

**British Columbia Aboriginal Skills Training Programs Inventory
(Includes Provincial, Federal, Industry and Union Programs)
March, 2017**

The Aboriginal Skills Training Programs Inventory was developed in response to a request from Aboriginal communities in British Columbia (BC). The inventory is also a key deliverable under the *BC Skills for Jobs Blueprint*.

The inventory is intended to be used as a guide to provide information about available Aboriginal specific skills training programs, general skills training programs and relevant policies and strategies. The programs highlighted in the inventory are delivered by the provincial and federal government as well as some industry organizations and unions.

The inventory does not represent an exhaustive list and is based on available information as of March 2017. The inventory will be updated periodically as additional information becomes available and/or if there are changes to existing programs. Please visit the web links included below to access the most up-to-date information on programs and services.

Ministry of Education Aboriginal Specific Programs

Aboriginal Report: How Are We Doing?

An annual report published by the Ministry that provides information about Aboriginal student performance in BC public schools. The data includes demographic and assessment outcomes at the provincial and school district levels.

<http://www.bced.gov.bc.ca/abed/performance.htm>

Aboriginal Education Enhancement Agreement (EA)

A working agreement between a school district and the local Aboriginal community to enhance the educational achievement of Aboriginal students. Establishes a collaborative partnership that involves shared decision-making and specific goal setting. EAs highlight the importance of Aboriginal culture, history, and language.

<http://www.bced.gov.bc.ca/abed/agreements/>

Aboriginal Language Learning

Aboriginal peoples and communities in BC clearly state that Aboriginal language is a priority in the education of Aboriginal students. The Ministry supports partnerships between school districts and communities in the development of curriculum documents for First Nations languages. In addition, the Ministry is engaged in a number of initiatives with language experts to support the revitalization and preservation of First Nations languages.

Aboriginal Education - K-12 Funding

Enhanced funding (a policy and funding system) for school-age students of Aboriginal ancestry. Requires the collaboration of boards of education and Aboriginal communities to develop and deliver programs and services to support academic achievement as well as Aboriginal culture, history, and language. Funding is targeted according to the current year's operating grant manual; for example, for 2015/16, B.C. invested \$66.2 million—an additional \$1,195 per student who self-identified Aboriginal ancestry.

<http://www2.gov.bc.ca/gov/topic.page?id=A68C7DDDA92544E5BC671C58EAA1534E>

First Peoples Principles of Learning

The First Peoples Principles of Learning are affirmed within First Peoples communities and are being reflected in the development of all K-12 curriculum and assessment.

https://www.bced.gov.bc.ca/abed/principles_of_learning.pdf

Aboriginal Education Resources

There are a variety of resources available for both educators and others who work with or are in the process of developing resources.

<https://www.bced.gov.bc.ca/abed/documents.htm#fppol>

Ministry of Education Career & Skills Programs and Resources

ACE IT (Accelerated Credit Enrolment to Industry Training) Renamed as of September 2017: Youth Train in Trades (TRN)

ACE IT is an ITA youth initiative that supports the first levels of training leading to apprenticeship and Red Seal certification. ACE IT training is most commonly delivered by college instructors at college locations, although it can occur at secondary schools. ACE IT courses are dual-credit, earning both graduation and college credit for learners.

https://www.bced.gov.bc.ca/careers/apprenticeship_trades.htm

http://www.bced.gov.bc.ca/irp/workplace_program_guides.php

Secondary School Apprenticeship (SSA) Renamed as of September 2017: Youth Work in Trades (WRK)

SSA is an ITA youth initiative that provides employment for first-level apprentices who are still in high school. Students in SSA earn graduation credit and hours towards their apprenticeship qualifications. SSA opportunities require employers to be prepared to hire Level 1 apprentices.

https://www.bced.gov.bc.ca/careers/apprenticeship_trades.htm

http://www.bced.gov.bc.ca/irp/workplace_program_guides.php

Work Experience (WEX)

Students can earn up to 8 credits towards secondary school graduation through work experience, which is intended to help prepare students for the transition from secondary school to post-graduation training or employment.

https://www.bced.gov.bc.ca/careers/apprenticeship_trades.htm

http://www.bced.gov.bc.ca/irp/workplace_program_guides.php

Skills Exploration 10-12 (STX) Renamed as of September 2017: Youth Explore Skills (STX)

Skills Exploration is intended to provide an opportunity for students to explore a number of skills, expanding their hands-on experience within carpentry, plumbing, electrical, automotive, design & drafting, metalwork, electronics & robotics, or locally developed modules.

<http://www.mytrainingbc.ca/skills-exploration/index.html>

Career & Skills Toolkit

The purpose of the Career and Skills Training Toolkit is to provide district-level superintendents, directors of instruction, and career coordinators the support and resources they need to implement effective career and skills training programs.

<http://www2.gov.bc.ca/gov/content/education-training/administration/kindergarten-to-grade-12/career-and-skills-training/toolkit>

Career Zones

A Career Zone is a group of courses, certifications and work opportunities that BC high schools can develop to help students in Grades 11 and 12 get ready to pursue a career within a particular industry, while still meeting provincial requirements for graduation.

Six Career Zones are developed and available: Construction, Energy, Health, Information & Communication Technology, Mining, and Tourism & Hospitality. New Career Zones are in development: Arts & Entertainment and Marine.

<http://www2.gov.bc.ca/gov/content/education-training/administration/kindergarten-to-grade-12/career-and-skills-training/toolkit/create-a-strategy/career-exploration/career-zones>

Ministry of Education Policies and Strategies Impacting Aboriginal People

The Framework for Enhancing Student Learning

Over the last two years, the BC Ministry of Education has been working with provincial education partners to develop an improved accountability framework for BC public schools. *BC's Framework for Enhancing Student Learning* reflects a public commitment by education partners to work together to continuously improve student learning for each student, and to address long-standing differences in performance amongst particular groups of students, most notably Aboriginal students, children in care, and students with special needs. Through this Framework, the Province and education partners are broadening the focus of the previous accountability framework to better reflect the whole learner and to enhance students' intellectual, human and social, and career development and related skills.

The Framework consists of five elements.

