

Consolidated Financial Statements of

UNIVERSITY OF VICTORIA

Years ended March 31, 2013 and 2012

STATEMENT OF ADMINISTRATIVE RESPONSIBILITY FOR FINANCIAL STATEMENTS

The University is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards and Treasury Board direction outlined in note 2 (a). This responsibility includes selecting appropriate accounting principles and methods and making decisions affecting measurement of transactions in which objective judgment is required. In fulfilling its responsibilities and recognizing the limits inherent in all systems, the University's management has developed and maintains a system of internal controls designed to provide reasonable assurance that the University assets are safeguarded from loss and that the accounting records are a reliable basis for the preparation of financial statements. The system of internal controls is monitored by the University's management.

The Board of Governors carries out its responsibility for review of the financial statements principally through its audit committee. The members of the Audit Committee are not officers or employees of the University. The Audit Committee meets with the management and with the internal and external auditors to discuss the results of audit examinations and financial reporting matters. The auditors have full access to the Audit Committee, with and without the presence of the management.

The financial statements have been examined by KPMG LLP, Chartered Accountants, the external auditors appointed by the University's Board of Governors. The Independent Auditors' Report outlines the nature of their examination and their opinion on the consolidated financial statements of the University for the years ended March 31, 2013 and 2012.

On behalf of the University:

_____ Chair, Board of Governors

_____ Vice-President Finance and Operations

INDEPENDENT AUDITORS' REPORT

To the Board of Governors of the University of Victoria and the Minister of Advanced Education, Innovation and Technology

We have audited the accompanying consolidated financial statements of the University of Victoria, which comprise the consolidated statements of financial position as at March 31, 2013, March 31, 2012 and April 1, 2011, the consolidated statement of remeasurement gains and losses for the year ended March 31, 2013, the consolidated statements of operations, changes in net debt and cash flows for the years ended March 31, 2013 and March 31, 2012, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

Page 2

Opinion

In our opinion, the consolidated financial statements of the University of Victoria as at March 31, 2013, March 31, 2012 and April 1, 2011 and for the years ended March 31, 2013 and March 31, 2012 are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

Emphasis of Matter

Without modifying our opinion, we draw attention to Note 2(a) to the consolidated financial statements which describes the basis of accounting and the significant differences between such basis of accounting and Canadian public sector accounting standards.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

1. Authority and Purpose

The University of Victoria operates under the authority of the *University Act* of British Columbia. The University is a not-for-profit entity governed by a 15 member Board of Governors, eight of whom are appointed by the government of British Columbia including two on the recommendation of the Alumni Association. The University is a registered charity and is exempt from income taxes under section 149 of the *Income Tax Act*.

The University is a comprehensive research university offering a wide range of undergraduate, graduate and continuing studies programs. The academic governance of the University is vested in the Senate.

2. Summary of significant accounting policies

The consolidated financial statements of the University are prepared by management in accordance with the basis of accounting described below. Significant accounting policies of the University are as follows:

(a) Basis of accounting:

The consolidated financial statements have been prepared in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board.

The Budget Transparency and Accountability Act requires that the consolidated financial statements be prepared in accordance with the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada, or if the Treasury Board makes a regulation, the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada as modified by the alternate standard or guideline or part thereof adopted in the regulation.

Regulation 257/2010 requires all tax-payer supported organizations in the Schools, Universities, Colleges and Hospitals sectors to adopt Canadian public sector accounting standards without any PS4200 elections effective their first fiscal year commencing after January 1, 2012.

Regulation 198/2011 requires that restricted contributions received or receivable for acquiring or developing a depreciable tangible capital asset or contributions in the form of a depreciable tangible capital asset are to be deferred and recognized in revenue at the same rate that amortization of the related tangible capital asset is recorded.

For British Columbia tax-payer supported organizations, these contributions include government transfers and externally restricted contributions.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

2. Summary of significant accounting policies (continued)

(a) Basis of accounting (continued):

The accounting policy requirements under Regulation 198/2011 are significantly different from the requirements of Canadian public sector accounting standards which requires that:

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410; and
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100.

As a result, revenue recognized in the statement of operations and certain related deferred capital contributions would be recorded differently under Canadian public sector accounting standards.

(b) Basis of consolidation:

(i) Consolidated entities

The consolidated financial statements reflect the assets, liabilities, revenues, and expenses of organizations which are controlled by the University. Controlled organizations are consolidated except for government business enterprises which are accounted for by the modified equity method. Inter-organizational transactions, balances, and activities have been eliminated on consolidation.

The following organizations are controlled by the University and fully consolidated in these financial statements:

- UVic Industry Partnerships (formerly University of Victoria Innovation and Development Corporation) which facilitates research partnerships between the private sector and the University.
- University of Victoria Properties Investments Inc. which manages the University's real estate holdings including the Vancouver Island Technology Park Trust.
- Ocean Networks Canada Society which manages the University's VENUS and NEPTUNE ocean observatories.
- Pacific Climate Impacts Consortium which stimulates collaboration to produce climate information for education, policy and decision making.
- Victoria Long Term Disability Trust which administers an employee benefit plan on behalf of the University's faculty and administrative professional staff.
- University of Victoria Foundation, the Foundation for the University of Victoria, and the U.S. Foundation for the University of Victoria which encourage financial support of the University and administer the University's endowment funds.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

2. Summary of significant accounting policies (continued)

(b) Basis of consolidation (continued):

(ii) Investment in government business enterprises

Government business enterprises are accounted for by the modified equity method. Under this method, the University's investment in the business enterprise and its net income and other changes in equity are recorded. No adjustment is made to conform the accounting policies of the government business enterprise to those of the University other than if other comprehensive income exists, it is accounted for as an adjustment to accumulated surplus (deficit). Inter-organizational transactions and balances have not been eliminated, except for any profit or loss on transactions between entities of assets that remain within the entities controlled by University.

