This appeal was brought on pursuant to the provisions of Section 11 of the Natural Products Marketing (BC) Act and was heard in Richmond, B.C. on Monday, the 30th of March, 1981.

In the determination of the British Columbia Marketing Board dated April 22, 1981, the matter of appeal concerning the Respondent's decision to assess an "increase licensing fee" on overproduction by the Appellant in the 1980 quota year was

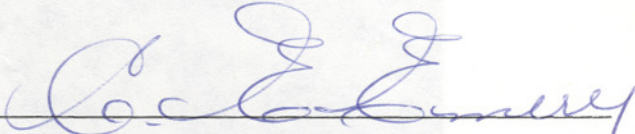

adjourned by this Board pending a decision by the Canadian Turkey Marketing Agency.

The Canadian Turkey Marketing Agency has advised this Board that 1980 overproduction penalties, both monetary and poundage, are waived and that any monetary penalties held by the C.T.M.A. relating to the 1980 overproduction were returned to the B.C. Turkey Marketing Board on October 22, 1981.

This Board has determined that the appeal should be allowed. It is ordered therefore that the Respondent return the assessed "increase licensing fee" to the Appellant.

The deposit lodged by the Appellant shall be returned in its entirety.

DATED at Burnaby, B.C. this *14th* day of *Jan.*, 1982.

Chas. E. Emery, Chairman
British Columbia Marketing Board
