²This schedule differs from other Operating Expenses schedules and statements. Amounts for Votes as voted on in the Legislative Assembly are compared against spending for the votes in this schedule. Special Accounts spending and other Statutory Appropriations spending are not included in this schedule unless the Statutory Appropriation was applied to a vote. All amounts that are part of the Contingencies (All Ministries) and New Programs Vote are showing as part of the Contingencies and New Programs vote whereas in other schedules the budget is reallocated to the program to show total spending for that program. See page 104 and 105 of the Public Accounts for a complete listing of ministry spending. These amounts do not include adjustments to prior year's accrual.

The Budget provided to the Legislative Assembly presents the plans of a ministry or special office to a program level of detail and is based upon anticipated activities at the beginning of the year. Actual demands and spending may not entirely accord with those original plans. Amounts are, therefore, voted in the Legislative Assembly at the Vote level and ministries and special offices are free to move budget within the constraints of the total vote to accomplish the primary goals of the vote. Spending variances within a vote frequently represents such a reallocation of budget between programs.

The Budget provided to the Legislative Assembly presents the plans of a ministry or special office to a program level of detail and is based upon anticipated activities at the beginning of the year. Actual demands and spending may not entirely accord with those original plans. Amounts are, therefore, voted in the Legislative Assembly at the Vote level and ministries and special offices are free to move budget within the constraints of the total vote to accomplish the primary goals of the vote. Spending variances within a vote frequently represents such a reallocation of budget between programs.

Special Account

CROWN LAND

This account was originally created as a fund by authority of Section 7 of the *Department of Housing Act, 1973*, was replaced by the Crown Land Fund effective July 31, 1979 pursuant to the *Ministry of Lands, Parks and Housing Act*, and was changed to a Special Account under the *Special Accounts Appropriations and Control Act, 1982*.

Revenue sources include land sales, land exchanges, land tenures, royalty revenues, interest income, sales of density allotments pursuant to community plans, and fees. Costs of development reflect those costs directly associated with the acquisition, servicing, development, tenuring and disposition of Crown land. Expenses include costs such as reporting, clean-up, and Crown land servicing. Receipts represent repayment of outstanding loans and deposits made on pending sales.

This Special Account now includes the write-up from book value to market value (revenue) and related expenses associated with providing Free Crown Grants and Nominal Rent Tenures at less than fair market value, in accordance with generally accepted accounting principles. Free Crown Grants are grants of Crown land, and Nominal Rent Tenures are leases of Crown land to organizations inside or outside of the government reporting entity, usually provided free or at a nominal value. An expense budget is provided based on an assessment of requirements for Free Crown Grants or Nominal Rent Tenures. As write-ups to fair market value (revenue) are fully offset by grant transfers (expense) to beneficiaries, these transactions do not impact the bottom line for the Special Account or the government's summary accounts.
