

QUICK REFERENCE GUIDES

Quick Reference Guides

The Quick Reference Guides (QRGs) provide a summary of policy and procedures for the topics listed below. QRGs are also located in *Resources for Staff* in the OLR.

The QRGs contain direct links to the OLR and additional related resources. These guides will continue to be updated and additional QRGs will be added as and when required. The **red font** within a QRG highlights any updates made within the guide and the updated date is indicated in the title box and footer.

Please always refer to the most current version. QRGs are to be used in conjunction with policy and procedures in the OLR.
