Section 1: Sector Performance Targets

Section 1: Sector Performance Targets

1.1 Sector Performance Targets Template

***All commodity boards and commissions** are to identify between 3-5 board targets/goals that you think best demonstrate the strategic priorities and future direction of your sector.

*Some or all targets/goals may already be part of your strategic plan.

*Include an update on the targets set in the previous reporting period, **unless those targets were marked as complete in the previous report.**

*Target status: Completed; In Progress; To be started

*Use hyperlinks to provide supporting references where appropriate

For further information or examples of how to fill out the tables, refer to the [PARP Templates and Reporting Guide document \(pg 4-5\)](#) BCFIRB has provided

Target	Target description	Target status	Timeline
<p><i>What is to be achieved?</i> <i>Example: All hatching egg producers use an Animal Care Program</i></p> <p><i>(suggested up to 10 words)</i></p>	<p><i>Example: Canadian broiler hatching egg producers are committed to providing the highest level of animal care. To meet this commitment, the Hatching Egg Commission is implementing the Canadian Hatching Egg Producers (CHEP) Animal Care Program in B.C. The roll out of the program is complete, audits start in late August 2021.</i></p> <p><i>(suggested up to 70 words)</i></p>	<p><i>Example: In progress</i></p>	<p><i>Example: 2021 2021-2024</i></p>
<p>Certification and retain annual certification in CFC's Animal Care (ACP) and On-Farm Food Safety Program (OFFSP)</p>	<p>Chicken Farmers of Canada require all Canadian Provinces to participate in the CFC Animal Care Program and CFC On Farm Food Safety Programs. Through our Field Services staff, the BCCMB performs annual on-farm audits on all BC registered chicken farms.</p>	<p>100% certification under ACP and OFFSP was not achieved for 2021 due to COVID, heat dome, and flooding. BC Field Service representatives conducted 323 audits on 311 registered broiler premises in BC via record audits. 7 audits were not completed. These audits were scheduled and completed in early 2022.</p>	<p>ACP in effect since July 15, 2012 (A-112); OFFSP developed in 1998.</p>
<p>Certification and retain annual certification in BC Biosecurity Program</p>	<p>The BC Biosecurity Program is unique to the Province of BC and was developed in response to the 2004 Avian Influenza outbreak.</p>	<p>Program certification postponed due to COVID restriction as unable to do on-farm in-person audits as required by the program. After a GAP analysis undertaken by the BCCMB, Growers and industry were notified on July 9, 2021 that effective January 16, 2022 the BCCMB would eliminate the BC Poultry Bio-Security Program as it has become redundant. Is covered under ACP and OFFSP. Will continue to participate in discussions with other feather groups on the program.</p>	<p>Program to be eliminated effective January 16, 2022 (start of A-174).</p>

<p>100% utilization of BC's share of the CFC national allocation on a cycle-by-cycle basis.</p>	<p>BCCMB works to ensure its policies and regulations enable BC chicken growers to produce 100% of our share of the national chicken allocation; allows the BC chicken value chain to produce its share of the annual market for Canadian chicken.</p>	<p>Achieved 100.13% which represents a decrease from last year of 1.57% periodic allocation decrease from last year. While lower than the previous year, target of 100% was met despite dealing with multiple plant closures due to COVID outbreaks, wildfires, Heat Dome and Atmospheric River events in BC.</p>	<p>A-167 to A-173</p>
<p>Establish a Long Term Pricing Formula for mainstream chicken through the BCFIRB Pricing Review</p>	<p>As first instance regulator, make a decision on a Long Term Pricing Formula after through stakeholder engagement for recommendation to the BCFIRB Panel.</p>	<p>In progress. Due to ongoing pandemic, and various natural disasters (fire and flood) has resulted in delays and the concurrence of parties to extend the target for submission to the Review Panel.</p>	<p>Revised target to end of first quarter of 2022 to have BCCMB final decision to BCFIRB.</p>

Section 2: Governance

Tables 2.1 - 2.5

*Effective, strategic and accountable delivery of legislated regulatory responsibilities by boards requires good governance and sound decision-making.

