All

I am quite concerned that, without asking in advance for the Board's permission, the Commission is making submissions on the substance of this proceeding. In my view, the attached letter goes well beyond a request for clarification and seeks to persuade the Board to a particular view. Such a submission is not permitted by the Terms of Reference.

I would ask the Board to disallow this submission other than to present any clarification it thinks necessary. To be clear, we do not believe any clarification is needed as the nature of the hearing and the Board's jurisdiction is quite clear from the governing legislation

Thank you
