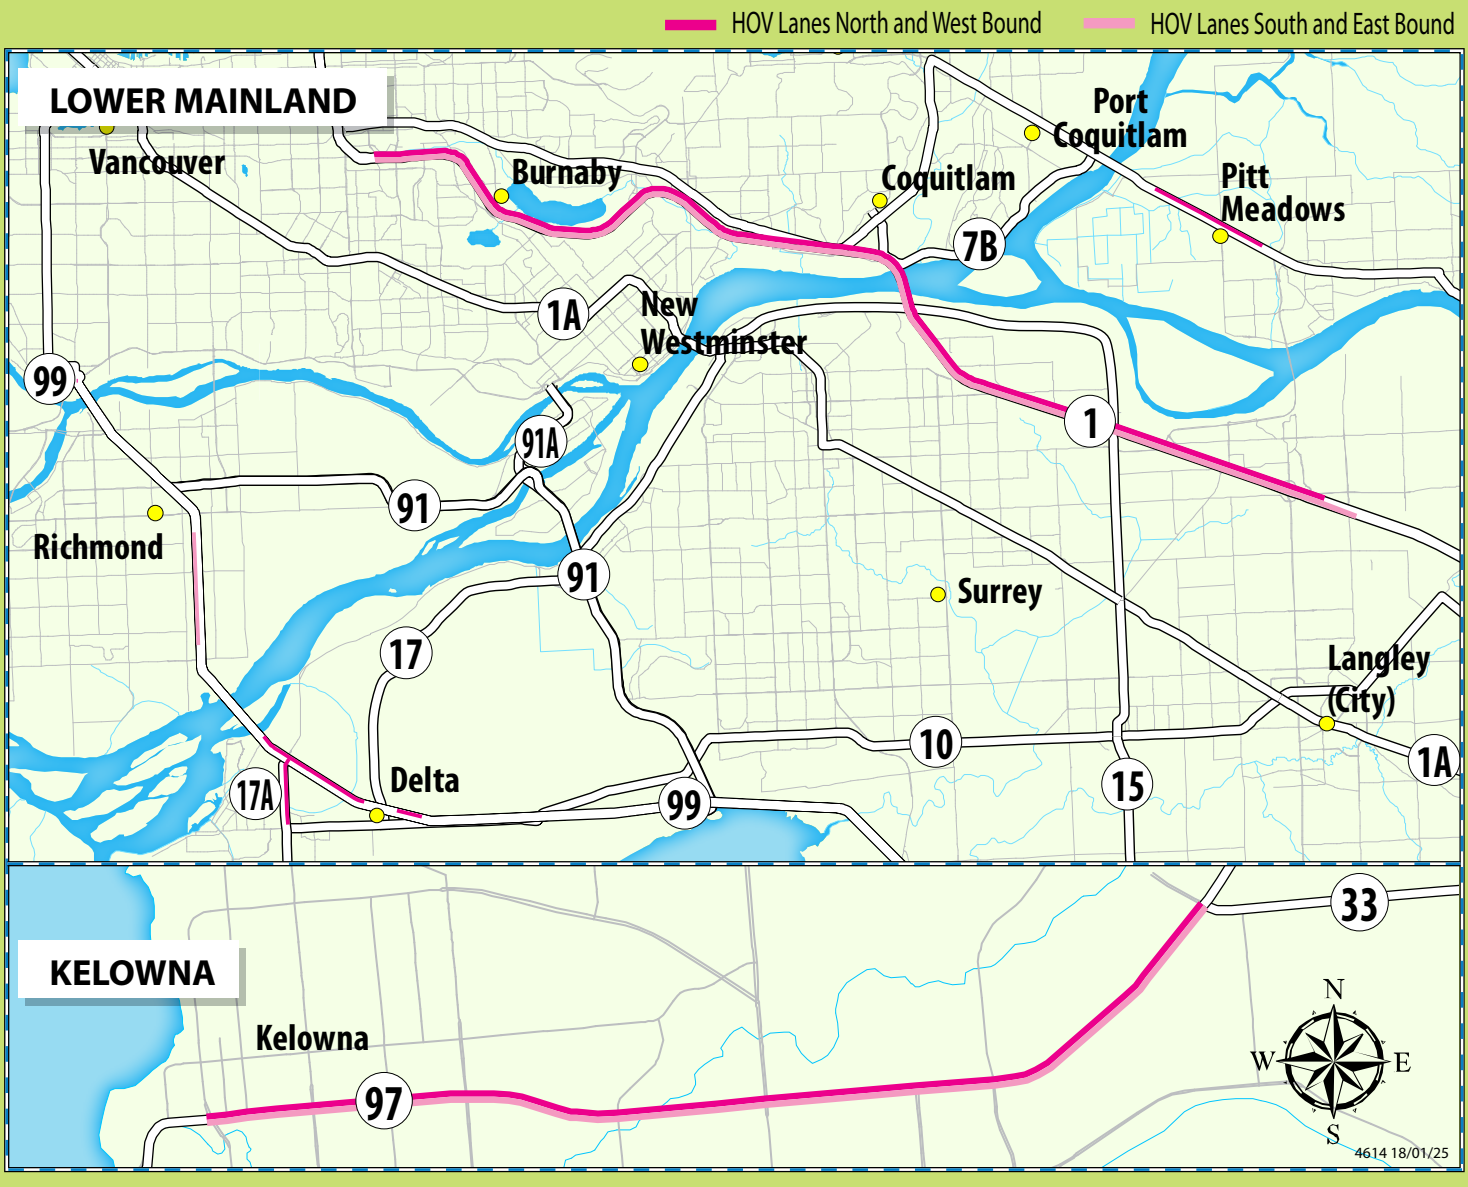
Where can I drive my electric vehicle?

HOV LANE

BUS LANE

A diamond symbolizes a "reserved lane." It can be used for bus lanes, HOV lanes, or bicycle lanes and must be combined with either a passenger vehicle, van, bus or bicycle symbol to dictate the intended use of the lane. A stand-alone diamond symbol does not necessarily mean an HOV lane.

PROVINCIAL HIGHWAY HOV LANES (does not include municipal HOV Lanes*)



*For more information on municipal HOV lanes, please contact the local municipality. Bus lanes are not shown on this map. HOVs may not drive in bus lanes.