The following organizations are controlled government business enterprises and are accounted for by the modified equity method:

- Heritage Realty Properties Ltd. which manages the property rental and downtown hotel and brew-pub operation donated by the late Michael C. Williams.
- Vancouver Island Technology Park Trust which provides leased space to high-technology companies on Vancouver Island.

(iii) Investment in government partnerships

Government partnerships that are not business partnerships are accounted for under the proportionate consolidation method. The University accounts for its share of the partnership on a line by line basis on the financial statements and eliminates any interorganizational transactions and balances. Accounting policies of the partnership, which is not a business partnership, are conformed to those of the University before it is proportionately consolidated.

The following organizations are government partnerships and are proportionately consolidated in these financial statements:

- Tri-Universities Meson Facility (TRIUMF) which operates a research facility for sub-atomic physics located at the University of British Columbia. The financial statements include the University's 9.09% interest.
- Western Canadian Universities Marine Sciences Society (WCUMSS) which operates a marine research facility at Bamfield on the west coast of Vancouver Island. The financial statements include the University's 20% interest.

(iv) Funds held in trust

Funds held in trust by the University as directed by agreement or statute for certain beneficiaries are not included in the University's consolidated financial statements.

(c) Cash and cash equivalents:

Cash and cash equivalents include highly liquid investments with a term to maturity of three months or less at the date of purchase.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

2. Summary of significant accounting policies (continued)

(d) Financial instruments:

Financial instruments are classified into two categories: fair value or cost.

- (i) Fair value category: Portfolio instruments that are quoted in an active market and derivative instruments are reflected at fair value as at the reporting date. Other financial instruments which the University has designated to be recorded at fair value include endowment and portfolio investments. Sales and purchases of investments are recorded on the trade date. Transaction costs related to the acquisition of investments is recorded as an expense. Unrealized gains and losses on financial assets are recognized in the Statement of Remeasurement Gains and Losses until such time that the financial asset is derecognized due to disposal or impairment. At the time of derecognition, the related realized gains and losses are recognized in the Statement of Operations and Accumulated Surplus and related balances reversed from the Statement of Remeasurement Gains and Losses. Unrealized gains and losses in endowment investments, where earnings are restricted as to use, are recorded as deferred contributions and recognized in revenue when disposed and when related expenses are incurred. Restricted unrealized gains spent to meet current year endowment expenses or capitalization transfers are recorded in the Statement of Remeasurement Gains and Losses.
- (ii) Cost category: Gains and losses are recognized in the Statement of Operations and Accumulated Surplus when the financial asset is derecognized due to disposal or impairment. Sales and purchases of investments are recorded on the trade date. Transaction costs related to the acquisition of investments are included in the cost of the related investments. Accounts receivable are measured at amortized cost using the effective interest method; accounts payable and accrued liabilities and long term debt are measured at amortized cost using the effective interest method. Any gains, losses or interest expense is recorded in the annual surplus (deficit) depending on the nature of the financial liability that gave rise to the gain, loss or expense; loans receivable are recorded at cost, or amortized cost using the effective interest method, less any amount for valuation allowance. Valuation allowances are made when collection is in doubt. Interest is accrued on loans receivable to the extent it is deemed collectible.

The Standards require an organization to classify fair value measurements using a fair value hierarchy, which includes three levels of information that may be used to measure fair value:

- Level 1 – Unadjusted quoted market prices in an active market for identical assets or liabilities,
- Level 2 – Observable or corroborated inputs, other than level 1, such as quoted prices for similar assets or liabilities in inactive markets or market data for substantially the full term of the assets or liabilities; and
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

2. Summary of significant accounting policies (continued)

(d) Financial instruments (continued):

The University applied requirements of PS 3450, Financial Instruments, effective April 1, 2012, in the same period as it adopted Public Sector Accounting Standards for the first time. PS 3450 was not applied retroactively. Comparative amounts for financial instruments are presented in accordance with the accounting policies applied by the University immediately preceding its adoption of Public Sector Accounting Standards, as follows:

The University measured its cash and cash equivalents, derivative instruments, and endowment and other investments at fair value and designated them as held-for-trading. Annual changes in the fair value of investments were recognized in the consolidated statement of operations. Transaction costs directly attributable to the acquisition of the investments were recognized as expenses immediately on the statement of operations.

Accounts receivable and related party long term receivables were classified as loans receivable; accounts payable and long term debt were classified as financial liabilities; both categories were carried at amortized cost using the effective interest method.

For the year ended March 31, 2012, the University applied the financial instrument disclosure and presentation standards in accordance with Section 3861 of CICA Handbook.