1. **A system-wide focus on intellectual, human and social, and career development.** School district and school plans are to be developed with careful consideration of these goals and the local context.
2. **Meaningful and effective planning for continuous improvement.** Under this Framework, school districts and schools will be expected to develop multi-year district and school plans for enhancing student learning. Plans will be expected to reflect local efforts to support each student and specific groups of students, including Aboriginal students, children in care, and students with special needs.
3. **Effective communication of evidence, reported at least annually, by districts and the province.** The province and districts will report at least annually on overall results, as well as results for Aboriginal students, children in care, and students with special needs. Evidence should be meaningful and inform the districts and school's plan and priorities for enhancing student learning.
4. **System-wide capacity building through team-based supports focussed on continuous improvement.** The Ministry of Education and its education partners will work together to utilize existing structures (e.g., partner chapters, non-instructional days) and build new team-based supports to act on provincial and local priorities for enhancing student learning (e.g., a provincial team to support Aboriginal learners).
5. **Linkages with existing local agreements** (e.g., Aboriginal Education Enhancement Agreements) to ensure consistent and meaningful support of

Aboriginal students.

School districts and schools will begin to develop plans under this new Framework starting with the 2016/17 school year.

Tripartite Education Framework Agreement

In 2012, BC, Canada, and First Nations, as represented by the First Nations Education Steering Committee (FNESC), signed the Tripartite Education Framework Agreement (TEFA), a government-to-government style agreement to continue to make progress on education matters affecting Aboriginal communities. Under TEFA, BC's commitments include the following: consulting FNESC on any changes to K-12 education legislation, policy, standards and funding; sharing expertise, learning resources, and bulk purchasing opportunities; and, extending access for students studying on reserve and in First Nations schools to write provincial exams and receive Dogwood diplomas. The Ministry of Education co-developed and entered into a BC-FNESC relationship protocol, signed June 2015, to help implement TEFA, and to ensure a high level of collaboration on an ongoing basis.

Anti-racism Research

In response to recommendations from the Office of the Auditor General, the Ministry of Education, in collaboration with the First Nations Education Steering Committee, arranged for research and a report on racism specific to Aboriginal people in public schools. That report is now being used to guide Ministry policies and strategies.

Learning and Equity Scan

The Ministry is currently researching and developing, in collaboration with school districts and other education partners, a Learning and Equity Scanning tool in school districts to ensure they have the foundations to increase Aboriginal student success, meet the obligations of the Office of the Auditor General, and respond appropriately to the Truth and Reconciliation Commission's calls to action. This is a two-year project that started summer 2016.

Adult Graduation Program

In the K-12 public school system, adults who have not graduated may take tuition-free secondary school courses leading to graduation. Adults may graduate with an "Adult Dogwood" diploma or the regular Dogwood diploma, depending upon their selected program.

https://www.bced.gov.bc.ca/careers/apprenticeship_trades.htm

Memorandum of Understanding on Aboriginal Education

Signed in 1999, this memorandum of understanding states the partners' (e.g. Chiefs Action Committee, Ministry of Education, Indian and Northern Affairs Canada, and BC Teachers' Federation) intention of working together to improve school success for Aboriginal students.

<http://www.bced.gov.bc.ca/abed/agreements/>

Effective School District Practices

Within the current Ministry of Education policy and funding framework, a number of school districts (SDs) have led, or participated in, partnerships with

post-secondary institutes and industry to create effective skills programs for school-aged youth, including Aboriginal young people. Examples include Northern Opportunities (SDs 59, 60, & 81; Northern Lights College, Aboriginal communities, and industry), the South Island Partnership Program (SDs 61, 62, 63, 64, 79 and Camosun College); and, SD47 (Powell River) and Vancouver Island University.

Superintendent of Careers and Student Transitions

The superintendent supports school districts in developing strategies and partnerships to enhance skills training opportunities for K-12 learners.

Superintendent of Graduation and Student Transitions

The superintendent works at the Ministry of Education and the Ministry of Advanced Education for purposes of acting as a liaison between the ministries in support of improving transitions for students.

Provincial Programs

Ministry of Advanced Education Aboriginal Specific Programs

BC Aboriginal Student Awards:

Irving K Barber BC Scholarship Society <http://www.ikbbc.ca/web/aboriginal>

Aboriginal Apprenticeship/Certificate/Diploma Student Award: \$1,000 per year for the duration of the program in which the recipient is enrolled (maximum of 2 years). Applicants enrolled in Associate's Degree programs should also apply in this category. The Award is specifically designed to encourage and facilitate Aboriginal learners to access post-secondary education and training

Undergraduate Student Award: \$3,500 first-time recipients. Past recipients are eligible to apply for subsequent \$1,000 awards, up to a maximum of 3 additional years. For Aboriginal people enrolled in year one or two of a post-secondary program that is a minimum of nine weeks in length. Its purpose is to support Aboriginal people in securing post-secondary education by reducing financial barriers.

Master's and Doctoral Student Awards: \$5,000 per year and renewable annually for the duration of the program in which the recipient is enrolled. They are designed to help Aboriginal learners to access graduate education.

Aboriginal Teacher Education Award: \$5,000 annually for the standard length of the program (up to 4 years).

Aboriginal Financial Assistance - Bursaries

<http://aboriginallearning.ca/scholarshipsbursaries/>

See the Financial Advisors at your institution for a list of bursaries and scholarships you can apply for.

Gathering Places

Thirty Aboriginal Gathering Places have been established at BC's public post-secondary institutions. They are culturally welcoming places for Aboriginal learners and communities that reflect the culture and traditions of Aboriginal students. Gathering places are used in different ways in different institutions. Examples include meditation, socialising, studying, celebrating, and holding ceremonies.

BC Aboriginal Post-Secondary Coordinators

Aboriginal post-secondary coordinators provide support services to Aboriginal students and are responsible for establishing systemic change, Aboriginal program and service development and/or management within BC's 25 publicly funded post-secondary institutions.

