The expected average remaining service period of the active covered employees entitled to retirement allowance benefit is 12 years (2023 – 12 years). Actuarial gains and losses from event-driven benefits such as long-term disability and health and welfare benefits that do not vest or accumulate are recognized immediately.

# INTERIOR HEALTH AUTHORITY

Notes to Financial Statements

(Tabular amounts expressed in thousands of dollars)

Year ended March 31, 2024

---

## 1. Significant accounting policies (continued):

### (f) Employee benefits (continued):

#### (i) Defined benefit obligations, including multiple employer benefit plans (continued):

The discount rate used to measure obligation is based on the Province of BC's cost of borrowing if there are no plan assets. The expected rate of return on plan assets is the discount rate used if there are plan assets. The cost of a plan amendment or the crediting of past service is accounted for entirely in the year that the plan change is implemented.

#### (ii) Defined contribution plans and multi-employer benefit plans:

Defined contribution plan accounting is applied to multi-employer defined benefit plans and, accordingly, contributions are expensed when due and payable.

#### (iii) Accumulating, non-vesting benefit plans:

Benefits that accrue to employees, which do not vest, such as sick leave banks for certain employee groups, are accrued as the employees render services to earn the benefits, based on estimates of the expected future settlements.

#### (iv) Non-accumulating, non-vesting benefit plans:

For benefits that do not vest or accumulate, a liability is recognized when an event that obligates the Authority to pay benefits occurs.

### (g) Non-financial assets:

#### (i) Tangible capital assets:

Tangible capital assets are recorded at cost, which includes amounts that are directly attributable to acquisition, construction, development, or betterment of the asset and overhead directly attributable to construction and development. Interest is capitalized over the development period whenever external debt is issued to finance the construction and development of tangible capital assets.

The cost, less residual value, of the tangible capital assets, excluding land, is amortized on a straight line basis over their estimated useful lives as follows:

---

Land improvements	5 - 25 years
Buildings	10 - 50 years
Equipment	3 - 20 years
Information systems	3 - 10 years
Leasehold improvements	2 - 15 years
Vehicles	4 years

---

# INTERIOR HEALTH AUTHORITY

Notes to Financial Statements

(Tabular amounts expressed in thousands of dollars)

Year ended March 31, 2024

---

## 1. Significant accounting policies (continued):

### (g) Non-financial assets (continued):

#### (i) Tangible capital assets (continued):

Assets under construction or development are not amortized until the asset is available for productive use.

Tangible capital assets are written down when conditions indicate that they no longer contribute to the Authority's ability to provide services, or when the value of future economic benefits associated with the tangible capital assets is less than their net book value. The write-downs of tangible capital assets are recorded in the statement of operations. Write-downs are not subsequently reversed.

Contributed tangible capital assets are recorded at their fair value on the date of contribution. Such fair value becomes the cost of the contributed asset. When fair value of a contributed asset cannot be reliably determined, the asset is recorded at nominal value.

#### (ii) Inventories held for use:

Inventories held for use are recorded at the lower of weighted average cost and replacement cost.

#### (iii) Prepaid expenses:

Prepaid expenses are recorded at cost and amortized over the period where the service benefits are received.

### (h) Revenue recognition:

Under the *Hospital Insurance Act* and *Regulation* thereto, the Authority is funded primarily by the Province of BC in accordance with budget management plans and performance agreements established and approved by the Ministry.

Revenues are recognized on an accrual basis in the period in which the transactions or events occurred that gave rise to the revenues, the amounts are considered to be collectible and can be reasonably estimated.

Revenue related to fees or services received in advance of the fee being earned or the service being performed are deferred and recognized when the fees are earned or services performed.

Unrestricted contributions are recognized as revenue when receivable if the amounts can be estimated and collection is reasonably assured.

Externally restricted contributions are recognized as revenue depending on the nature of the restrictions on the use of the funds by the contributors as described in note 1(a).