(e) Short-term investments:

Short term investments are comprised of money market securities and other investments with maturities that are capable of prompt liquidation. Short-term investments are cashable on demand and are recorded at cost based on the transaction price on the trade date. All interest income, gains and losses are recognized in the period in which they arise.

(f) Inventories for resale and assets held for sale

Inventories held for resale, including books, merchandise and food are recorded at the lower of cost or net realizable value. Cost includes the original purchase cost, plus shipping and applicable duties. Net realizable value is the estimated selling price less any costs to sell.

Assets held for sale are those expected to be sold within one year. They are valued at the lower of cost and expected net realizable value. Cost includes amounts for improvements to prepare the assets for sale.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

2. Summary of significant accounting policies (continued)

(g) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets

Tangible capital assets are recorded at cost, which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. Interest is not capitalized whenever external debt is issued to finance the construction of tangible capital assets. The cost, less residual value, of the tangible capital assets, excluding land and landfill sites, are amortized on a straight line basis over their estimated useful lives shown below. Land is not amortized as it is deemed to have a permanent value.

Donated assets are recorded at fair value as the date of donation. In unusual circumstances where fair value cannot be reasonably determined, the tangible capital asset would be recognized at nominal value.

Asset	Straight line Rate
Buildings – Concrete	50 years
Buildings – Woodframe	30 years
Buildings – Heritage	35 years
Site improvements	30 years
Equipment – Computing	3 years
Equipment – Other	8 years
Information systems	8 years
Furnishings	8 years
Library Holdings	10 years
Ships/Vessels	25 years

Assets under construction are not amortized until the asset is available for productive use.

Tangible capital assets are written down when conditions indicate that they no longer contribute to the University's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value.

(ii) Works of art and historic assets

Works of art and historic assets are not recorded as assets in these financial statements.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

2. Summary of significant accounting policies (continued)

(g) Non-financial assets:

(iii) Leased tangible capital assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

(iv) Inventories held for use

Inventories held for use are recorded at the lower of cost and replacement cost.

Cost includes the original purchase cost, plus shipping and applicable duties. Replacement cost is the estimated current price to replace the items.

(h) Employee future benefits:

The costs of pension and other future employee benefits are recognized on an accrual basis over the working lives of employees as detailed in Note 11.

(i) Revenue recognition:

Tuition and student fees and sales of goods and services are reported as revenue at the time the services are provided or the products are delivered, and collection is reasonably assured.

Unrestricted donations and grants are recorded as revenue when receivable if the amounts can be estimated and collection is reasonably assured. Pledges from donors are recorded as revenue when payment is received by the University or the transfer of property is completed.

Restricted donations and grants are reported as revenue depending on the nature of the restrictions on the use of the funds by the contributors as follows:

- (i) Contributions for the purpose of acquiring or developing a depreciable tangible capital asset or in the form of a depreciable tangible capital asset, in each case for use in providing services are recorded and referred to as deferred capital contributions and recognized in revenue at the same rate that amortization of the tangible capital asset is recorded. The reduction of the deferred capital contributions and the recognition of the revenue are accounted for in the fiscal period during which the tangible capital asset is used to provide services.
- (ii) Contributions restricted for specific purposes other than for those to be held in perpetuity or the acquisition or development of a depreciable tangible capital asset are recorded as deferred contributions and recognized in revenue in the year in which the stipulation or restriction on the contribution have been met.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

2. Summary of significant accounting policies (continued)

(i) Revenue recognition:

- (iii) Contributions restricted to be retained in perpetuity, allowing only the investment income earned thereon to be spent are recorded as restricted endowment contributions in the statement of operations and accumulated surplus for the portion to be held in perpetuity and as deferred contributions for any restricted investment income earned thereon.

Investment income includes interest recorded on an accrual basis and dividends recorded as declared, realized gains and losses on the sale of investments, and writedowns on investments where the loss in value is determined to be other-than-temporary.

(j) Pledges, gifts-in-kind and contributed services:

Pledges from donors are recorded when payment is received by the University or the transfer of property is completed since their ultimate collection cannot be reasonably assured until that time. Gifts-in-Kind include securities and equipment which are recorded in the financial statements at their fair market value at the time of donation. The University acknowledges the substantial and significant services provided by its many volunteers. The value of these services is not determinable and is not recorded in the financial statements.

(k) Use of estimates:

The preparation of the financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets, liabilities, and related disclosures. Key areas where management has made estimates and assumptions include those related to the carrying amount of capital assets, valuation allowances for receivables and inventories, the valuation of financial instruments and assets and obligations related to employee future benefits. Where actual results differ from these estimates and assumptions, the impact will be recorded in future periods when the difference becomes known.

(l) Asset retirement obligations:

The University recognizes asset retirement obligations in the period in which it incurs a legal obligation associated with the retirement of a tangible long-lived asset, including leased premises resulting from the acquisition, construction, development, and/or normal use of the asset. The fair value of the asset retirement cost is capitalized as part of the carrying value of the related long-lived asset and is amortized over the life of the asset. The liability may be changed to reflect the passage of time and changes in the fair value assessment of the retirement obligation. At this time the University has determined that there are no significant retirement obligations with respect to its assets.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

2. Summary of significant accounting policies (continued)

(m) Foreign currency translation:

The University's functional currency is the Canadian dollar. Transactions in foreign currencies are translated into Canadian dollars at the exchange rate in effect on the transaction date. Monetary assets and liabilities denominated in foreign currencies and non-monetary assets and liabilities which were designated in the fair value category under the financial instrument standard are reflected in the financial statements in equivalent Canadian dollars at the exchange rate in effect on the balance sheet date. Any gain or loss resulting from a change in rates between the transaction date and the settlement date or balance sheet date is recognized in the Statement of Remeasurement Gains and Losses. In the period of settlement, the related cumulative remeasurement gain/loss is reversed in the Statement of Remeasurement Gains and Losses and the exchange gain or loss in relation to the exchange rate at the date of the item's initial recognition is recognized in the Statement of Operations and Accumulated Surplus.