*All commodity boards are to complete tables 2.1, 2.2, 2.3, 2.4, and 2.5.

*Fill in the Comments/Examples column with a brief description and/or web link and/or evidence/examples.

*Status reporting: In place; In place & under review ; In progress; To be started.

For further examples of how to fill out the tables, refer to the PARP Templates and Reporting Guide document BCFIRB has provided

Table 2.1 General Governance Tools and Related Regulatory Requirements

	Indicator	In place/ In progress/ To be started	Comments/Examples
Planning and reporting	Strategic Plan	In progress	The Board initiated a process to create a new multi-year strategic plan. COVID restrictions have required a process that will extend into 2022 to complete.
	Annual Report	Completed	Circulated to industry 2 weeks after AGM. Financial statements circulated 2 week before AGM.
	Annual General Meeting	Completed March 1, 2022	As a result of ongoing COVID pandemic and restrictions a hybrid AGM was held on March 1, 2022.
	Copies of all minutes, orders, reports, rules & regulations forwarded to BCFIRB as they are made	In place	Forwarded to BCFIRB within 3 days of approval as a standard procedure.
Rules	Consolidated Orders up to date & published	In place	Amendments email to industry; posted on website
	BCFIRB approved election rules	In place	Revision not required until 2023
Board and staff	Current member job descriptions	In place	Revision completed for Sept 2021 onboarding of 2 newly appointed members
	Member orientation (e.g., mandate, role, responsibilities, regulatory framework, governance)	In place	Policy review in progress by BCCMB Governance Committee
	Member training (e.g., role of officers, ethics, conflict of interest, fiduciary duties, decision-making practices)	In place	Ongoing. Board regularly participated in virtual COGA sessions.
	Staff orientation and training plans	In place	Ongoing and amended as required.
	Member and staff succession plan as applicable	In place	Updated as required.
	Member performance evaluations (annual)	In place	Conducted by COMB. Chair's evaluation provided to BCFIRB.
	Staff performance evaluations (annual)	In place	Performed annually by BCCMB Managers. ED's evaluation conducted by BCCMB Chair/Vice Chair.
Accountability	Member code of conduct signed	In place	Mandatory for each new board member prior to commencement of duties.
	Member conflict of interest signed and updated annually	In place	Renewed and updated every April.
Transparency	Governance and operational policies and controls up to date and public	In place	On website. Updated in 2021.

Table 2.2 Financial Accountability and Related Regulatory Requirements

	Indicator	In place/ In progress/ To be started	Comments/Examples
Financial statements	Auditor appointed in accord with Scheme requirements (if applicable)	In place	RFP required every 5 years. Nexy cycle 2022 fiscal.
	Audited financial statements (annual)	In place	BCCMB received clean audit report for 2021.
	Financial statements presented in annual report and at annual general meetings	In place	2021 presented at March 1, 2022 AGM to industry via hybrid meeting
Member expenses	Up to date approved member remuneration and expense policy consistent with legislation (where applicable)	In place	Board initiated review of policy. Completed in 2021.
Controls	Accounting practices are in accord with legislation and published standards	In place	Report provided to Board annually by external auditor.
	Internal financial controls are in place, and reviewed by auditors	In place	No management letter issues -- no areas of concern
	Senior staff engaged with budget development & approval	In place	Senior staff --> Governance/Finance Committee --> Board for final approval.
Accountability	Operational, program and other expenditures using levies collected under the <i>NPMA</i> are in accord with purposes of the Scheme.	In place	Scheme, <i>NPMA</i> , and BCFIRB Rainbow Decision used as guidance documents
	Financial accountability processes and policies in place with producer associations and other organizations that receive funding from boards to carry out delegated responsibilities under the <i>NPMA</i> .	In place	Funding and Use Report from BCCGA published annual in BCCMB Annual Report. Reviewed by Finance Committee prior to inclusion in report.

