## Section 1: Sector Performance Targets

### 1.1 Sector Performance Targets Template

\***All commodity boards and commissions** are to identify between 3-5 board targets/goals that you think best demonstrate the strategic priorities and future direction of your sector.

\*Some or all targets/goals may already be part of your strategic plan.

\*Include an update on the targets set in the previous reporting period, **unless those targets were marked as complete in the previous report.**

\*Target status: Completed; In Progress; To be started

\*Use hyperlinks to provide supporting references where appropriate

For further information or examples of how to fill out the tables, refer to the PARP Templates and Reporting Guide document (pg 4-5) BCFIRB has provided

Target	Target description	Target status	Timeline

This target is in conjunction with Egg Farmers of Canada and will be completed through many tactics including: - refresh our online presence - increased direct to consumer marketing - increase education opportunities with teachers and students	In Progress	2019-2025
Optimize our internal systems to better analyse our hen housing and production data	Update cubes in TM1 and update the producer portal by the end of 2021, providing producers with greater capacity to analyze their data.	In Progress: Cubes are currently being updated, after which the producer portal can be redesigned.	2022
Conduct Regional Outreach	Convene at least four engagement events in the northern regions by the end of 2021 to ensure these regions are aware of the resources BC Egg can provide.	In Progress: Methods of outreach are being researched. COVID restrictions previously delayed this project and AI has further delayed it.	2022
Enhance farm transparency	Publish 100% of farmers' profiles on our website by December 2021 (this will include on-farm program audits). Post audit requirements for all programs on our website by December 2021.	Complete	Complete

**For further information or examples of how to fill out the tables, refer to the PARP Templates and Reporting Guide document BCFIRB has provided**

#### **Table 4.4 Quota Transfer Restrictions**

\* Use this table to report on any quota transfer restrictions (excluding BCFIRB directed restrictions) that affect how quota is transferred (e.g., regional movement restrictions).

\* Statistics are broken down by established and new producers, and the number of producers who received quota within each category and the volume of growth quota they received.

**For further information or examples of how to fill out the tables, refer to the PARP Templates and Reporting Guide document BCFIRB has provided**