# INTERIOR HEALTH AUTHORITY

Notes to Financial Statements

(Tabular amounts expressed in thousands of dollars)

Year ended March 31, 2024

---

## 1. Significant accounting policies (continued):

### (h) Revenue recognition (continued):

Volunteers contribute a significant amount of their time each year to assist the Authority in carrying out its programs and services. Because of the difficulty of determining their fair value, contributed services are not recognized in these financial statements.

Contributions of assets, supplies and services that would otherwise have been purchased are recorded at fair value at the date of contribution, provided a fair value can be reasonably determined.

Contributions for the acquisition of land, or the contributions of land, are recorded as revenue in the period of acquisition or transfer of title.

### (i) Measurement uncertainty:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period.

Areas requiring the use of estimates include the valuation of accounts receivable, the estimated useful lives of tangible capital assets, timing, duration, and amounts required to settle asset retirement obligations, contingent liabilities, and the future costs to settle employee benefit obligations.

Estimates are based on the best information available at the time of preparation of the financial statements and are reviewed annually to reflect new information as it becomes available. Actual results could differ from the estimates.

### (j) Restricted assets:

Restricted assets are comprised of endowment contributions which are externally restricted in their use. Endowment contributions are recorded as revenue in the period of acquisition. Use of these funds is limited to the terms of reference.

### (k) Foreign currency translation:

The Authority's functional currency is the Canadian dollar. Foreign currency transactions are translated at the exchange rates prevailing at the date of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into Canadian dollars at the exchange rate prevailing at the financial statement date. Any gain or loss resulting from a change in rates between the transaction date and the settlement date or statement of financial position date is recognized in the statement of operations.

### (l) Financial instruments:

Financial instrument classification is determined upon inception and financial instruments are not reclassified into another measurement category for the duration of the period they are held.

# INTERIOR HEALTH AUTHORITY

Notes to Financial Statements

(Tabular amounts expressed in thousands of dollars)

Year ended March 31, 2024

---

## 1. Significant accounting policies (continued):

### (l) Financial instruments (continued):

Financial assets and financial liabilities, other than derivatives, equity instruments quoted in an active market and financial instruments designated at fair value, are measured at cost or amortized cost upon their inception and subsequent to initial recognition. Cash and cash equivalents are measured at cost. Accounts receivable are recorded at cost less any amount for an allowance for doubtful accounts. Portfolio investments, other than equity investments quoted in an active market, are measured at amortized cost less any write-downs associated with a loss in value that is other than a temporary decline. All debt and other financial liabilities are recorded using cost or amortized cost.

All financial assets recorded at amortized cost are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

Transaction costs for financial instruments measured using cost or amortized cost are added to the carrying value of the financial instrument. Transaction costs for financial instruments measured at fair value are expensed when incurred.

A financial liability or its part is derecognized when it is extinguished.

Management evaluates contractual obligations for the existence of embedded derivatives and elects to either designate the entire contract for fair value measurement or separately measure the value of the derivative component when characteristics of the derivative are not closely related to the economic characteristics and risks of the contract itself. Contracts to buy or sell non-financial items for the Authority's normal purchase, sale or usage requirements are not recognized as financial assets or financial liabilities.

### (m) Capitalization of public-private partnership projects:

Public-private partnership ("P3") projects are delivered by private sector partners selected to design, build, finance, and maintain the assets. The cost of the assets under construction are estimated at fair value, based on construction progress billings verified by an independent certifier, and also includes other costs incurred directly by the Authority.

The asset cost includes development and financing fees estimated at fair value, which require the extraction of cost information from the financial model embedded in the project agreement. Interest during construction is also included in the asset cost and is calculated on the P3 asset value, less contributions received and amounts repaid, during the construction term. The interest rate used is the project's internal rate of return.

# INTERIOR HEALTH AUTHORITY

Notes to Financial Statements

(Tabular amounts expressed in thousands of dollars)

Year ended March 31, 2024

---

## 1. Significant accounting policies (continued):

### (m) Capitalization of public-private partnership projects (continued):

When available for operations, the project assets are amortized over their estimated useful lives. Correspondingly, an obligation for the cost of capital and financing received to date, net of the contributions received is recorded as a liability and included in debt. Upon substantial completion, the private sector partner receives monthly payments to cover the partner's operating costs, financing costs and a return of their capital over the term of their project agreement.