Table 2.3 Communication and Consultation

	Indicator	In place/ In progress/ To be started	Comments/Examples
Communication	Active industry communication plan or strategy	In place	E-newsletter circulated twice a month and other communiques as required. COVID restrictions required to adopt alternate mechanisms for Board meetings and industry communications via video conferencing (Zoom or Ring Central).
	Crisis management communication plan or strategy	In place	Designated media spokesperson in place. Plan in place and up to date.
Consultation	Consultation, as appropriate and meaningful, with stakeholders (e.g., producers, supply chain, BCFIRB, Ministry of Agriculture, national agencies) to address sound marketing policy and public interest questions.	In place	PPAC; SMAC; BC representatives at CFC, COMB, DEPI, and ad hoc committees. During 2021 the Board initiated a series of weekly conference calls with stakeholders, both within the chicken value chain and withing the poultry sector including government agencies to monitor, report and address issues and challenges resulting from he COVID pandemic, and natural disasters of 2021 (wild fires, heat dome, flood).
	Stakeholder feed back actioned where appropriate (e.g., policy or program development)	In place	Annual satisfaction survey conducted (in October), reviewed and acted upon a required.
Evaluation	Avenue for regular stakeholder feedback on board operations, processes, policies and communications.	In place	Board meetings in each region; Quarterly meetings with BCCGA and PPPABC. Due to COVID restrictions, virtual meetings were held to maintain communications and contact on key issues facing the chicken industry.

Table 2.4 Decision Making

	Indicator	In place/ In progress/ To be started	Comments/Examples
Requirements	Quorum confirmed prior to decision making	In place	Chair confirms prior to commencement of each meeting.
	Conflict of interest disclosure and recusals recorded	In place	As above; recusals. If any, are recoved within the BCCMB Minutes
Process	Processes are fair, inclusive, transparent, effective and strategic based on the matter to be decided.	In place	All decisions view through SAFETI lens. See Schedule 15's on website.
Outcome	Full rationale published for major decisions (e.g., including demonstrated application of consultation, market and other necessary information to reach sound marketing policy outcomes; demonstrated use of SAFETI in process & outcome)	In place	SAFETI's posted on public side of website.
	Prompt timing, delivery and publishing of decisions	In place	See website.

Table 2.5 Decision Assessment

Assessment of focus of appeals and supervisory reviews. Assessment of what triggered appeal(s) and/or reviews. Lessons learned (process and sound marketing policy outcomes).

Decision Assessment
<p>Development of a Long-Term Pricing Decision/BCFIRB Supervisory Review -- The work of the Pricing Working Group (PWG) initiated in 2019 continued into March 2021 and was terminated as a result of the BCFIRB decision to initiate a Supervisory Review of chicken pricing. The Board worked with the Commission and the BCFIRB Liaison to establish terms of reference, workplan and engagement strategy for the Supervisory Review. The Board and Commission remain first instance regulators and decision makers in the process, which will culminate with those decisions forming the basis of recommendations to the BCFIRB Panel for review and approval. The Board and Commission issues background documents in October of 2021 and held 2 industry round tables as part of the engagement strategy. Work on the files was disrupted throughout 2021 due to response and management of COVID pandemic issues, such as ordered plant closures and national allocation issues. It was further delayed due to wild fires in the BC Interior, Heat Dome and the Atmospheric River events which impacted the entire province.</p> <p>Cedar Creek Farms/Court of Appeal: The Cedar Creek file moved from summary dismissal at BCFIRB, to BC Supreme Court, to the BC Court of Appeal. The appeal court hearing took place on November 20, 2020 via ZOOM and the decision was rendered on February 22, 2021. The Board and BCFIRB prevailed and the Chamber Judge's decision was overturned. The Court of Appeal found the Chambers Judge erred in finding that there was procedural unfairness in the FIRB process. The FIRB process was found to be fair, and properly informed by the principles of natural justice and procedural fairness. The court of Appeal set aside the order of the Chambers Judge and restored the decision of BCFIRB. The restrictions placed on Vancouver Island New Entrant Quota stands.</p>

Section 3: Sector Summary Part 1

Tables 3.1 - 3.7

Sector Basics

* **All commodity boards** are to complete the tables in Section 3, providing the following definitions and statistics.

* *Examples are included in italics with a "*" next to them. Please delete when filling in your own stats and information.*

For further information or examples of how to fill out the tables, refer to the PARP Templates and Reporting Guide document BCFIRB has provided

Table 3.1 Reporting Time Period

Define the start and end date of the period being reported on their PARP report.