Aboriginal Community-Based Training Partnerships

<http://www2.gov.bc.ca/gov/content/education-training/post-secondary-education/aboriginal-education-training/call-for-proposals> Aboriginal Community-Based Training Partnerships (ACBTP) support partnerships between Aboriginal communities and public post-secondary institutions to provide Aboriginal peoples with post-secondary education and training in their communities. ACBTP is one of the six core services in the Employment Services and Supports Program (ESS Program). A Call for Proposals for ACBTP was released on *BCBid* (www.bcbid.gov.bc.ca) and the [Advanced Education](#) website on January 24, 2017 and closes on May 24, 2017. Funding is provided through the *Canada-British Columbia Job Fund Agreement* and the BC Ministry of Advanced Education, and is for proposals up to two years in duration (January 2018 to February 2020). Subject to funding availability, NAC partners to fund participant supports for individuals who ordinarily reside on reserve and are receiving income assistance.

Ministry of Advanced Education General Programs

25 Public post-secondary institutions

<http://www2.gov.bc.ca/gov/content/education-training/post-secondary-education>

[https://www.tradetrainingbc.ca/Trades/Construction-Trades/Carpenter/Apprenticeship-Schedules#Region=Vancouver Island](https://www.tradetrainingbc.ca/Trades/Construction-Trades/Carpenter/Apprenticeship-Schedules#Region=Vancouver%20Island)

<http://www.itabc.ca/aboriginal-people-trades/overview>

BC has a total of 25 public post-secondary institutions comprised of three main types of institutions. These are described below.

Colleges exist in every region of BC. They offer programs in trades/apprenticeship, vocational, career, technical, and academic studies (often called university transfer). They also offer developmental programs that prepare adult learners for post-secondary studies. Colleges offer a range of credentials, including certificates, diplomas, associate degrees, and applied undergraduate degrees (called Bachelor degrees). The 11 public colleges are:

- Camosun College
- College of New Caledonia

- College of the Rockies
- Douglas College
- Langara College
- North Island College
- Northern Lights College
- Northwest Community College
- Okanagan College
- Selkirk College
- Vancouver Community College

Universities offer a wide array of undergraduate and graduate degrees. Some universities offer programs in developmental education, trades-vocational, career-technical, and academic studies for transfer in addition to degree programs from the associate through the master's level. Some focus more on baccalaureate and graduate degree programs to the doctoral level. Emily Carr University of Art and Design offers specialized programs in keeping with its provincial mandate. Also in keeping with their specific individual mandates, universities may undertake original research, applied research, and/or scholarly activity in a range of program and content areas. The public universities are:

- Capilano University
- Emily Carr University of Art and Design
- Kwantlen Polytechnic University
- Royal Roads University
- Simon Fraser University
- Thompson Rivers University
- University of British Columbia
- University of the Fraser Valley
- University of Northern British Columbia
- University of Victoria
- Vancouver Island University

Institutes offer specialized programs and have a provincial mandate. Each of the three provincial institutes is unique in terms of the programs it offers, with one focusing on trades and technology, one on public safety, and the other on Aboriginal education. Institutes offer a range of credentials, including certificates, diplomas, associate degrees, and applied bachelor degrees. Some offer applied Masters degrees. The three provincial institutes are:

- British Columbia Institute of Technology
- Justice Institute of British Columbia
- Nicola Valley Institute of Technology

Adult Education

<https://studentaidbc.ca/explore/grants-scholarships>

Special grants are available for adults at public post-secondary institutions in B.C. taking either Adult Basic Education (ABE) (academic upgrading or pre-vocational programs) or Adult Special Education.

For example, to support students with financial need, the Ministry of Advanced Education provides the Adult Upgrading Grant (AUG). AUG is available to low-income ABE and ASE students at public post-secondary institutions. The grant does not need to be repaid and covers tuition, books and materials and transportation costs. The current income thresholds for the AUG are consistent with provincial and federal student loan programs.

For more information, contact the financial aid office at any public post-secondary school in B.C., or go to the StudentAid BC website, where you’ll also find a funding application.

Community Adult Literacy Program (CALP)

<http://www2.gov.bc.ca/gov/content/education-training/adult-education/adult-upgrading> An integral component of B.C.'s adult literacy strategy is support for community-based programs across the province. For over 20 years non-profit literacy organizations, in partnership with post-secondary education institutions, have been supported by the province to provide community adult literacy programs to adults wishing to improve their literacy and numeracy skills. The program is tailored to suit the needs of young parents, Aboriginal learners and other adults in the community, and is delivered by trained volunteers offering one-to-one tutoring or small-group classes.

The CALP objectives are:

- To increase the level of literacy and numeracy proficiencies among adults – 19 years and older – in order to meet the increasing demands of our knowledge-based economy.
- To meet the varying needs of adult learners, including Aboriginal Peoples, immigrants and persons with disabilities.
- To increase literacy awareness among British Columbians.

General Programs**

Employment Program of BC

www.WorkBCCentres.ca

Eligibility: any British Columbian.

The Employment Program of BC offers single door access to a full suite of services including:

- Self-serve services designed to enable all job seekers to access services as independently as possible
- Client case management, including assessing needs, determining employment objectives, developing and implementing action plans, and providing employment supports and services
- Job coaching and shadowing activities
- Administration of financial supports such as tuition, living supports, purchase of assistive devices, equipment and technology, etc.
- Activities to assist clients to undertake an independent job search and effectively prepare for, find, obtain and maintain employment
- Unpaid work experience
- Paid work experience through wage subsidies with employers

Training services, including support to access short-term industry and occupational certificate training; training to develop essential skills for employment; and, training that enables clients to develop specific occupational skills needed in the labour market.

Self-employment services, including supporting clients with: business plan development; entrepreneurial workshops; coaching and mentoring; and business launch and implementation.

Single parent receiving income or disability assistance may also be eligible for the following supports through the Single Parent Employment Initiative:

- Up to 12 months of funded training for in-demand jobs or a paid work experience placement;
- Child care costs covered while participating in the program and throughout the first year of employment;
- Transit costs to and from school; and
- If you are a single parent assessed as needing training in order to gain employment in one of today's in-demand occupations, you will be able to continue receiving income assistance for up to 12 months while participating in approved training.

Another component of the EPBC is the Community and Employer Partnerships. This is a fund to increase employment opportunities for unemployed British Columbians through the use of agency and business partnerships, shared information and technology, and innovative processes and practices. Businesses, Non-profit organizations, Crown corporations, and Municipalities can apply.