(n) Budget figures:

Budget figures have been provided for comparative purposes and have been derived from the 2012/13 to 2014/15 Planning and Budget Framework approved by the Board of Governors of the University on March 27, 2012 and the University's first quarter forecast provided to the Province. The budget is reflected in the Statement of Operations and Accumulated Surplus and the Statement of Changes in Net Debt.

3. Adoption of new financial reporting framework and prior period adjustment

Effective April 1, 2012, the University adopted the financial reporting framework described in note 2(a). These consolidated financial statements are the first financial statements for which the University has applied this financial reporting framework. Previously, the University's consolidated financial statements were prepared in accordance with Part V of Canadian generally accepted accounting principles.

The impact of the adoption to this financial reporting framework on accumulated surplus at the date of transition and the comparative annual surplus is presented below. These accounting changes have been applied retroactively with restatement of prior periods.

The University has elected to use the following exemptions allowed upon first-time adoption:

- Retirement and post-employment benefits
 - o The University has elected to delay application of the new discount rate until the sooner of the date of the next actuarial valuation or three years from transition date, and has also elected to record all cumulative gains and losses from inception to date of transition into accumulated surplus.
- Business Combinations
 - o The University as elected to not apply Business Combinations, section PS 2510, to business combinations before transition date and has consistently applied this to all business combinations.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

3. Adoption of new financial reporting framework and prior period adjustment (continued)

Key adjustments on the University's consolidated financial statements resulting from the adoption of these accounting standards are as follows:

- a) Previously, the University recorded its interest in the joint ventures of WCUMSS and TRIUMF using the equity method of accounting. Under Canadian public sector accounting standards, the assets, liabilities, revenues and expenses of these government business partnerships have been proportionately consolidated.
- b) Previously, the University recorded its interest in government business enterprises on the equity method of accounting. Under Canadian public sector accounting standards they are recorded using the modified equity method of accounting.
- c) Under Canadian public accounting standards artwork and collections are no longer defined as tangible capital assets.
- d) Previously, the University amortized actuarial gains and losses on employee future benefits over employees' service lives. Under Canadian public sector accounting standards cumulative actuarial gains and losses are recognized at the date of transition into accumulated surplus.
- e) Under Canadian public sector accounting standards endowment investments are split between portfolio investments and restricted endowment investments in non-financial assets.
- f) Under Canadian public sector accounting standards endowment contributions and capitalized donations and investment income are recorded as restricted endowment contributions on the Statement of Operations.
- g) Under Canadian public sector accounting standards deferred contributions have been recorded using the Public Sector Standards' definition of a liability.

The University also recorded a prior period adjustment related to certain Annual Capital Allowance (ACA) funding attributed to periods beyond the fiscal year. As a result, certain funding has been removed from deferred capital contributions and recorded in accumulated surplus. The impact of this change, which has been applied retroactively, is to adjust the Statement of Financial Position by decreasing deferred capital contributions and increasing accumulated surplus by \$11,180,000. There was no effect on the annual surplus in 2012 or 2013.

8. Investments in government business enterprises (continued)

Change in equity in government business enterprises

<i>(in thousands of dollars)</i>	2013	2012	2011
Equity at beginning of year	\$3,926	\$3,971	\$3,820
Dividends/distributions paid	(771)	(1,081)	(797)
Net earnings (loss)	482	1,036	948
Equity at end of year	\$3,637	\$3,926	\$3,971
Dividends/distributions payable	2,469	2,110	2,126
Investment in government business enterprises	\$6,106	\$6,036	\$6,097

Condensed financial information of these government business enterprises are as follows:

Consolidated Statement of Financial Position

<i>(in thousands of dollars)</i>	2013	2012	2011
Assets	\$38,671	\$39,466	\$40,634
Liabilities	35,034	35,540	36,663
Equity	\$3,637	\$3,926	\$3,971

Consolidated Statement of Operations:

<i>(in thousands of dollars)</i>	2013	2012	2011
Revenue	\$11,681	\$12,345	\$11,992
Expenses	11,199	11,309	11,044
Net income	\$482	\$1,036	\$948

9. Investments in government partnerships

The University is one of eleven university members of a consortium which manages the Tri-Universities Meson Facility (TRIUMF) for research in sub-atomic physics. The facility is funded by federal government grants and the University makes no direct financial contribution. TRIUMF's financial results are proportionately consolidated with those of the University based upon the University's share of its total contributions of 9.09% (2012 and 2011- 9.09%).

The University is one of five university members of the Western Canadian Universities Marine Sciences Society (WCUMSS) for marine field research. The University provided a grant to the Society in 2013 of \$253,000 (2012 – 228,000). WCUMSS financial results are proportionately consolidated with those of the University based upon the University's share of its total contributions of 20% (2012 and 2011- 20%).

