Subject: Re: LONG TERM CHICKEN PRICING REVIEW PROCESS

Attention, Kirsten Pedersen

Thank you for the opportunity to provide some comments on the Cross Sector Review Process. The BCBHEPA noticed one line from the document jump out: "Lastly, poultry processor competitiveness and interests need to be included in this Review." Given the history of processors' lack of willingness to provide any sort of financial information when it comes to pricing negotiations, we find this comment to be an immediate hindrance to the process. Until they are willing to "open their books," so to say, they should not be considered in the pricing process.

Bryan Brandsma
BCBHEPA