Funding streams include:

- Job Creation Partnerships
- Labour Market Partnerships
- Research and Innovation
- Project Based Labour Market Training

More information is available at www.WorkBC.ca/CEP

Provincial Programs

Ministry of Jobs, Tourism, Skills Training and Labour Aboriginal Specific Programs

Aboriginal People in Trades

The Industry Training Authority (ITA) coordinates programs to support Aboriginal people who want to enter and succeed in skilled trades. Programs offer a range of pre-apprenticeship trades training, including: trades exploration/bridging, Foundation technical training, essential skills, job search and employment supports. <http://www.itabc.ca/aboriginal-people-trades/overview>

Aboriginal Business and Entrepreneurship Skills Training Program (ABEST)

Entrepreneurial skills training for eligible Aboriginal persons, with a focus on youth and persons with disabilities. <http://aboriginalbest.com/>

Ministry of Jobs, Tourism, Skills Training and Labour General Programs

Industry Training Authority (ITA)

The ITA deploys training investments to optimize British Columbia's skilled trades labour force and ensures alignment with the current and projected needs of our growing economy. To realize this objective, the ITA draws on labour market information, makes evidence-based decisions and works closely with

industry (employers, industry leaders and labour), government and the training community. <http://www.itabc.ca/>

Canada BC Job Grant

The Canada-BC Job Grant (CJG) is an employer-driven, cost-sharing program that helps employers invest in training for their current or future employees. The CJG assists eligible employers to offset the cost of training up to a maximum of \$10,000 per participant per FY and up to a maximum of \$15,000 per participant per FY for the Unemployed Stream. The employer contributes at least one-third to the cost of training, with the exception of the Unemployed stream. The employer of all streams must have a job for the participant at the end of training. Eligible organizations include not-for profits, businesses, Aboriginal groups, training or educational institutions. <https://www.workbc.ca/Employer-Resources/Canada-BC-Job-Grant.aspx>

WorkBC

WorkBC is designed to help British Columbians successfully navigate B.C.'s labour market. The site allows users to search a comprehensive job board and use up-to-date labour market information to help inform education and career choices. <https://www.workbc.ca/> The site includes a resource page for Aboriginal peoples including a B.C Care Guide for Aboriginal People: <https://www.workbc.ca/Resources-for/Aboriginal-People.aspx>

Apprentice Job Match

In Partnership with the ITA, the Apprentice Job Match service provides a way to connect apprentices and employers online. Jobseekers can identify themselves as an apprentice, and search to find apprentice jobs and receive job alerts. Employers can add apprentice training and experience information into their job posting to support them in finding qualified apprentices. <https://www.workbc.ca/Training-Education/Trades-Training/Trade-Training-Programs-1.aspx>

My Blueprint Builder

Online hub to access B.C. career tools and resources including help with choosing a career, identifying education options and available funding and provides users assistance in finding a job. <https://www.workbc.ca/BlueprintBuilder/>

Labour Market Partnerships Program (LMPP)

The Labour Market Partnerships Program (LMPP) provides funding to industry sector partnerships to help them identify and plan for their skill and workforce needs. It is a strategic planning tool to help ensure employers and industries have the human resources necessary to support a strong economy. Many LMPs include a focus on Aboriginal peoples for recruitment (shipbuilding, mining, solid wood, pulp & paper, coastal forestry, north-west partnership and parks and public works). <https://www.workbc.ca/Employers/Find-the-right-talents/Human-Resources/Sector-Labour-Market-Partnerships-Program.aspx>
For a list of active projects go to <https://www.workbc.ca/getmedia/6dcef3c-f242-414b-9c9c-2aa4b07520a4/Sector-LMP-Active-Projects.pdf.aspx>

Employment Services and Supports (ESS) Program

The Employment Services and Supports (ESS) Program is one of three funding streams under the new Canada-BC Job Fund Agreement.

The purpose of the ESS Program is to increase the labour market participation of British Columbians by assisting them to prepare for entry to, or return to, sustainable employment.

The ESS Program provides funding to eligible third party organizations to provide skills training and employment support services to unemployed non-EI eligible British Columbians to ensure that they have the skills, training and supports needed to be successful in BC's labour market.

The ESS program provides programming under eight core service areas:

- Aboriginal Community Based Training Partnerships
- Essential Skills Training
- Industry and Trades Training
- Persons with Disabilities
- Entrepreneurial Skills Training
- Job Readiness Training
- Skills Training for Youth
- Bladerunners

A list of current programs and locations by region can be found at: <https://www.workbc.ca/Employment-Services/Labour-Market-Programs/Employment-Services-and-Supports-Program.aspx>

Bladerunners

An award-winning employment program that helps at-risk youth and provides them with basic training designed to facilitate entry to the labour force and help lead to long-term labour force attachment. 70% of program participants are aboriginal youth. <http://www.bladerunners.info/>

Federal Programs

Employment and Social Development Canada Aboriginal Specific Programs

Aboriginal Skills and Employment Training Strategy (ASETS)

ESDC provides funding to Aboriginal agreement holders to design and deliver employment programs and services best suited to the unique needs of their clients, to help them prepare for and find high-demand jobs, as well as keep them in the long term. Flexible agreements with Aboriginal organizations throughout Canada ensure that they have the authority to make decisions that will best meet the needs of their clients. 16 ASETS agreement holders were funded in BC to provide a range of training and employment programs to Aboriginal people in the province regardless of status or location. ASETS was a five-year strategy set to end on March 31, 2015. Budget 2015 announced that ASETS was to be extended for an additional 2 years. <https://www.canada.ca/en/employment-social-development/services/aboriginal/aset.html>

Skills and Partnerships Fund (SPF)

The Skills and Partnerships Fund is a competitive project-based program that works with employers to provide training for Indigenous people to fill in-demand jobs and could play an important role in supporting social infrastructure projects. SPF funding initially expired on March 31, 2015. In December 2014 there was a limited extension of the SPF program until March 2016. In Budget 2015 it was announced that SPF was renewed as a permanent program (\$50M annually) beginning April 2016. A national SPF call for proposal was launch in May 2016 to seek project proposals from all sector focused on improving employment outcomes.

http://www.esdc.gc.ca/eng/jobs/aboriginal/partnership_fund/index.shtml?_ga=1.265009807.1437401572.1480791191

First Nations Job Funds (FNJF)

The First Nations Jobs Fund (FNJF) was introduced in 2013/14 as a component of Income Assistance Reform. The FNJF provides personalized job training and support to young on-reserve income assistance recipients in participating communities to help them connect with available jobs.