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

9. Investments in government partnerships (continued)

The proportionate amounts included in these consolidated financial statements are as follows:

Consolidated Statement of Financial Position

<i>(in thousands of dollars)</i>	2013	2012	2011
Financial assets	\$2,769	\$2,665	\$2,462
Liabilities	2,255	2,169	2,041
Net assets	514	496	421
Non-financial assets	1,110	1,142	1,167
Accumulated surplus	\$1,624	\$1,638	\$1,588

Consolidated Statement of Operations

<i>(in thousands of dollars)</i>	2013	2012	2011
Revenue	\$8,737	\$7,713	\$7,165
Expenses	8,751	7,663	6,724
Surplus (deficit) for the year	(14)	50	441
Accumulated surplus – beginning of year	1,638	1,588	1,147
Accumulated surplus – end of year	\$1,624	\$1,638	\$1,588

10. Accounts payable and accrued liabilities

<i>(in thousands of dollars)</i>	2013	2012	2011
Accounts payables and accrued liabilities	\$23,032	\$25,034	\$22,941
Salaries and benefits payable	3,787	3,259	2,569
Accrued vacation pay	7,171	7,260	7,375
	\$33,990	\$35,553	\$32,885

11. Employee future benefits

Employee future benefit liabilities arise in connection with the University's self-funded group life insurance and long-term disability plans. The University maintains pension plans, other retirement and supplementary benefit arrangements, and long-term disability plans for substantially all of its continuing employees.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

11. Employee future benefits (continued)

Summary of employee future benefit obligations:

<i>(in thousands of dollars)</i>	2013	2012	2011
Staff pension plan	\$(2,463)	\$(2,540)	\$(1,607)
Supplemental pension obligations	4,697	4,482	4,419
Special accumulated sick leave	3,496	3,407	3,269
Long term disability benefits	13,056	12,728	11,129
Basic group life insurance plan	1,443	1,414	1,370
	<u>\$20,229</u>	<u>\$19,491</u>	<u>\$18,580</u>

(a) Pension benefits:

- (i) The pension fund for full-time continuing faculty and administrative and academic professional staff is referred to as the Combination Plan. This plan's benefits are derived primarily from defined contributions. If a retiring member selects an internal annuity with the defined contribution account, the annuity may be supplemented from a defined benefit provision to bring total benefits up to a defined benefit minimum. Most members qualify for little or no supplement because the defined contribution benefits usually exceed 90% of the defined benefit minimum. Since 1991, only seventy-seven members have received a defined benefit supplement. At December 31, 2012, seventy-six were receiving supplements that totalled \$27,300 of a total pension payroll of \$1.4 million per month. As a result, this plan has been accounted for as a defined contribution plan. The latest actuarial valuation as at December 31, 2009 showed that the accrued formula pension benefit liabilities of the Combination Plan were fully funded although as recommended by the actuary, contributions were increased in 2011 to maintain financial sustainability of the plan. The next valuation will be as at December 31, 2012. A pure defined contribution plan is available for part-time faculty and administrative and academic professional staff who meet certain eligibility criteria. The University has made contributions to these two plans during the year of \$18,400,000 (2012 - \$17,542,000) and recorded them as a pension expense.

The University provides supplemental pensions in excess of those provided under registered plans. They are fully funded out of the general assets of the University. The accrued liabilities of these arrangements total \$4,697,000 as at March 31, 2013 (2012 - \$4,482,000). The University paid supplemental benefits of \$299,000 in the year (2012 - \$90,000) and recorded employee benefit expense of \$114,000 (2012 - \$123,000). The supplemental pension obligations are complementary to the Combination Plan and as a result are similarly accounted for as defined contribution arrangements.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

11. Employee future benefits (continued)

(a) Pension benefits (continued):

- (ii) The University sponsors the University of Victoria Staff Pension Plan (the "Plan") which is a contributory defined benefit pension plan made available to their regular staff employees that are eligible to join the Plan. The Plan provides pensions based on credited service and final average salary. Based on membership data as at the last actuarial valuation for funding purposes as at December 31, 2010, the average age of the 1,215 active employees covered by the Plan is 46.6. In addition, there are 407 former employees who are entitled to deferred pension benefits averaging \$275 per month. At December 31, 2010, there are 573 pensioners receiving an average monthly pension of \$743. The employees make contributions equal to 4.53% of salary that does not exceed the year's maximum pensionable earnings ("YMPE") plus 6.28% of salary in excess of the YMPE. A separate pension fund is maintained. The University makes contributions to the plan in line with recommendations contained in the actuarial valuation for funding purposes. Though the University and the employees both contribute to the pension fund, the University retains the full risk of the accrued benefit obligation. The pension fund assets are invested primarily in universe bonds and equities. The pension liability at March 31 includes the following components:

<i>(in thousands of dollars)</i>	2013	2012
Accrued benefit obligation	\$174,846	\$165,935
Pension fund assets	(176,339)	(162,826)
	(1,493)	3,109
Unamortized actuarial gains	(970)	(5,649)
	<u>\$(2,463)</u>	<u>\$(2,540)</u>

