BC Milk Marketing Board

Dear Mr. Janzen:

**PUBLIC ACCOUNTABILITY AND REPORTING PROJECT (PARP) – 2019 FIRST REPORT ACKNOWLEDGEMENT**

Thank you for the submission of the BC Milk Marketing Board's (Milk Board) PARP report by the extended timeline of June 21, 2019. The British Columbia Farm Industry Review Board (BCFIRB) appreciates the work done by your board and staff in preparing this report and contributing to this important initiative.

This report is an important step towards supporting and demonstrating effective governance and sound leadership of the regulated agricultural sectors.

The Milk Board's report reflects a comprehensive understanding of its regulatory duties and responsibilities and your identified Industry Performance Targets connect well to the Milk Board's strategic objectives. The Milk Board's report illustrates commitment to the use of good governance tools and stakeholder consultation. Presentation of the Milk Board's quota management and movement data was detailed, well-organized and easy to understand.

BCFIRB is currently in the process of reviewing the eight commodity board PARP reports and will be publishing a summary of the eight reports in the near future. In developing the summary report, BCFIRB staff may need to follow-up with your staff should any questions arise. The BCFIRB summary report and web site link will be sent to you once this work is completed. All commodity board PARP reports, including the Commissions', will also be made publically available through BCFIRB's web site.

BCFIRB staff will be in touch with you shortly to schedule a meeting with your PARP board and staff representatives for this fall. We will use the meeting to review and discuss the reporting
