

# Integrated Cadastral Fabric Status

## Published Parcel Data Characteristics by Regional District

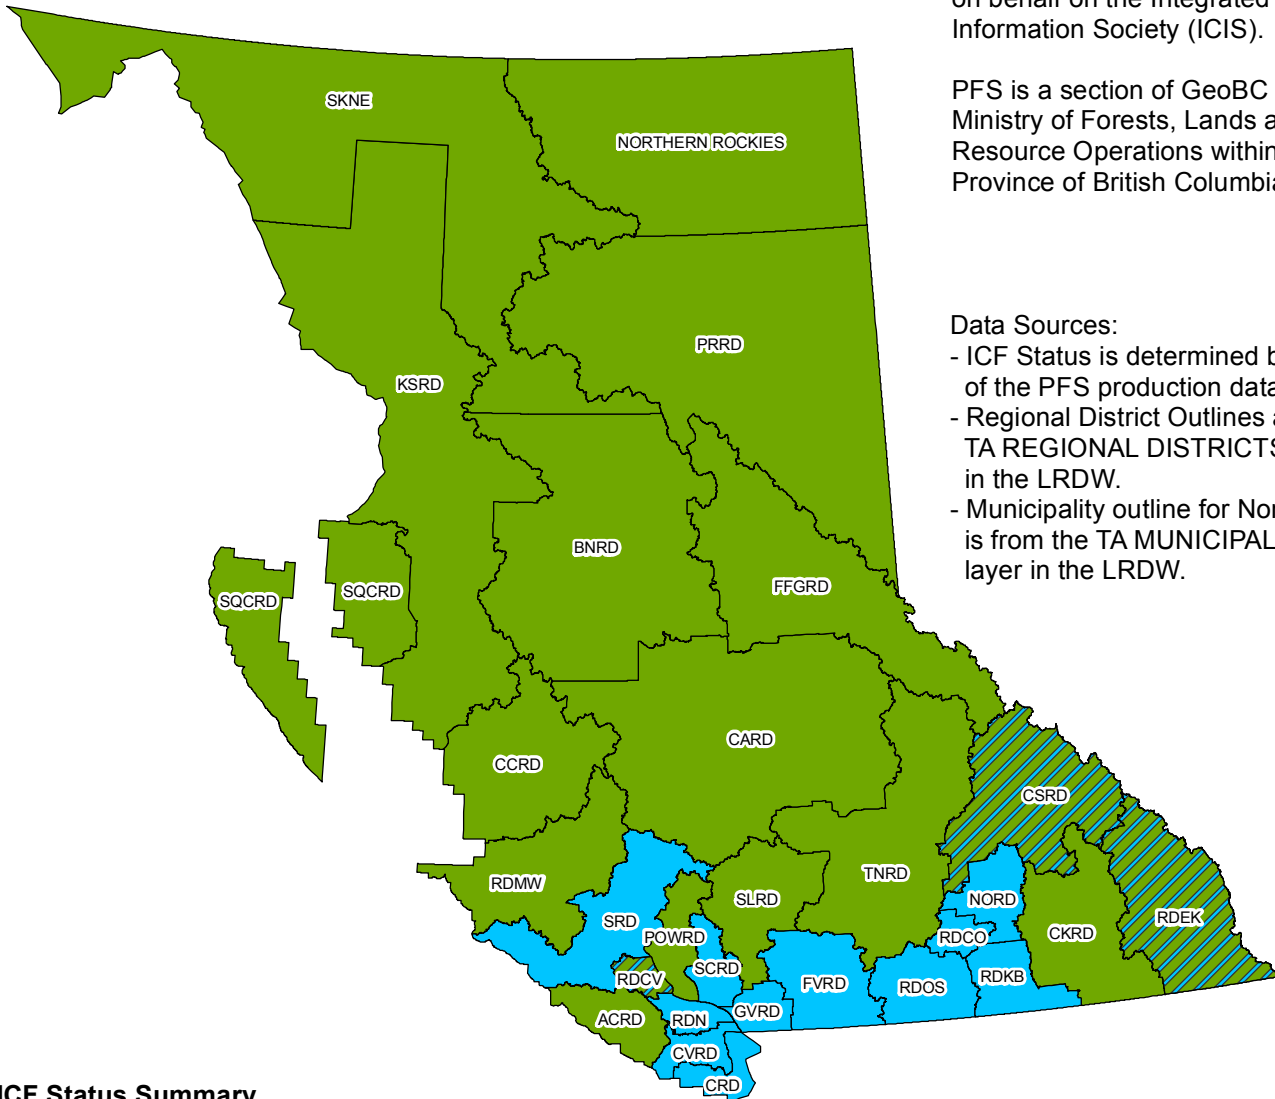

Revision Date: 2016-04-22

The Integrated Cadastral Fabric is produced by the Parcel Fabric Section on behalf on the Integrated Cadastral Information Society (ICIS).

PFS is a section of GeoBC of the Ministry of Forests, Lands and Natural Resource Operations within the Province of British Columbia.

### Data Sources:

- ICF Status is determined by analysis of the PFS production database.
- Regional District Outlines are from the TA REGIONAL DISTRICTS SVW layer in the LRDW.
- Municipality outline for Northern Rockies is from the TA MUNICIPALITIES SVW layer in the LRDW.
