## British Columbia's Remedial Program

---

The Responsible Driver Program (RDP) is a remedial education program for people who have certain driving prohibitions due to alcohol or drugs. The program consists of three components:

**Screening, Workshop, and a Follow-up.**

**You must successfully complete all three components of the RDP to have your license reinstated or to maintain your driving privileges.**

It may take up to 11 months to complete the entire program. Prompt registration is strongly advised.

### Locations

---

The RDP is offered both virtually and onsite throughout BC.

Once your registration is processed, you will receive confirmation via email, mail, or phone, with a list of service providers and next steps.

## British Columbia's Remedial Program

---

The program consists of the following three components:

### 1. Screening

The purpose of the screening is to assign you to either the 8-hour (Level 1) or 16-hour (Level 2) workshop. Workshop placement is dependent on a number of factors, including driving history.

### 2. Workshop

Level 1 or Level 2 group workshop: Both workshops present information on topics such as, how alcohol and other drugs affect your ability to drive safely, and, how to separate drinking and other drug use from driving.

### 3. Follow-up

A one-on-one follow up discussion takes place 6 months after the workshop component and is an essential component of the RDP. The purpose of the follow-up is to review the skills gained and goals set at the workshop.

## Requirements for Completion
