Subject: Amending Order 21 - A182 Pricing

Hello,

Please find attached Amending Order 21 to the January 1, 2021 Consolidated Order for Pricing for A182.

We draw your attention to the following:

- This is the fourth period pricing set under the COP-Based Pricing Framework, in accordance with the [March 4, 2022 Proposal](#) and the [June 3, 2022 BCFIRB Decision](#).
- The final two pages (pp. 33-34) of the Implementation Plan contain the *Period A182 Pricing Report to PPAC* with specific calculations which include the efficiency trimming and phase-in schedule. Prices on those pages have an orange border.

Sincerely,

Joshua
