<b>Decision Assessment</b>
One appeal was filed and completed in 2023/2024 with K&M Farms as the Appellant and BCTMB and the Respondent. The Panel's decision confirmed that it is the Board's judgement call whether to enact a policy when requested to do so and that it must consider the interested of the entire industry when doing so. The Board's process of an Advisory Committee, including broad industry consultation, prior to a decision was proven to be sound. The Panel's decision provided clarity on when it would be reasonable for the Board to intervene in a situation regarding a grower and processor and when it would not be.

## Tables 4.10 - 4.16

### Growth Quota

\* Use these tables to report any growth quota issued to producers due to an increase in overall quota holdings in B.C. that occurred during the reporting period.

\* Statistics are broken down by established and new producers, and the number of producers who received quota within each category and the volume of growth quota they received.

**For further information or examples of how to fill out the tables, refer to the PARP Templates and Reporting Guide document BCFIRB has provided**

#### 4.10 Growth Quota Basic Information

\*If boards issued growth quota in the reporting period, report basic growth quota statistics. If no growth quota was issued, please indicate so.