Administered by ESDC and using the ASETS infrastructure, the FNJF is being implemented across the country with First Nations communities from 2013 to 2017 through a phased-in approach. <https://www.canada.ca/en/employment-social-development/services/aboriginal/asetts-job-fund.html>

Homelessness Partnering Strategy (HPS) - Aboriginal Homelessness Funding Stream

HPS Aboriginal Homelessness funding is used for projects delivered primarily by Aboriginal service providers across Canada to address the specific needs of the off-reserve homeless Aboriginal population. It includes activities that promote inclusion within the Aboriginal community and that are congruent with Aboriginal identity and practices to ensure services are integrated and culturally-appropriate. Activities in designated and rural and remote communities are eligible for funding under the Aboriginal Homelessness funding stream, provided the project meets the funding stream requirements, as identified in the program directives and guidelines. <http://www.esdc.gc.ca/eng/communities/homelessness/index.shtml>

The following directives describe eligible and ineligible activities funded under HPS: <https://www.canada.ca/en/employment-social-development/services/funding/homeless.html>

Under a non-Housing First funding component, Aboriginal clients support and housing services are provided. The expected results include life skills training and employment development services. These outcomes could support skills training for Aboriginal clients in BC.

Employment and Social Development Canada General Programs

Skills Link (SL)

The Skills Link program is a component of the Government of Canada's Youth Employment Strategy (YES). Through funding of organizations, the Skills Link program helps youth overcome barriers to employment; develop a broad range of skills and knowledge in order to participate in the current and future labour market and to promote education and skills as being key to labour market participation. These barriers include, but are not limited to, challenges faced by recent immigrant youth, youth with disabilities, single parent youth, youth who have not completed high school, Indigenous youth, and youth living in rural or remote areas.

http://www.youth.gc.ca/eng/topics/jobs/skills_link.shtml

Federal Programs

Indigenous and Northern Affairs Canada Aboriginal Specific Programs

Indigenous and Northern Affairs Canada (INACC) funds skills training directly and indirectly through the following Post- Secondary programs:

Post-secondary Student Support Program provides financial assistance to Status Indian and Inuit students who are enrolled in eligible post-secondary programs, which includes: community college and CEGEP diploma or certificate programs; undergraduate programs; and advanced or professional degree programs.

University and College Entrance Preparation Program (UCEP) is intended to provide financial assistance to Status Indian and Inuit students enrolled in university or college entrance programs to help them achieve the academic level required to enter degree or diploma programs.

Post- Secondary Partnerships Program provides eligible post- secondary institutions with funding to design and deliver university- and college-level courses tailored for First Nations and Inuit students.

<http://www.aadnc-aandc.gc.ca/eng/1100100033679/1100100033680>

Federal Programs

Western Economic Diversification Canada General Programs

The Western Economic Diversification Program (WDP) is the main program through which WD makes strategic investments in initiatives that enhance and strengthen the economy of Western Canada. A Call for Proposals (CFP) will be issued up to twice a year. WD has focused its priorities on: Innovation; Industrial & Technological Benefits; Trade and Investment; Economic Growth Acceleration Opportunities for Aboriginal Peoples; and, Skills Development and Training

Funding is provided to not-for-profit organizations such as: Industry associations, community and/or economic development organizations and research organizations; Post-secondary institutions; and, First Nations as represented by their Chief and Council, Tribal Councils and Aboriginal-led not-for-profit associations and organizations.

WD provides funding for incremental costs that are incurred by the recipient and which are required to achieve the desired outcomes are eligible for consideration and may include: Equipment; Capital improvements; Supplies; Marketing/advertising; and, other costs that are reasonable, incremental and directly attributable to activities necessary to achieve desired results, as specified by the agreement. For example, this could include certain travel and operating costs (not ongoing) under exceptional circumstances. <http://www.wd-deo.gc.ca/eng/301.asp>

Industry Programs

British Columbia Construction Association (BCCA)

General Programs

Skilled Trades Employment Program (STEP)

STEP helps British Columbians from under-represented groups (Aboriginals, Immigrants, Women, and Youth) get the right training, materials, and connections to move their skills and career forward to apprenticeship and journeyman status in the construction trades. Find the STEP team nearest you at www.stepbc.ca.

British Columbia Construction Association (BCCA) Policies and Strategies Impacting Aboriginal People

Construction Foundation of BC Project Shop Class

An initiative of the Construction Foundation of BC to rebuild and refit shop classes in BC schools.

Industry Programs

Independent Contractors and Business Association (ICBA)

General Programs

Customized workforce training programs on demand

ICBA offers customized training and assessments to employers.

Safety Training

ICBA provides safety courses such as Occupational First Aid, Fall Protection, Confined Space Awareness, Hazard Recognition/Control, Electrical Safety, etc.

<https://icba.simplesignup.ca>

Technical Training

ICBA provides entry level courses on Blueprint Reading, Site Surveying, Scaffolding, etc. <https://icba.simplesignup.ca>

Leadership Training

ICBA provides entry and advanced level leadership courses such as Foreman Training, Supervisors' Boot camp, Leading People to Peak Performance, etc.
<https://icba.simplesignup.ca>

Soft Skills Training

ICBA offers a variety of courses on soft skills such as Communication Skills, Time Management, Negotiation Skills, etc. <https://icba.simplesignup.ca>

Business Training

ICBA offers a variety of courses on management and business development such as Project Management, Proposal Development, Sales Skills, Estimating, etc.
<https://icba.simplesignup.ca>

Human Resources (HR) Training

ICBA offers a variety of sessions on HR topics such as HR Essentials, Employee Terminations, Employment Standards Act, Difficult Conversations, etc.
<https://icba.simplesignup.ca>

For more information on the association and programs, please visit www.icba.ca.