Reporting Period	
Start date of reporting period	January 1, 2021
End date of reporting period	December 31, 2021

Table 3.2 Production Measurements Defined

Define the units of measurements used in the sector to measure production volume, and quota if applicable.

Production Measurement Definitions	
Quota Unit	KG Live Weight, 1 bird = 1.929 kilograms live weight
Production Unit	KG Live Weight

Table 3.3 Regulated and Supply Managed Products Defined

*~~E~~or all commodity boards: Define the regulated product(s)

*~~E~~or regulated boards: Identify production volume (and crop type and/or other factor if applicable) where a licence is required (e.g. cranberries - > 2 acres)

*~~E~~or supply managed boards: Identify production volume for personal exemption; small lot permit or small lot type program; and, volume where quota required.

Regulated Definition
Up to 200 chicken per person per calendar year is exempt, over 200 chicken to a maximum of 2000 chicken must apply for \$20 permit, over 2000 chicken requires quota

Table 3.4 Production Type Definitions

Define the major production types within the sector, and provide a brief explanation for each.

Production Type Definitions	
Production Type	Explanation
Mainstream Quota	is a class of quota expressed in kilograms of live weight for the production and marketing of chicken allotted by the Board. Mainstream quota is for the production of regular broilers, roasters, Cornish, or certified organic, and is derived from a commercially available broiler chick stock, such as, but not limited to, Hubbard ISA, Cobb Vantress, or Ross Breeders;
Regular Broiler	is any chicken (with the exception of Asian Chicken and chicken used for egg production) that is under 6 months of age, bred and raised specifically for meat production
Organic Broiler	is chicken certified as organic by an agency accredited by the Organic Associations of British Columbia or such other certifying authority as has been recognized by the Board
Specialty Quota: Asian Chicken	is a class of quota expressed in kilograms of live weight for the production and marketing of chicken allotted by the Board. Specialty quota is designated by the Board for the production of specialty chicken including Asian chicken, such as Silkies and Taiwanese Chicken. The Board may designate specialty quota for the production of innovative new products that do not currently exist in the marketplace including those derived from a traditional or heritage breed. Effective with the commencement of quota period A-126 (September 7, 2014) Redbro is no longer classified as Specialty chicken;
Taiwanese	"Asian chicken" is chicken of a distinct genetic strain designated by the Board and includes Silkies and Taiwanese chicken
Silkie	

Table 3.5 Producer Size Definitions

Create producer size categories based on production volume or quota units that are relevant to the sector

Please ensure there are no overlaps or gaps between size categories

Producer Size Definitions	
Small Producer	Under 50,000 kgs
Medium Producer	50,001 kgs to 300,000 kgs
Large Producer	Over 300,001 kgs

Table 3.6 Small Lot Type programs - Producers By Region

Program Name:	Program Description/Explanation
Permit Growers	BC Residents can apply to grow up to 2,000 chicken per year for farm direct marketing. The permit administration fee is \$20 and permit holders must report their placement and slaughter records. In BC all meat offered for sale must be processed at a provincially or federally inspected and approved facility.

from website

*Use this table to report permit or small lot type program such as Producer-Vendor, Cottage Industry Program, Direct Vendor Grower or Small Lot Innovative Self Marketer or similar permit program

*Identify program and report the number of producers participating in small lot type programs per region, at the end of the reporting period.

Section 4: Quota Management & Movement Part 3

Tables 4.10 - 4.16

Growth Quota

* Use these tables to report any growth quota issued to producers due to an increase in overall quota holdings in B.C. that occurred during the reporting period.

* Statistics are broken down by established and new producers, and the number of producers who received quota within each category and the volume of growth quota they received.

For further information or examples of how to fill out the tables, refer to the PARP Templates and Reporting Guide document BCFIRB has provided

4.10 Growth Quota Basic Information

*If boards issued growth quota in the reporting period, report basic growth quota statistics. If no growth quota was issued, please indicate so.

Growth Quota Allocation Basic Statistics
