## One call is all it takes to get started.

We make it simple to get started and guide you step-by-step. We'll empower you with the information and support you need to be the best parent you can be. When you call our Client Services Centre, here's what you can expect:

- We ask a few specific questions to make sure you receive the customized service that will be most helpful.
- We arrange for one of our childcare specialists to call you and walk you through the types of support that you could benefit from — written materials, internet resources, printed materials, and more.
- We'll be in touch with you as much as you need when you're using the materials and help you build the confidence to solve almost any parenting challenge.

If you ever feel uncertain about your parenting skills or whether you're doing what's best for your child, we can easily arrange counselling (face-to-face, over the phone, or through the internet).
