Section 1: Sector Performance Targets

Table 1.1

1.1 Sector Performance Targets Template

* **All commodity boards and commissions** are to identify between 3-5 board targets/goals that you think best demonstrate the strategic priorities and future direction of your sector.

* Some or all targets/goals may already be part of your strategic plan.

Target	Target description	Target status
Enhance farm transparency	Publish 100% of farmers' profiles on our website by December 2021 (this will include on-farm program audits). Launch BC Egg's customized animal welfare programs in 2020 (Barn Fitness Program, Specialty Audit). Post audit requirements for all programs on our website by December 2021.	In Progress: - Farmer profiles are being collected - Animal welfare programs have been launched
Increase egg consumption	Increase per capita egg consumption to 300 by 2025. This target is in conjunction with Egg Farmers of Canada and will be completed through many tactics including: - refresh our online presence - increased direct to consumer marketing - increase education opportunities with teachers and students	In Progress
Conduct Regional Outreach	Convene at least four engagement events in the northern regions by the end of 2021 to ensure these regions are aware of the resources BC Egg can provide.	In Progress: Methods of outreach are being researched. COVID restrictions have delayed this project.
Optimize our internal systems to better analyse our hen housing and production data	Have three updated cubes in TM1 prior to the end of 2020, update the producer portal by the end of 2021, providing producers with greater capacity to analyze their data.	In Progress: Cubes are currently being updated, after which the producer portal can be redesigned.

Section 2: Governance

Tables 2.1 - 2.5

* Effective, strategic and accountable delivery of legislated regulatory responsibilities by boards requires good governance and sound decision-making.

* All commodity boards are to complete tables 2.1, 2.2, 2.3, 2.4, and 2.5.

* Fill in the Comments/Examples column with a brief description and/or web link and/or evidence/examples.

Member expenses	Up to date approved member remuneration and expense policy consistent with legislation (where applicable)	In Place	As per section 18.5 (4) of the Scheme, changes in remuneration for board members is brought forward as a motion by the Egg Producers Association at the Producer-Only meeting for the producers to ratify and the decision is recorded in the BCEPA meeting minutes published on the producer-only website. This policy is included as an appendix to the BCEMB Governance Manual.
Controls	Accounting practices are in accord with legislation and published standards	In Place	The accounting procedures used by BCEMB are done in accordance with the Canadian Accounting Standards for not-for-profit organizations set out in Part III of the CPA Canada Handbook
	Internal financial controls are in place, and reviewed by auditors	In Place	Please see the Audited Financial Statements in our Annual Report
	Senior staff engaged with budget development & approval	In Place	Senior staff develops the budget, which is reviewed by both the Board and Audit and Finance Committee. This engagement is recorded in BCEMB minutes.
Accountability	Operational, program and other expenditures using levies collected under the NPMA are in accord with purposes of the Scheme.	In Place	The BCEMB budget is reviewed by the Audit & Finance Committee and approved for recommendation to the Board before final approval from the Board. Expenditures are also reviewed by both the Audit & Finance Committee and Board of Directors.
	Financial accountability processes and policies in place with producer associations and other organizations that receive funding from boards to carry out delegated responsibilities under the NPMA.	In Place	BCEMB has an MOU with the BC Egg Producers Association for funding. Quarterly financial statements are reviewed by the BCEMB Audit and Finance Committee as well as the BCEMB Board of Directors.