### (n) Budget figures:

Budget figures have been provided for comparative purposes and have been derived from the Authority's Fiscal 2023/2024 Budget approved by the Board of Directors on June 20, 2023. The budget is reflected in the statement of operations and accumulated operating deficit and the statement of changes in net debt. Note 18 reconciles the approved budget to the budget information reported in these financial statements.

### (o) Adoption of new accounting standards:

- (i) On April 1, 2023, the Authority adopted Public Sector Accounting Standard PS 3400 – Revenue which addresses how to account for and report on revenue, differentiating between revenue arising from transactions that include performance obligations and transactions that do not have performance obligations. The Authority evaluated its revenue recognition processes described in note 1(h) and disclosures (notes 14(a), 14(b), and 14(c)) against the new standard and determined that no changes to either revenue recognition or disclosures were required.
- (ii) On April 1, 2023, the Authority adopted Public Sector Accounting Standard PS 3160 – Public Private Partnerships which addresses how to account for public private partnership arrangements. The Authority evaluated its accounting and disclosures (notes 1(m), 6, 10, 13(e)) against the new standard and determined that no changes to either accounting practices or disclosures were required.

## 7. Employee benefits:

### (a) Retirement allowance:

Certain employees with ten or twenty years of service and having reached a certain age are entitled to receive special payments upon retirement or as specified by collective or employee agreements. These payments are based upon accumulated sick leave credits and entitlements for each year of service.

The Authority's liabilities are based on an actuarial valuation as at the early measurement date of December 31, 2023 and extrapolated to March 31, 2024 from which the service cost and interest cost components of expense for the fiscal year ended March 31, 2024 are derived.

Information about retirement allowance benefits is as follows:

	2024	2023
Accrued benefit obligation:		
Severance benefits	\$ 82,795	\$ 78,934
Sick leave benefits	54,455	51,539
	137,250	130,473
Unamortized actuarial gain	(7,901)	(8,223)
Accrued benefit liability	\$ 129,349	\$ 122,250

The accrued benefit liability for retirement allowance reported on the statement of financial position is as follows:

	2024	2023
Accrued benefit liability, beginning of year	\$ 122,250	\$ 118,400
Net benefit expense:		
Current service cost	10,123	10,032
Interest expense	4,789	4,056
Amortization of actuarial gain	(33)	(523)
Net benefit expense	14,879	13,565
Benefits paid	(7,780)	(9,715)
Accrued benefit liability, end of year	\$ 129,349	\$ 122,250

## 7. Employee benefits (continued):

### (a) Retirement allowance (continued):

The significant actuarial assumptions adopted in measuring the Authority's accrued retirement benefit obligation are as follows:

	2024	2023
Accrued benefit obligation as at March 31:		
Discount rate	3.49%	3.55%
Rate of compensation increase (2023)	7.00%	7.00%
Rate of compensation increase (2024)	3.00%	3.00%
Rate of compensation increase thereafter	2.50%	2.50%
Benefit costs for years ended March 31:		
Discount rate	3.55%	3.16%
Rate of compensation increase (2023)	7.00%	7.00%
Rate of compensation increase (2024)	3.00%	3.00%
Rate of compensation increase thereafter	2.50%	2.50%
Expected future inflationary increases	2.00%	2.00%

### (b) Healthcare Benefit Trust benefits:

The Healthcare Benefit Trust (the "Trust") administers long-term disability, group life insurance, accidental death and dismemberment, extended health and dental claims for certain employee groups of the Authority and other provincially-funded organizations.

The Authority and all other participating employers are jointly responsible for the liabilities of the Trust should any participating employers be unable to meet their obligation to contribute to the Trust.

#### (i) Long-term disability and employee life and health benefits:

The Trust is a multiple employer plan, with the Authority's assets and liabilities being segregated with respect to all benefits. Accordingly, the Authority's net trust assets are reflected in these financial statements.

