Table 3.20 New Entrant Program Description

Program Name:	Program Description/Explanation
New Producer Program	<p>The BC Broiler Hatching Egg Commission provides for a New Producer Program. This is for individuals who have a genuine interest in starting a career as a hatching egg producer. The Program is intended to reduce quota as being a barrier to entry.</p> <p>The Commission maintains a new producer allocation pool that is funded by transfer assessments, under its current quota management policies. Once the pool contains 5,000 broiler breeder pullets of Placement Quota and where market conditions exist, the Commission will invite an applicant on the Prospective Producer List (PPL) to enter the program. Within 60 days, the applicant must provide proof of financial ability to establish an acceptable Independent Production Unit (IPU), economically viable plans to sustain production and establish an IPU, among other information. Only when the PPL requires additional names on the list will a call for applications be made, and an independent third party conduct a lottery.</p> <p>The New Producer Program is currently suspended pending review of the program, in conjunction with the quota management policies review the Commission has begun, as part of its Strategic Plan.</p> <p>The Commission communicates with applicants on the PPL and stakeholders through emails and a dedicated webpage: https://bcbhec.com/new-producer-program/</p> <p>Currently, there are four individuals on the PPL. A full set of the New Producer Program rules can be found in Schedule 1 of the Consolidated Order: https://bcbhec.com/2021/01/01/consolidated-order-of-january-1-2021/</p>