Actuarial valuations for funding purposes are performed triennially using the projected benefit prorate method. The latest triennial actuarial valuation completed as at December 31, 2010 reported a going concern surplus and a solvency deficiency (ie. if the plan were to be wound up on that date) of \$33,000,000. The B.C. Pension Benefits Standards Act requires minimum annual contributions or the use of letters of credit to fund a solvency deficiency. The University has chosen to arrange letters of credit in the amount of \$6,975,000 to satisfy the current year's requirement and in years 2013 through 2016 a further \$6,900,000 per year will be required to satisfy the contribution requirement. The accrued benefit obligation shown for 2013 is based on an extrapolation of that 2010 valuation. There is an unamortized gain to be amortized on a straight-line basis over the expected average remaining service life of the related employee group (12 years). The actuarial valuation was based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases and employee turnover and mortality. The assumptions used reflect the University's best estimates. The expected inflation rate is 2.25%. The discount rate used to determine the accrued benefit obligation is 6%. Pension fund assets are valued at market value.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

11. Employee future benefits (continued)

(a) Pension benefits (continued):

The expected rate of return on pension fund assets is 6%. The actual gross return on Plan assets in 2012 was 8.6%. The total expenses related to pensions for the fiscal year ending, include the following components:

<i>(in thousands of dollars)</i>	2013	2012
Current period benefit cost	\$6,327	\$6,020
Amortization of actuarial gains (losses)	471	-
	6,798	6,020
Less: Employee contributions	(1,084)	(1,073)
Pension expense	5,714	4,947
Interest cost on the average accrued benefit obligation	10,078	9,534
Expected return on average pension plan assets	(9,756)	(9,511)
Pension interest expense	322	23
Total expenses related to pensions	\$6,036	\$4,970

The Supplementary Retirement Benefit Account is a separate fund available to provide pensioners over the age of 65 with supplemental indexing against inflation beyond that provided by the basic plan above. It is accounted for as a defined contribution plan, with University contributions during the year of \$114,000 (2012 - \$115,000).

(b) Special accumulated sick leave benefit liability:

Certain unionized employees of the University are entitled to a special vested sick leave benefit in accordance with the terms and conditions of their collective agreements. Employees who accumulate and maintain a minimum balance of regular sick leave may opt to transfer sick days into this special accumulating and vested benefit. The University recognizes a liability and an expense as days are transferred into this benefit. At March 31, 2013 the balance of this special accumulated sick leave was \$3,496,000 (2012 - \$3,407,000).

(c) Long term disability benefits:

The University administers an employee-funded long-term disability plan for faculty and administrative and academic professional staff. It is self-insured and the liability for the discounted present value of estimated future payments to current claimants is recorded.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

11. Employee future benefits (continued)

(c) Long term disability benefits (continued):

Information about liabilities for the University's long term disability plan for faculty and administrative and academic professional staff includes:

<i>(in thousands of dollars)</i>	2013	2012	2011
Accrued benefit obligation:			
Balance, beginning of year	\$12,728	\$11,128	\$10,039
Current service cost	1,904	3,298	2,580
Interest cost	209	-	-
Benefits paid	(2,070)	(1,698)	(1,491)
Actuarial loss	285	-	-
Accrued benefit obligation, end of year	\$13,056	\$12,728	\$11,128

<i>(in thousands of dollars)</i>	2013	2012	2011
Accrued benefit obligation:			
Plan Assets	\$9,020	\$8,069	\$6,643
Liability, end of year	13,056	12,728	11,129
Accrued benefit liability, end of year	\$(4,036)	\$(4,659)	\$(4,486)

Components of net benefit expense

<i>(in thousands of dollars)</i>	2013	2012
Service cost	\$1,904	\$3,298
Interest cost	209	-
Expected return on assets	(134)	-
Amortization of net actuarial (gain)/loss	149	-
Net benefit expense	\$2,128	\$3,298

The significant actuarial assumptions adopted in measuring the University's accrued benefit obligation are as follows:

	2013	2012
Discount rates	1.5%	2.1%
Expected future inflation rates	2%	2%
Salary increase assumption	2%	2%
Retired age assumption	65	65

An insured long-term disability plan funded entirely by the University was commenced for other staff on July 1, 2000. The University contribution for the year ending March 31, 2013 was \$1,008,000 (2012 - \$1,110,000).

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

12. Deferred contributions

Deferred contributions are comprised of funds restricted for the following purposes:

<i>(in thousands of dollars)</i>	2013	2012	2011
Specific Purpose (including earnings on endowment)	\$37,799	\$27,669	\$40,534
Research	56,010	52,719	61,701
Capital	2,309	3,558	4,302
	\$96,118	\$83,946	\$106,537

Changes in the deferred contribution balance are as follows:

<i>(in thousands of dollars)</i>	2013			
	Specific Purpose	Research	Capital	Total
Balance, beginning of year	\$27,669	\$52,719	\$3,558	\$83,946
Contributions received during the year	35,895	79,231	429	115,555
Revenue recognized from deferred contributions	(25,765)	(75,940)	(614)	(102,319)
Transfer to deferred capital contributions	-	-	(1,064)	(1,064)
Balance, end of year	\$37,799	\$56,010	\$2,309	\$96,118