Industry Programs

Roofing Contractors Association of BC

Training facility address:

RCABC Training Centre
9734 - 201 Street, Langley, BC

Apprentice Training provided:

Red Seal:

- Roofer, Damp & Waterproofer
- Architectural Sheet Metal Worker
- Residential Steep Roofer

Other training provided:

- Construction Safety Training Systems (CSTS) Workers' Course
- Fall and Protection Safety Monitor
- National Torch Safety Course (Propane system & handling)

- Workplace Hazardous Materials Information System (WHIMS)

Prince George Nechako Aboriginal Employment and Training Association (PGNAETA)

TransCanada's partnership with PGNAETA, announced in August 2014, focuses on essential skills and workforce preparation for Aboriginal students in the north-central region. These programs have been jointly funded with Service Canada and other partners. TransCanada's donation has supported programs in Prince George and Burns Lake, with an additional program planned for Fort St. James.

For more information about this TransCanada-sponsored partnership, please contact PGNAETA:

Toll Free: 1-800-510-0515 Website: <http://pgnaeta.bc.ca/>

Tribal Resources Investment Corporation (TRICORP)

TransCanada's partnership with TRICORP, announced in September 2015, focuses on essential skills and workforce preparation for Aboriginal students in the northwest region. The partnership has been jointly funded as part of the Employment and Social Development Canada (ESDC) Skills Partnership Fund. The first program has been completed in Prince Rupert. The next program begins in January 2016 in Hazelton, with a later additional program is planned at a location yet to be determined.

For more information about this TransCanada-sponsored partnership, please contact TRICORP:

Toll Free: 1-800-665-3201 Website: <http://tricorp.ca/>

Industry Programs

Southern Interior Construction Association (SICA)

SICA is an Industry Training Authority designated training provider as well as an accredited Private Career Training Institutions Agency Institution. SICA provides various programs to Aboriginal people throughout the southern interior including the following:

Introduction to Trades

- Build-It program: 4 to 6 week program designed to provide hands-on learning highlighting specific trades e.g., Carpentry, Plumbing, Electrical, Drywall, etc.
- Construction Trades Training (CTT): 12-16 week program as introduction to the trades. Hands-on learning with a selection of trades covered: Carpentry, Plumbing, Electrical with certificates included.
- Road Builder & Heavy Construction Foundation Program: An ITA 4 week program covering the foundation basics to those wishing to enter into the Civil Industry such as Heavy Equipment Operator, Asphalt Laydown Technician,
- ITA Heavy Equipment Operator program enhanced with additional 150 hours of equipment time, essential skills and employability
- Residential Building Maintenance Worker (24 week program): An ITA program to prepare students how to maintain and repair buildings
- CORE (Construction Orientation Retention for Employees): 12 week program to learn basics of working on a construction site

Job Readiness for the Construction Industry

- Variety of Safety Courses with Certificates
 - Construction Safety Training System (CSTS-09)
 - Fall Protection

- Confined Space
- WHMIS
- Ground Disturbance
- Traffic Control Safety Program (TCP)
- First Aid

Job Readiness for Oil & Gas Industry

- OSSA accredited programs with Certificates
 - OSSA Fall Protection
 - OSSA Confined Space
 - OSSA Elevated Work Platform
 - Basic Safety Orientation (BSO)
 - Pipeline Construction Safety Training (PCST)
 - Petroleum Safety Training (PST)

Equipment Training

- Elevated Work Platform (EWP)
- Rough Terrain Forklift / Counterbalance Forklift
- Scissor Lift
- Skid Steer

Skill Building

- Trade Math, Blueprint Reading, Estimating, Supervisory Courses, Project Management

Variety of Online Courses – see [SICA Website](#)

For more information visit: www.sica.bc.ca

Union Programs

Christian Labour Association of Canada (CLAC)

CLAC Langley Member Centre 19955 81A Ave., Langley

Training facility addresses:

CLAC Langley Member Centre 19955 81A Ave., Langley

CLAC Prince George Member Centre 1990 Ogilvie St., Unit 210, Prince George

CLAC Fort St. John Member Centre 10504 100 Ave., Unit 210, Fort St. John
CLAC Okanagan Member Centre #105 2040 Springfield Rd., Kelowna

Industry Training Partners:

EnviroSafety – Burnaby 3727 2nd Ave., Burnaby
Leavitt Machinery – Coquitlam 2nd Floor, 98 Fawcett Rd., Coquitlam
Leavitt Machinery – Kitimat 434 Enterprise Ave., Kitimat
Leavitt Machinery – Prince George 9565 Rock Island Rd., Prince George
St. John Ambulance throughout BC

Apprentice training provided:

- CLAC delivers apprentice training in partnership with Public Training Facilities.
- Welding training facility in Edmonton
- Heavy Duty Equipment Level 1 (in partnership with the Abbotsford School District)

Non-apprentice training provided:

For more information on CLAC training go to the *BC Training Calendar* at <https://www.clac.ca/Your-work/Training/BC>

Onsite and in training centres on-line courses, Occupational Health and Safety Courses, Safe Handling courses, self-development courses and many others.
In a typical year, CLAC will award 14,000 certificates in the province of BC.

Technical and Operator Training:

- Counterbalanced Forklift Operator
- Elevated Work Platform Operator
- Overhead Crane Training
- Skid-Steer Loader Operator
- Telehandler Operator Training
- Simulators for Heavy Equipment Operator and Tower Crane.

Health and Safety Training:

- Basic Safety Orientation (BSO) – OSSA Accredited
- Confined Space Awareness
- Trade Safety Coordinator (TSC)
- Construction Safety Officer (CSO)
- Confined Space Entry and Basic Rescue
- Emergency First Aid for Industry OFA Level 1 Equivalent
- H2S Alive
- Industrial / Commercial Fall Protection Program OSSA Accredited
- Introduction to Construction Blueprint Reading
- Joint Health and Safety Committee
- Safety 2.0
- Site Surveying
- Silica Exposure Control
- Standard First Aid Industry OFA Level 1 equivalent
- Stewards Training – Skills for Service: TB1
- Stewards Training – Knowledge to Lead: TB2
- Supervisor Boot Camp – Practical Leadership Tools
- Trade Safety Coordinator Challenge Exam (TSC)
- Traffic Control Person
- Train the Trainer – Respirator Fit Tester

- Leadership for Safety Excellence
- Practical Rigging and Application
- Microsoft Excel for Construction – Novice (Gold Seal Certified)
- Trenching and Excavation Safety
- Transportation Endorsement
- Underground Utility Locating
- Stewards Training – Skills for Service: TB1

On-Line and Computer Based Training:

The majority of these courses are short in-duration, usually less than 4 hours.