The Authority's net asset as of March 31, 2024, is based on the actuarial valuation at December 31, 2023, extrapolated to March 31, 2024. The next expected valuation is as of December 31, 2024.

## 7. Employee benefits (continued):

### (c) Employee pension benefits:

The Authority and its employees contribute to the Municipal Pension Plan and the Public Service Pension Plan, multi-employer defined benefit pension plans governed by the *BC Public Sector Pension Plans Act*.

Employer contributions to the Municipal Pension Plan of \$125.8 million (2023 - \$102.8 million) were expensed during the year. Every three years an actuarial valuation is performed to assess the financial position of the plan and the adequacy of plan funding. The most recent actuarial valuation for the plan at December 31, 2021 indicated a surplus of approximately \$3,761 million. The actuary does not attribute portions of the surplus to individual employers. The plan covers approximately 240,000 active members, of which approximately 22,877 are employees of the Authority (2023 – 21,585). The next expected actuarial valuation will be as of December 31, 2024.

Employer contributions to the Public Service Pension Plan of \$0.5 million (2023 - \$0.6 million) were expensed during the year. Every three years an actuarial valuation is performed to assess the financial position of the plan and the adequacy of plan funding. The most recent actuarial valuation for the plan at March 31, 2023 indicated a surplus of approximately \$4,491 million. The actuary does not attribute portions of the surplus to individual employers. The plan covers approximately 71,000 active members, of which approximately 64 are employees of the Authority (2023 – 66). The next expected actuarial valuation will be as of March 31, 2026.

## 8. Deferred capital contributions:

Deferred capital contributions represent externally restricted contributions and other funding received for the purchase of tangible capital assets.

	2024	2023
Deferred capital contributions, beginning of year	\$ 1,457,130	\$ 1,392,382
Capital contributions received:		
Ministry of Health	110,581	100,188
Regional hospital districts	68,468	39,830
Foundations and auxiliaries	22,874	19,210
Health authorities and BC government reporting entities	225	29
Other	4,666	6,084
	206,814	165,341
Amortization of deferred capital contributions	(104,970)	(100,593)
Deferred capital contributions, end of year	\$ 1,558,974	\$ 1,457,130

Capital contributions received included transfers from deferred operating contributions (note 5) of \$0.18 million (2023 - \$6.75 million).

Deferred capital contributions are comprised of the following:

	2024	2023
Contributions used to purchase tangible capital assets	\$ 1,390,844	\$ 1,279,842
Unspent contributions	168,130	177,288
	\$ 1,558,974	\$ 1,457,130

## 9. Asset retirement obligations:

The Authority owns and operates facilities that are known to have asbestos, which represents a health hazard upon demolition of the building and there is a legal obligation to remove it. The Authority also owns underground fuel storage tanks and the removal of fuel storage tanks is regulated to reduce the risk of release of petroleum products.

The Authority has recognized an obligation relating to the removal and disposal of the asbestos and for the cost of safe disposal of underground fuel tanks. The transition and recognition of asset retirement obligations involved an accompanying increase to the buildings capital assets.

Changes to the asset retirement obligation in the year are as follows:

		2024	2023
Asset retirement obligations, beginning of year	\$	51,443	\$ 50,776
Increase in asset retirement obligations		9,767	-
Accretion		496	667
Asset retirement obligations, end of the year	\$	61,706	\$ 51,443

(Tabular amounts expressed in thousands of dollars)

Year ended March 31, 2024

## 13. Commitments and contingencies (continued):

### (e) Public-private partnerships commitments:

The Authority has entered into multiple-year P3 contracts to design, build, finance, and maintain the Kelowna and Vernon Hospitals' project, the Interior Heart and Surgical Centre project, the Penticton Regional Hospital Tower project, and the Royal Inland Hospital Tower project. The information presented below shows the anticipated cash outflow for future obligations under these contracts for the capital cost and financing of the asset, the facility maintenance ("FM") and the lifecycle costs. As construction progresses the asset values are recorded as tangible capital assets and the corresponding liabilities are recorded as debt and disclosed in note 6. Facilities maintenance and life cycle payments to the private partner are contingent on specified performance criteria and include an estimation of inflation where applicable.