Table 2.3 Communication and Consultation

	Indicator	In place/ In progress/ To be started	Comments/Examples
Communication	Active industry communication plan or strategy	In place	BC Egg regularly communicates with industry stakeholders through a monthly e-newsletter, called the Scrambler, and an ad hoc e-newsletter, called the Fast Fry. BC Egg also has a texting service that sends a text message to every cell phone number programmed in the system. It is used when immediate notification is required. BC Egg has also drafted a Crisis Management Policy.
	Crisis management communication plan or strategy	In place	
Consultation	Consultation, as appropriate and meaningful, with stakeholders (e.g., producers, supply chain, BCFIRB, Ministry of Agriculture, national agencies) to address sound marketing policy and public interest questions.	In place	When creating or updating key board programs, policies, procedures, and initiatives, BC Egg includes multiple steps in the process to consult with stakeholders and ensure stakeholder feedback is incorporated into the final policy/program documents. At multiple points during the process, draft documents and concepts are brought to the Egg Industry Advisory Committee, Production Management Committee, and BC Egg Producers Association for feedback.
	Stakeholder feed back actioned where appropriate (e.g., policy or program development)	In place	
Evaluation	Avenue for regular stakeholder feedback on board operations, processes, policies and communications.	In place	Feedback on board operations, processes, policies and communications is welcomed and received by producers, the Egg Producers Association and Board committees. Additionally, a producer survey is conducted every few years to ensure that the Board is meeting producer expectations.

Table 2.4 Decision Making

	Indicator	In place/ In progress/ To be started	Comments/Examples
Requirements	Quorum confirmed prior to decision making	In place	BCEMB Governance Manual, page 7
	Conflict of interest disclosure and recusals recorded	In place	BCEMB Governance Manual, page 11
Process	Processes are fair, inclusive, transparent, effective and strategic based on the matter to be decided.	In place	BCEMB considers the SAFETI principals in all decisions made. For major decisions, a SAFETI analysis is included in the documentation.
Outcome	Full rationale published for major decisions (e.g., including demonstrated application of consultation, market and other necessary information to reach sound marketing policy outcomes; demonstrated use of SAFETI in process & outcome)	In place	The decision sheets and Board of Director meeting minutes are available on the producer-only website so producers have a full understanding of the items discussed and the rationale. For other major decisions, such as the Quota Assessment Tools Review, the consultation documents and BCFIRB submissions are posted on the consumer website and forwarded to producers through our newsletters.
	Prompt timing, delivery and publishing of decisions	In place	Board minutes containing Board decisions, are made available on our website once they have been finalized and signed. Depending on the topic, Board decisions are sent by Scrambler or Fast Fry if pertaining to the entire industry. If pertaining to a particular producer or organization, a letter is promptly drafted, approved by the Board, and sent by BC Egg, notifying the producer of Board decisions.

Table 2.5 Decision Assessment

Assessment of focus of appeals and supervisory reviews. Assessment of what triggered appeal(s) and/or reviews. Lessons learned (process and sound marketing policy outcomes).

Decision Assessment
In 2019, three appeals were initiated. Two of those appeals had decisions rendered in 2020 and will be included in next years report. The third appeal was dismissed as the appellant withdrew their appeal. This appeal was based on confusion regarding quota assessments required for farm restructuring and corporate transfers. Quota transfers are now required to come to the Board for conditional approval. This ensures that producers are aware of any quota assessments that may be required prior to the transfer. This also initiated a project for the Board to develop a decision tree for farm transfers, ensuring that the quota assessment process is transparent. This project is still in progress.

Section 3: Sector Summary Part 1

Tables 3.1 - 3.6

Sector Basics

* **All commodity boards** are to complete the tables in Section 3, providing the following definitions and statistics.

* *Examples are included in italics. Please delete when filling in your own stats and information.*

Table 3.1 Reporting Time Period

Define the start and end date of the period being reported on their PARP report.

Reporting Period	
Start date of reporting period	December 30, 2018
End date of reporting period	December 28, 2019

Table 3.2 Producer Size Definition

Create producer size categories based on production volume or quota units that are relevant to the sector

Producer Size Definitions	
Small Producer	Less than 6,627 quota units
Medium Producer	Between 6,628 and 28,190 quota units
Large Producer	More than 28,191 quota units

Table 3.3 Production Type

Define the major production types within the sector, and provide a brief explanation for each.