- Alberta CSTS '09
- Alberta CSTS '09 Upgrade
- All Terrain/Rough Terrain Crane Training
- Applied Trade Math MOOC
- Arc Flash and Shock Prevention Training
- Bear Aware: Working in Bear Country
- Blood-Borne Pathogens and MRSA
- Boom Truck
- Canada Labour Code: Part 2 Orientation
- Confined Space Awareness
- Communication, Negotiation, Conflict Resolution (CNRC)
- Cranes and Derricks for Construction
- Dealing with the Media in Emergency Situations
- Defensive Driving Fundamentals and Attitudes
- Developing Cultural Awareness
- Driver Vehicle Inspection: The Complete Process
- Due Diligence for Supervisors
- Effective Communication for Employees
- Electrical Safety Training System (ESTS)
- Electronic General Safety Orientation (eGSO)
- Excavator Simulator (This course is only available at the Langley Member Centre and cannot be taken online from home)
- Fall Protection Awareness
- Fire Safety
- Flatbed Cargo Securement
- Forklift Operator Safety
- Global Harmonized Systems (GHS)
- Ground Disturbance Online Training for Supervisors (Levels 1 & 2)
- Incident Investigation
- Joint Occupational Health and Safety Committee
- Knuckle Boom Truck
- Lock-out/Tag-out
- Master Driver: Air Brakes
- Overhead Crane
- Petroleum Safety Training (PST 2.0)
- Pipeline Construction Safety Training (PCST)
- Pleasure Craft Operator License
- Positive and Progressive Discipline
- Scaffolds Safety: Construction
- Self-Propelled Aerial Lift
- Sexual Harassment Prevention
- Substance Abuse Awareness for Employees
- The Respectful Workplace
- Tower Crane Simulator
(This cannot be taken online from home)
- Transportation of Dangerous Goods (TDG)
- Vehicle Mounted Aerial Lift
- WHMIS 2015
- Workplace Violence Prevention

Other training provided:

CLAC has developed a proprietary Emotional Intelligence training program to help with the new dilemma faced by employers-young supervisors who were promoted because they know the job well, but cannot manage people. This course involves the work of Daniel Goleman, utilizes his ESCII testing and exposes the participants to a year long journey to improve their EI indicators.

Training delivered in partnership with other Unions, organizations, etc.:

CLAC delivers apprentice training in partnership with Public Training Facilities. As CLAC is a multi-trade union, it finds it more efficient to utilize the capabilities of schools like Thompson Rivers University, Okanagan College, Northwest Community College, Kwantlen College and others than to both duplicate and compete with these entities.

CLAC has a 50 bay Welding training facility in Edmonton as CLAC assists signatories and members with welding procedures and testing.

CLAC also teaches Scaffolding through Alberta Training and have applied for recognition in BC as well.

CLAC partners with the Abbotsford School District and industry to deliver the Heavy Equipment operator program-Level one.

Programs that have been delivered in First Nations communities:

Presently CLAC is working with the Squamish First Nations aiding their Employment and Training Centre, with the Tsawassen First Nations at their Skills Centre, worked with TRU at the Chehalis Centre, Seabird First Nations at their Centre and the Haisla First Nation through its Virtual Classroom in partnership with TRU and the Lake District with TRU.

Apprentice and Associated Construction Craftworker Training

The Construction and Specialized Workers' Training Society is the only private not for profit Industry Training Authority designated trainer provided in B.C. All of our training is either PTIB registered or ITA approved. All our instructors are PIDP certified or working towards their certification.

CCW Training

Currently we provide both Level One and Level Two CCW courses. Both courses are 4 weeks in duration and include theory and practical training at our Surrey location. We also provide a four day refresher course and examination on the fifth day by an ITA invigilator. There is a requirement that in order to do the challenge, applicants must have both the hours and scope of work.

Apprentice Registration and Information

Red Seal CCW

CSW Training Society will assist applicants with the completion of all ITA documentation required for apprentice level training and the CCW trade qualification exam.

CSWTS has a long standing commitment to work with First Nations communities and has provided training on an 'as needed' basis at various locations across British Columbia. We have partnered with Kitimat Valley Institute, Haisla First Nation, Northwest Community College, Sauleau and West Moberly First Nations on the Treaty 8 Indigenous Peoples. We have successfully delivered programs in Sauleau and West Moberly, Kitimat, Terrace, Castlegar, Prince Rupert, Victoria, and Prince George.

We have also partnered with LIUNA Local 92 in Edmonton to provide mobile pipeline training for First Nations on an "as needed" basis.

On October 20, 2016 LIUNA signed a historic statement of partnership with the B.C. Summit of First Nations to renew our relationship with the Assembly of First Nations (AFN) going back more than a decade. The Statement of Partnership acknowledges, recognizes and unequivocally supports the United Nations Declaration on the Rights of Indigenous Peoples.

- WHMIS 1988 and 2015 (online)
- Gas Testing
- Fall Protection
- Level Two First Aid *

- Level Three First Aid *
- CSO "must have Level Two or Level Three First Aid" *

*Can be taken around the province at a certified provider for the convenience of the member, reimbursed at 50%

The CSWTS also partners with SkillPlan which provides essential skills support for our apprentices at our centre and across British Columbia. SkillPlan has been in existence for 24 years and is considered one of the leaders in Canada for pinpointing foundational skills problems; and designing curriculum and training programs. Through them we are able to offer the following services to our students:

1. Essential Skills Training

Provide direct training services to workers and apprentices, including tutoring and classroom delivery. SkillPlan will also work in partnership with a network of communities, training organizations and employers to support apprentices and journeypersons in fulfilling their technical training requirements and on-the-job success.

2. Training Manuals and Curriculum Development

Focus on improving workplace essential and technical skills through developing training products including publications, assessments and curricula.

3. Workforce Development Consulting

Provide advice on training opportunities for union training plan.