<i>(in thousands of dollars)</i>	2012			
	Specific Purpose	Research	Capital	Total
Balance, beginning of year	\$40,534	\$61,701	\$4,302	106,537
Contributions received during the year	29,791	68,853	136	98,780
Revenue recognized from deferred contributions	(29,639)	(77,835)	504	(106,970)
Transfers to deferred capital contributions	-	-	(1,384)	(1,384)
Decrease in endowment stabilization accounts	(13,017)	-	-	(13,017)
Balance, end of year	\$27,669	\$52,719	\$3,558	\$83,946

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

13. Deferred capital contributions

Contributions that are restricted for capital are referred to as deferred capital contributions. Amounts are recognized into revenue as the liability is extinguished over the useful life of the asset. Treasury Board provided direction on accounting treatment as disclosed in note 2. Changes in the deferred capital contributions balance are as follows:

<i>(in thousands of dollars)</i>	2013	2012
Balance, beginning of year	\$388,849	\$382,244
Contributions received during the year	39,666	35,561
Transfers from deferred contributions	1,064	1,384
Revenue from amortization of deferred capital contributions	(29,706)	(30,340)
Balance, end of year	\$399,873	\$388,849

14. Long term debt

Long-term debt reported on the consolidated statement of financial position is comprised of the following:

<i>(in thousands of dollars)</i>	2013	2012	2011
Royal Bank of Canada			
Term loan with floating interest rate fixed at 5.38%, to 2014, through an interest rate swap due November 2024, unsecured	\$10,561	\$ 11,196	\$11,798
British Columbia Immigrant Investor Fund			
4.75 % term loan due February 2017, unsecured	3,947	4,142	4,328
Province of British Columbia			
7.875% bond due 2023, unsecured	-	-	9,749
Province of British Columbia			
4.82% bond due 2027, unsecured, with annual sinking fund payments of \$327,000	10,800	10,800	10,800
Province of British Columbia			
4.74% bond due 2038, unsecured, with annual sinking fund payments of \$302,000	10,000	10,000	10,000
Great West Life Assurance Company			
5.13% term loan due April 2030, unsecured	12,920	13,381	13,820
	\$48,228	\$49,519	\$60,495

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

14. Long term debt

(a) Principal repayments:

Anticipated annual principal repayments, including sinking fund instalments, due over the next five years and thereafter are as follows:

<i>(in thousands of dollars)</i>	Sinking Fund	Other	Total
2014	\$629	\$1,364	\$1,993
2015	629	1,438	2,067
2016	629	1,516	2,145
2017	629	1,599	2,228
2018	629	1,685	2,314
Thereafter	14,046	23,435	37,481
	\$17,191	\$31,037	\$48,228

15. Tangible capital assets

Total	\$637,327	\$641,522

(a) Contributed tangible capital assets:

Additions to equipment and furnishings and computers include the following contributed tangible capital assets:

<i>(in thousands of dollars)</i>	2013	2012	2011
Equipment and furnishings	\$87	\$61	\$47

(b) Assets under construction:

Assets under construction having a value of \$57,603,000 (2012 - \$20,601,000) comprised of buildings of \$35,061,000 (2012 - 16,144,000) and equipment of \$22,542,000 (2012-4,457,000) have not been amortized. Amortization of these assets will commence when the asset is available for productive use.

(c) Works of art and historical treasures:

The University manages and controls various works of art and non-operational historical cultural assets including artifacts, paintings and sculptures located at university sites and public display areas. These assets are not recorded as tangible capital assets and are not amortized.

(d) Writedown of tangible capital assets:

The writedown of tangible capital assets during the year was \$19,938,000 (2012 - \$17,487,000) related to fully amortized assets with a net book value of nil and \$1,233,000 (2012 - \$0) related to asset disposals.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

16. Financial risk management

The University has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board of Governors ensures that the University has identified major risks and management monitors and controls them.

(a) Credit risk

Credit risk is the risk of financial loss to the University if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from the amounts receivable and from fixed income assets held by the University.

The University manages amounts receivable by using a specific bad debt provision when management considers that the expected recovery is less than the account receivable.

The University limits the risk in the event of non-performance related to fixed income holdings by dealing principally with counter-parties that have a credit rating of A or higher as rated by the Dominion Bond Rating Service or equivalent.

The credit risk of the University investments at March 31, 2013 is \$265,232,000. The following shows the percentage of fixed income holdings in the portfolio by credit rating:

Credit Rating	%
AAA	8.5%
AA	19.2%
A	15.5%
BBB	7.2%
BB and below	0.6%
Mortgages	4.3%
Cash and short term	
R1 high	26.3%
R1 mid	16.1%
R1 low	2.3%
	100.0%

(b) Price Risk

Price risk includes market risk and interest rate risk.