Production Type Definitions	
Production Type	Explanation
Conventional	hens are housed in a wire mesh enclosure with access to feed and water
Enriched	hens are housed in a wire mesh enclosure outfitted with perches, nest area, scratch area and more head room when compared to a conventional system
Free Run	hens have access to the entire floor area where they can perch, scratch, forage and lay their eggs in nesting areas
Free Range	hens are housed in barns similar to free-run housing, but also have access to outdoors
Organic	hens are housed in free-range systems that meet Canadian Certified Organic standards and are fed organic feed

Table 3.4 Production Measurement

Define the units of measurements used in the sector to measure production volume, and quota if applicable.

Production Measurement Definitions	
Quota Unit	Laying hens
Production Unit	Dozens

Table 3.5 Estimated Farm Cash Receipts

Report the total farm cash receipts of all production in B.C. in the reporting period.

Total Production Volume

* All commodity boards are to use these tables to report the amount of the commodity produced in B.C. over the full reporting period.

* Statistics are to be broken down by the total volume of the commodity that was produced, in each category in each region.

* Total production volume is to be the same across tables 3.10, 3.11, and 3.12.

* Supply managed boards are to report production volume per the table below:

Section 4: Quota Management & Movement Part 2

Tables 4.4 - 4.9

Quota Transfers

* Use tables 4.4 to 4.9 to report on all quota transfers between producers, or applicable going concern sales. ☐

* Quota issued by boards is reported in tables 4.18, and 4.12-4.14.☐

* On August 7, 2019 BCFIRB amended its quota transfer directions to the Milk Board to allow for assessment free transfers of quota to non-family members off the quota exchange under specific conditions. A condition of the amendment was that the Milk Board is to report annually via PARP on the amount of quota being transferred off the Exchange, broken down by family transfers and non-family transfers.☐

* On September 13, 2019, BCFIRB extended the PARP reporting requirement for separating out non-family/family quota transfers to all supply managed boards, regardless of whether there is a quota exchange.

Table 4.4 Quota Transfer Restrictions

* Use this table to report on any quota transfer restrictions (excluding BCFIRB directed restrictions) that affect how quota is transferred (e.g., regional movement restrictions).

Transfer Restrictions
<p>All Quota Transfer Restrictions are listed in Part V of the BCEMB Consolidated Order. A summary of restrictions, excluding BCFIRB directed restrictions are:</p> <ul style="list-style-type: none"> * Layer Quota may only be Transferred through the Provincial Quota Exchange. Exceptions are made for family transfers, corporate restructuring and Going Concern Sales * Transferee must be 19 years of age or older * Transfer must not result in either party holding less than 400 quota units or more than 5% of the Layer Quota issued by the Board * Layer Quota may only be transferred between regions through the Quota Exchange * Where a Registered Producer has relocated from one region to another, all Layer Quota held by that Registered Producer is ineligible for Transfer for two years

Section 4: Quota Management & Movement Part 3

Tables 4.10 - 4.16

Growth Quota

* Use these tables to report any growth quota issued to producers due to an increase in overall quota holdings in B.C. that occurred during the reporting period.

* Statistics are broken down by established and new producers, and the number of producers who received quota within each category and the volume of growth quota they received.

4.10 Growth Quota Basic Info

- If boards issued growth quota in the reporting period, report basic growth quota statistics.

Growth Quota Allocation Basic Stats	
Date(s) of allocation	July 14, 2019
Total volume of allocation	173,417
# of producers who accepted growth quota	141
# of producers who turned down growth quota	-
# of producers ineligible for growth quota	2

*You may note that Table 4.10 has 143 registered producers while tables 3.8, 3.9, and 3.10 have 144 producers. As of the quota allocation date (July 14, 2019) BCEMB had 143 producers. After the allocation but before 2019 ended, one producer had exited industry (Table 3.15 & 3.17) and two new entrants had started (Table 3.16).
