

Transcript: Community Meeting on Poverty Reduction

**Langley, BC
March 27, 2018**

Introduction and Event Summary

On March 27, 2018 the Ministry of Social Development and Poverty Reduction hosted a community meeting in Langley, BC to discuss poverty and poverty reduction with local residents. The event brought together approximately 40 to 50 participants including people with lived experience of poverty; poverty reduction front line workers and advocates; people from the non-profit and business sectors; and other community members from all walks of life.

The event began with a welcome from Elder Tom Oleman, followed by opening remarks from Shane Simpson (Minister of Social Development and Poverty Reduction).

Participants then engaged in round table discussions in groups of 8 to 10 people per table. Each table had a dedicated facilitator from a local community group or from SPARC BC who helped to guide the conversations. Each table also had a dedicated note taker who helped to record the discussion.

There were two rounds of discussion which focused on the following questions:

1. What are the issues facing you and people living in poverty right now?
2. What would address these issues and help you and others out of poverty?

Following the discussions, participants were invited to put a sticky dot beside the strategies or solutions that were most important to them. Each participant received four (4) sticky dots. Following the individual priority setting exercise, participants were asked to determine as a table the top three (3) priorities from the evening and to report these priorities back to the room.

The Minister of Social Development and Poverty Reduction shared some closing remarks.

Document Organization

This document contains the transcripts from the flip chart notes from those in attendance. The flip chart notes have been transcribed verbatim, correcting only for spelling and grammar as needed. The notes are organized according to the feedback received to the two questions beginning with:

1. What are the issues facing you and people living in poverty right now?
2. What would address these issues and help you and others out of poverty?

Question 1: What are the issues facing you and people in poverty right now?

- Mental Health
 - o “I had to quit my job because of mental health issues”
 - o Poverty creates mental health and addiction issues
 - o People with drug addictions and mental health issues find it difficult to keep housing
- Employment
 - o It is hard to get a job- you constantly get passed over because of your disability
 - o Once the issue of your disability comes up you will not get an interview
 - o There are no equal work opportunities – I have a master’s degree but I keep getting fired because of my disability – this has happened 4 times
 - o You develop a fear of going into an interview when you are down and out – you know that you don’t have the right clothes and that people are going to judge you
 - o Vocational training is a barrier
- Stigma and Discrimination
 - o Many people who are low income have self-esteem issues – a lot of people are in a bad situation and they do not have family or anyone who can help them
 - o You should not lump all low income people together- there are many pathways into poverty and homelessness like dementia, seniors who are in low income, people with disabilities, people with mental health issues
 - o So often everyone gets lumped into the same category and treated like they are all “drug addicts”
- Health Care
 - o The cost of medications are not affordable to many people in low income and they are not covered by Ministry programs
 - o People do not have access to affordable eye glasses or dental care – when you go to see the dentist they make you pay for the work before it is done
 - o People could donate their eyeglasses to help make sure that others have access to affordable eye wear
- Housing
 - o So much of the housing that is available is poor quality
 - o People cannot live with bed bugs and cockroaches
 - o I was just about to be homeless but luckily I found a place
 - o There are long waiting lists for substandard housing
 - o There are more than 275 families moving to the Lower Mainland each week
 - o There is the need for more affordable Housing (2 dot)
 - o People pay \$995 per month for 700 square feet - there is no laundry in the building so you have to take your laundry out – it costs \$2.75 per load to wash and \$2.75 per load to dry
 - o Units rent for between \$1,100 - \$1,200 per month and the cost of rent is continuing to increase- it is getting harder to find the best value
- The Impact of Poverty
 - o If you are eligible for PWD you \$1185/month but this is not enough to live on – a mother of a daughter who has a disability said even at 67 cannot retire because she has to continue to help her child
 - o Poverty can cause families to split up – too often parents are working long hours to try to make ends meet – this can include working two (2) jobs
 - o The real poverty line is likely at \$25,000 but there are different levels and types of poverty

- There is also the need to work to improve the quality of life for those who are living in poverty- this is about providing more choice and access to real opportunities
- Homelessness
 - There are 25,000 empty homes in Vancouver and yet there is so much homelessness
 - The rate of crime is increasing because people don't have what they need and they have no way to get it without resorting to theft and petty crime
 - There are not enough washroom facilities for people who are homeless and on the street
 - There are not enough free laundry facilities and people do not have the money that they need to do laundry
 - Many of those who are homeless face a broad range of challenges including PTSD, trauma, mental illness and depression
- Food Security
 - The cost of food is rising
 - People are unable to access food banks when they have no ID
 - People are struggling with affording "healthy" food
 - Allow for people with no ID to still be able to access food banks - have someone vouch for you
