Table 1.1

1.1 Sector Performance Targets Template

* **All commodity boards and commissions** are to identify between 3-5 board targets/goals that you think best demonstrate the strategic priorities and future direction of your sector.

* Some or all targets/goals may already be part of your strategic plan.

Target	Target description	Target status
Build a joint BCBHEC-BCCMB industry framework	<p>BCBHEC and BCCMB will develop a framework (Summit Initiatives) for engagement on what the future of the BC Chicken industry should look like. This will permit the Boards to work together with supply chain towards a concise, united vision that acknowledges major projects such as Pricing and Linkage.</p> <p>The Boards are to look towards co-tenancy through a new lease or building purchase as part of this strategy.</p>	<p>In progress - Summit Initiative.</p> <p>Completed - Co-tenancy.</p>
Pricing & COP Review	<p>BCBHEC is committed to the review of all pricing matters, such as the Linkage Agreement, hatching egg COP, hatchery margin, fowl and a Western Pricing Initiative with the three other western provinces.</p>	<p>In progress - Overall pricing file is now part of BCFIRB's Pricing Supervisory Review.</p>
SE Mitigation	<p>Reducing the prevalence of SE in flocks is a public health matter. The Commission is committed to working with our national agency, Canadian Hatching Egg Producers, in conjunction with stakeholders, on a surveillance program and investigate insurance options.</p>	<p>In progress.</p>
Quota Management Review - QATR	<p>Review of BCBHEC's quota policies with respect to the Quota Assessment Tools Supervisory Review issued by BCFIRB. Determine if policies require change (e.g. 10/10/10, LIFO, New Producer Program, growth and utilization of quota).</p>	<p>Not started - paused until outcome of Pricing & COP Review. Resourcing an issue.</p>