	Capital and financing	FM and lifecycle	Total payments
2025	\$ 38,378	\$ 35,250	\$ 73,628
2026	37,855	36,765	74,620

	<u>\$ 828,282</u>	<u>\$ 1,116,059</u>	<u>\$ 1,944,341</u>

### (f) Litigation and claims:

Risk management and insurance services for all health authorities in BC are provided by the Risk Management and Government Security Branch of the Ministry of Finance.

The nature of the Authority's activities is such that there is litigation pending or in progress at any time. With respect to unsettled claims at March 31, 2024, management is of the opinion that the Authority has valid defenses and appropriate insurance coverage in place, or if there is unfunded risk, such claims are not expected to have material effect on the Authority's financial position. Outstanding contingencies are reviewed on an ongoing basis and are provided for based on management's best estimate of the ultimate settlement.

Inventories held for use	804	(50)
Prepaid expenses	187	1,372
	\$ 158,536	\$ (164,583)

(b) Acquisition of tangible capital assets:

Assets purchased or acquired through debt or other non-cash transactions are excluded from purchase of tangible capital assets on the statement of cash flows.

	2024	2023
Acquisition of tangible capital assets (note 10)	\$ 229,787	\$ 135,423
Increase in asset retirement obligations	(9,767)	
Construction financed with debt	(349)	(1,304)
	\$ 219,671	\$ 134,119

## 16. Related parties and other agencies:

The following are types of related parties. Disclosure of values for related party transactions is only required if the values are different from that which would have been arrived at if the parties were unrelated.

(a) BC Government reporting entities:

The Authority is related through common control to all Province of BC ministries, agencies, Crown corporations, school districts, health authorities, hospital societies, universities and colleges that are included in the provincial government reporting entity.

The Authority contracts certain services to Provincial Health Services Authority (PHSA), including accounts payable, tech services and supply chain. The expense recorded for contracted services with PHSA in 2024 was \$15.6 million (2023 - \$14.6 million).

---

## 16. Related parties and other agencies (continued):

### (a) BC Government reporting entities (continued):

The Authority contracts clinical and other services from government reporting entities (GRE's) including cancer programs, renal services, and other programs. The revenue recorded for the recoveries from GRE's in 2024 was \$16.8 million (2023 - \$15.2 million). As at March 31, the Authority has accounts receivable of \$39.1 million (2023 - \$25.1 million) and accounts payable of \$18.3 million (2023 - \$17.5 million) to other GRE's for these services.

Transactions with these entities, unless disclosed otherwise, are considered to be in the normal course of operations and are recorded at the exchange amount, which is the amount of consideration established and agreed to by the related parties. Other transactions have been recorded at fair value and are not disclosed.

### (b) Key management personnel:

The Authority has deemed the Board of Directors and Senior Executive Team and their close family members or entities controlled by them to be related parties. A declaration is completed by key management personnel annually to confirm whether there are any related party transactions between themselves, their close family members, or entities under their control and the Authority. No transactions were reported that required disclosure.

### (c) Foundations and auxiliaries:

There are 78 separate health care foundations and auxiliaries, which were established to raise funds for their respective hospitals and/or community health services organizations within the Authority area. The foundations and auxiliaries are separate legal entities incorporated under the *Societies Act of British Columbia* with separate governance structures. The foundations and some of the auxiliaries are registered charities under the provisions of the *Income Tax Act* of Canada. The financial and non-financial assets and liabilities and results from operations of the foundations and auxiliaries are not included in the financial statements of the Authority. During the year, the foundations and auxiliaries granted \$25.2 million (2023 - \$20.7 million) to various facilities within the Authority.

## 17. Risk management:

The Authority is exposed to credit risk, liquidity risk and foreign exchange risk from its financial instruments. Qualitative and quantitative analysis of the significant risks from the Authority's financial instruments is provided below by type of risk.

