

Introduction to Summary of Audited Financial Statements of Public Bodies Reporting under the *Financial Information Act*

This section of the Public Accounts contains summaries of the financial statements of corporations required to report under the *Financial Information Act*, (R.S.B.C. 1996, chap. 140, sec.2).

Corporation means corporation, association, board, commission, society or public body as defined in this Act.

Information required under the *Financial Information Act* for each fiscal year shall include:

- a statement of assets and liabilities;
- an operational statement;
- a schedule of the amount of debts;
- a schedule of guarantees and indemnity agreements;
- a schedule showing, in respect of each employee earning more than a prescribed amount, the total remuneration paid to the employee and the total amount paid for his/her expenses, and a consolidated total of all remuneration paid to all other employees;
- a schedule showing the total amount paid to each supplier of goods or services during the fiscal year that exceeds a prescribed amount, and a consolidated total of all other payments made to suppliers of goods or services during that fiscal year.

The first four items are included in the annual audited financial statement report here. The supplementary information regarding remuneration and supplier payments is available from the Crown corporations.

These summary statements do not contain the detailed financial information listed above for each entity. They are only intended to give the reader an overview of the size and scope of the entities to which the *Financial Information Act* applies. Organizations included in the province's reporting entity are not included in this section.

Complete financial statements may be obtained from a corporation on payment of a prescribed fee.