Market risk relates to the possibility that the investments will change in value due to fluctuations in market prices. The objective of market risk management is to mitigate market risk exposures within acceptable parameters while optimizing the return on risk. This risk is mitigated by the investment policies for the respective asset mixes to be followed by the investment managers, the requirements for diversification of investments within each asset class and credit quality constraints on fixed income investments. Market risk can be measured in terms of volatility, i.e., the standard deviation of change in the value of a financial instrument within a specific time horizon. Based on the volatility of the University's current asset class holdings, the net impact on market value of each asset class is shown below.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

16. Financial risk management (continued)

(b) Price Risk (continued):

Asset Class		Estimated Volatility % Change
Canadian equities	+/-	19.8%
Foreign equities	+/-	18.3%
Real estate	+/-	8.6%
Bonds	+/-	5.1%
Infrastructure	+/-	13.0%

Benchmark for Investments		Net Impact on Market Value (in thousands of dollars)
DEX Universe Bond Index	+/-	\$8,666
S&P/TSX Composite Index	+/-	16,177
MSCI World Index	+/-	21,068
Canadian Consumer Price Index (Real Estate)	+/-	2,880
Canadian Consumer Price Index (Infrastructure)	+/-	786

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The value of fixed-income and debt securities, such as bonds, debentures, mortgages or other income-producing securities, is affected by interest rates. Generally, the value of these securities increases if interest rates fall and decreases if interest rates rise.

It is management's opinion that University is exposed to market or interest rate risk arising from its financial instruments. Duration is an appropriate measure of interest rate risk for fixed income funds as a rise (fall) in interest rates will cause a decrease (increase) in bond prices - the longer the duration, the greater the effect. Duration is managed by the investment manager at the fund level. At March 31, 2013, the modified duration of all fixed income in aggregate was 3.4 years. Therefore, if interest rates were to increase by 1% across all maturities, the value of the bond portfolio would drop by 3.4%, contrarily if interest rates were to decrease by 1% across all maturities, the value of the bond portfolio would increase by 3.4%.

(c) Liquidity risk

Liquidity risk is the risk that the University will not be able to meet its financial obligations as they become due.

The University manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing and financing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the University's reputation.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

17. Accumulated surplus

Accumulated surplus is comprised of the following:

<i>(in thousands of dollars)</i>	2013	2012	2011
Endowments	\$284,605	\$281,588	\$265,045
Invested in capital assets	221,396	219,516	221,369
Internally restricted	110,273	103,374	91,887
Unrestricted	18,792	17,994	18,908
Accumulated remeasurement gains	5,415	-	-
	<u>\$640,481</u>	<u>\$622,472</u>	<u>\$597,209</u>

Endowments consist of restricted donations and capitalized investment income to be held in perpetuity.

Invested in capital assets consist of unrestricted funds previously spent on capital assets and debt repayment.

Internally restricted funds consist of balances set aside or appropriated by the Board of Governors for equipment replacement, capital improvements and other non-recurring expenditures.

Unrestricted funds consist primarily of balances arising from the University's ancillary and specific purpose funds, and consolidated entities.

18. Endowments

Changes to the endowment principal balances, not including remeasurement gains/losses, are as follows:

<i>(in thousands of dollars)</i>	2013	2012
Balance, beginning of year	\$281,588	\$265,045
Contributions received during the year	3,198	8,619
Investment income and donations capitalized	(181)	7,924
Balance, end of year	<u>\$284,605</u>	<u>\$281,588</u>

The balance shown does not include endowment principal with fair value of \$5,923,000 (2012- \$5,705,000) and book value of \$4,820,000 (2012 - \$4,820,000) held by the Vancouver Foundation. The excluded principal is not owned or controlled by the University, but income from it is paid to the University to be used for specific purposes.

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements
Years ended March 31, 2013 and 2012

19. Contractual obligations

The nature of the University's activities can result in multiyear contracts and obligations whereby the University will be committed to make future payments. Significant contractual obligations related to operations that can be reasonably estimated are as follows:

<i>(in thousands of dollars)</i>	2014	2015	2016	2017	2018
Construction contracts	\$60,454	\$-	\$-	\$-	\$-
Operating leases	556	500	253	47	7
Total	\$61,010	\$500	\$253	\$47	\$7

20. Contingent liabilities

The University may, from time to time, be involved in legal proceedings, claims, and litigation that arise in the normal course of business. It is management's opinion that the aggregate amount of any potential liability is not expected to have a material adverse effect on the University's financial position or results.

The University is one of 58 Canadian university subscribers to CURIE, which has provided property and liability insurance coverage to most campuses other than Quebec and Prince Edward Island since 1988. The anticipated cost of claims based on actuarial projections is funded through member premiums. Subscribers to CURIE have exposure to premium retro-assessments should the premiums be insufficient to cover losses and expenses.

21. Expenses by object

The following is a summary of expenses by object:

<i>(in thousands of dollars)</i>	2013	2012
Salaries and wages	\$260,698	\$256,475
Employee benefits	47,308	45,811
Travel	12,952	12,571
Supplies and services	68,305	73,754
Equipment rental and maintenance	5,050	3,297
Utilities	9,232	9,008
Scholarships, fellowships and bursaries	33,500	32,497
Cost of goods sold	13,972	15,167
Interest on long term debt	2,447	3,057
Interest - other	(304)	1,093
Depreciation	48,570	48,961
	\$501,730	\$501,691

UNIVERSITY OF VICTORIA

Notes to Consolidated Financial Statements

Years ended March 31, 2013 and 2012

22. Funds Held in Trust

Funds held in trust are funds held on behalf of autonomous organizations, agencies, and student societies having a close relationship with the university. These funds are not reported on the University's consolidated Statement of Financial Position (2013 -\$1,916,000; 2012 - \$1,672,000).

23. Supplementary cash flow information

<i>(in thousands of dollars)</i>	2013	2012	2011
Cash paid for interest	\$2,452	\$3,326	\$3,524