### (a) Credit risk

Credit risk primarily arises from the Authority's cash and cash equivalents and accounts receivable. The risk exposure is limited to their varying amounts at the date of the statement of financial position. The Authority manages credit risk by holding balances of cash and cash equivalents with reputable top rated financial institutions.

Accounts receivable primarily consist of amounts receivable from the Ministry, other health authorities and BC government reporting entities, patients, clients and agencies, foundations and auxiliaries, grantors etc. To reduce the risk, the Authority periodically reviews the collectability of its accounts receivable and establishes an allowance based on its best estimate of potentially uncollectible amounts. As at March 31, 2024, the amount of allowance for doubtful accounts was \$25.1 million (2023 - \$19.3 million).

The Authority is not exposed to significant credit risk with respect to the amounts receivable from the Ministry, other health authorities and BC government reporting entities.

### (b) Liquidity risk

Liquidity risk is the risk that the Authority will not be able to meet its financial obligations as they become due. It is the Authority's intention to meet its financial obligations through the collection of current accounts receivable, cash on hand and future funding from the Ministry.

## 17. Risk management (continued):

### (b) Liquidity risk (continued):

The Authority's principal source of funding is from the Ministry. The Authority is not subject to debt covenants or any other capital requirements with respect to operating funding. Funding received for designated purposes must be used for the purpose outlined in the funding letter or grant documentation. The Authority has complied with the external restrictions on the funding provided.

The tables below show when various financial assets and liabilities mature:

2024 Financial assets	Up to 1 year	1 to 5 years	Over 5 years	Total
Cash and cash equivalents	\$ 357,579	\$ -	\$ -	\$ 357,579
Accounts receivable	250,972	-	-	250,972
<b>Total financial assets</b>	<b>\$ 608,551</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 608,551</b>

2024 Financial liabilities	Up to 1 year	1 to 5 years	Over 5 years	Total
Accounts payable and accrued liabilities	\$ 438,937	\$ 325	\$ -	\$ 439,262
Debt	12,303	54,849	395,444	462,596
<b>Total financial liabilities</b>	<b>\$ 451,240</b>	<b>\$ 55,174</b>	<b>\$ 395,444</b>	<b>\$ 901,858</b>

2023 Financial assets	Up to 1 year	1 to 5 years	Over 5 years	Total
Cash and cash equivalents	\$ 226,545	\$ -	\$ -	\$ 226,545
Accounts receivable	397,392	-	-	397,392
<b>Total financial assets</b>	<b>\$ 623,937</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 623,937</b>

2023 Financial liabilities	Up to 1 year	1 to 5 years	Over 5 years	Total
Accounts payable and accrued liabilities	\$ 427,261	\$ 470	\$ -	\$ 427,731
Debt	11,582	51,644	410,603	473,829
<b>Total financial liabilities</b>	<b>\$ 438,843</b>	<b>\$ 52,114</b>	<b>\$ 410,603</b>	<b>\$ 901,560</b>

Debt pertaining to P3 projects is funded through the ongoing annual operating grants received from the Ministry.

## 17. Risk management (continued):

### (c) Foreign exchange risk

The Authority's operating results and financial position are reported in Canadian dollars. As the Authority operates in an international environment, some of the Authority's financial instruments and transactions are denominated in currencies other than Canadian dollar. The results of the Authority's operations are subject to currency transaction and translation risks.

The Authority makes payments denominated in USA dollars, Great Britain pounds and other currencies. Currencies most contributing to the foreign exchange risk is the US dollar.

Comparative foreign exchange rates as at March 31 are as follows:

	2024	2023
US dollar per Canadian dollar	\$ 0.737	\$ 0.739

---

The Authority has not entered into any agreements or purchased any foreign currency hedging arrangements to hedge possible currency risks, as management believes that the foreign exchange risk derived from currency conversions is not significant. The foreign currency financial instruments are short-term in nature and do not give rise to significant foreign currency risk.
