

BC Seniors Supplement Rates* by Income** and Marital Status

*Note that this table is provided for reference only. The rate for Seniors Supplement is determined based on the amount of the federal Guaranteed Income Supplement (GIS) or Allowance a citizen receives, not their income. See Government of Canada website for corresponding tables showing OAS/GIS rates by clicking [here](#).

** Income is equal to income for GIS purposes as determined by Service Canada using information provided on your income tax return. Any discrepancies between income and the Seniors Supplement should be addressed with Service Canada to assess the entitlement to GIS or the Allowance.

Tables

Table 1: Amounts for single, surviving spouse/common-law partner or divorced pensioners receiving a full Old Age Security pension.	2
Table 2: Amounts for married or common-law partners, both receiving a full Old Age Security pension	3
Table 3: Amounts for individuals receiving a full Old Age Security pension whose spouse or common-law partner does not receive an OAS pension	4
Table 4: Amounts for individuals receiving a full Old Age Security pension and their spouse or common-law partner aged 60 to 64	5

Table 1: Amounts for single, surviving spouse/common-law partner or divorced pensioners receiving a full Old Age Security pension.