4. First Nation Support

Assist with developing and delivering successful workforce development training for First Nations across British Columbia.

To learn more about SkillPlan, please visit www.skillplan.ca.

International Brotherhood of Electrical Workers (IBEW)

ELECTRIC JOINT TRAINING COMMITTEE

Electric Joint Training Committee (EJTC) is a partnership between the International Brotherhood of Electrical Workers Local 213 and the Electrical Contractors Association (ECA) of BC.

Apprenticeship Program

The EJTC provides Red Seal Construction Electrician apprenticeship training through public post-secondary institutions.

<http://ejtc.org/electrician-apprenticeships/become-an-electrician.aspx>

Pre-Apprenticeship/Public Training:

EJTC also offers an Entry Level Trades Training Program which combines electrical theory and practical electrician training to assist individuals in determining if an apprenticeship as a construction electrician is right for them.

<http://ejtc.org/electrician-courses/overview.aspx>

Journeyperson Training:

The EJTC provides ongoing and specialty training for Journeypersons such as the Electric Vehicle Infrastructure Training Program.

<http://ejtc.org/industry-training/overview.aspx>

First Nations' Specific Training

First Nations specific programming is available on an as needed basis.

Ironworkers Local 97

Apprenticeship Program

The Ironworkers Local 97 Trade Improvement Committee (ITIC) provides Red Seal training for Ironworker Generalist, Ironworker Reinforcing and Ironworker Foundation.

Member Training

The following training programs are provided for Ironworkers Local 97 Members:

- First Aid Level 1
- Fall Protection
- Aerial Work Platform
- Forklift Operator
- Welder Inspector Training
- Confined Space Awareness
- Canadian Welding Bureau Initial Certification Requirement
- Canadian Welding Bureau Check Tests Requirements
- WHMIS
- Construction Safety Training System (CSTS)
- Telehandler (Zoom Boom)
- Foreman Training
- Superintendent Training
- H2S Awareness

First Nations' Specific Training

First Nations specific programming is available on an as needed basis. The ITIC has operated Introduction to Trades programs in Kitimat and Prince Rupert, as well as mobile occupational health & safety training for Aerial Platform and Fall Protection in communities across BC including Campbell River, Victoria and Trail.

Operating Engineers Local 115

Apprenticeship Program

International Union of Operation Engineers Local 115 Training Association (IUOE-TA) is a labour/management partnership that provides Red Seal training for Mobile Crane Operators and Certificate of Qualification apprenticeship training for Heavy Equipment Operator, Boom Truck Operator and Asphalt Laydown Technician.

Apprenticeship Sponsorship:

The IUOE-TA acts as sponsors for apprentices in multiple trades, dispatching apprentices to signatory employers as opportunities arise. Apprentices are assigned a Training Coordinator who will oversee the progress of the apprentices and provide assistance and counseling to ensure the apprentice has the support needed to complete their apprenticeship. The most common trades in which we sponsor apprentices are as follows:

- Heavy Duty Mechanic
- Diesel Engine Mechanic
- Mobile Crane Operator
- Asphalt Laydown Technician
- Welder
- Commercial Transport Mechanic
- Heavy Equipment Operator
- Boom Truck Operator
- Millwright
- Partsperson

Member Training

- Telehandler
- Forklift Operator
- Aerial Lift
- Skidsteer
- Fall Protection Awareness
- Ground Disturbance
- Load Securement
- Grades and Stakes
- Plant Operator (Aggregate and Asphalt Plants)
- Rigging
- Scissor Lift
- Journey person upgrading
- Confined Space Awareness
- Pipeline Construction Safety Training (PCST)
- Construction Safety Training System (CSTS)
- Essential Skills

First Nations' Specific Training

First Nations specific programming is available on an as needed basis. The IUOE-TA has had great success in delivering several different types of training in First Nation Communities. The IUOE-TA has partnered with over 15 First Nation communities across British Columbia in providing training and apprenticeships. Upon completion of training, the IUOE-TA works with the Aboriginal students to find them employment opportunities as apprentices. The IUOE-TA continues to provide assistance and counseling throughout their apprenticeship till they reach the stage of completing their apprenticeship and

becoming Journeyperson Operators.

Painters District Council 38

Apprenticeship Program

The International Union of Painters and Allied Trades (IUPAT) DC 38 Joint Trade Society operates the Finishing Trades Institute of BC (FTI) which provides Red Seal training for Painter & Decorator, Glazier and Interior Systems Mechanics and a Certificate of Qualification program for Drywall Finisher.

Member Training

- Discovery to Apprenticeship (DTA)
- Introduction Construction (ITC)
- First Aid Level 1
- Fall Protection
- Swing Stage Training
- Telehandler Operator Training
- Confined Space Entry and Attendant
- Safety Training for Supervisors
- Laser Layout for Wall and Ceiling
- Hazardous Materials Worker (HMA)
- Counterbalanced Forklift Operator Training
- WHMIS
- Blueprint Reading
- Ariel Work Platform Including Scissor Lift and Articulated Boom Lift Training
- Confined Space Awareness
- New Worker Basic Safety Training
- Layout with Builders Level and Total Station
- Certified Application Specialist for Industrial Painter

First Nations' Specific Training

First Nations specific programming is available on an as needed basis and can be run in cooperation with the Aboriginal Community Career Employment Services Society (ACCESS) program, Skilled Trades Employment Program (STEP) and graduating high school students (ACE-IT). The FTI has worked with Sto:lo Nation and Seabird First Nations to deliver Wall and Ceiling Installer programs. The FTI has also delivered Introduction to Construction programs in rural communities.

SKILLPLAN

SkillPlan

SkillPlan forms partnerships with Aboriginal groups, industry, and union trades' training schools to help build the skills of Aboriginal people to ensure they have greater chances of succeeding in both technical training and on-the-job in construction and mining-related occupations. Our services for Aboriginal groups include:

- Building capacity in Aboriginal communities to deliver training services
- Designing Essential Skills training programs including manuals, worksheets and job aids that are culturally sensitive and align to the workplace
- Assessing the Essential Skills of Aboriginals to pinpoint skill levels and establish training objectives that meet industry requirements
- Delivering Essential Skills training service that will best prepare Aboriginals for technical training and workplace success
