

	BC Services Card Login	Business BCeID	Basic BCeID	IDIR	Digital Credentials	Federated Accounts
<b>Short description</b>	Use for access to services online when you need to be confident the person is who they're claiming to be.	Use for access to services when representing a business or organization. A business can have one or more accounts that can access services on their behalf.	Use for access to services online when you don't need to be sure the person is who they claim to be.	Use for access to B.C. government internal systems and Microsoft infrastructure.	Are the electronic equivalent of physical documents that you already have that you store in a secure digital wallet on your mobile device.	Is a username and password from another organization (such as a BPS organization) that people can use instead of getting a B.C. government IDIR account.
