- Microphones will be muted, except for question periods.
- MoTI Supplier Guides will be available to address questions.

- Welcome
- New BC Bid and MoTI
- ITT Resources
 - MoTI Specific Supplier Information Sessions
 - CiTZ Resources
 - MoTI Specific Resources
- Demo/Walk-Through
- Questions
- Key Take-Aways
- Final Questions
- Close-out

Welcome

- Time to update on BC Bid and provide the required instruction, resources and training for the new system ITT requirements.
- Want to thank you in advance for your time today and as we transition from the legacy BC Bid to the new system for ITTs!

- CITZ implemented Phase 1.1 of the new BC Bid system on October 3, 2022.
- MoTI will **NOT** be using the new system for ITT until **November 2, 2022**, to ensure fulsome preparations are completed (buyer training, some vendor training, forms and tools updated).
- This training session is intended for suppliers that intend to submit bids for Ministry construction opportunities. For ITT training NOT RFQ/RFP.

Phase 1.1 Important MoTI Transition Information and Dates

- **October 3, 2022** - General CITZ ITT Functionality was made available
- **November 1, 2022** - Last MoTI ITT posting on Legacy BC Bid (must close before November 30, 2022)
- **November 2, 2022** - MoTI begins using the new system for posting NEW ITTs
- **November 30, 2022** - Last date for 'closing' ALL ITTs on Legacy BC Bid
- **December 15, 2022** - Cut-off for contract finalization on Legacy BC Bid
- **December 16, 2022** - Legacy BC Bid shut down - users redirected to New BC Bid

CiTZ ITT Resources

The September CiTZ training opportunities both for government staff and suppliers were general and a good initial introduction to the ITT.

General Resources can be found from the CiTZ BC Procurement Resources Site and include:

- CiTZ ITT Supplier Guide
- Supplier Info Session Presentations
- Supplier Info Session Videos

Reminder these are the generic ITT resources.

Transportation Infrastructure Contracting

The Ministry of Transportation and Infrastructure (MoTI) will be using the new BC Bid Invitation to Tender (ITT) system beginning in November 2, 2022. To prepare, we are offering suppliers with training specific to ministry opportunities. [Learn more>](#)

The Ministry of Transportation and Infrastructure contracts with consultants, construction contractors and suppliers who help build and maintain B.C.'s highways, bridges and other transportation infrastructure including airports, rail and ferries.

Professional & Advisory Services

Experienced professionals and consulting firms in the fields of engineering, technical, environmental, and other general transportation related fields provide expert knowledge on projects relating to bridges, highways and transportation infrastructure.

- [Learn more about providing engineering, technical and environmental professional services](#)

Other transportation related professional services such as research and analysis, project management, information technology, property advisory services and surveying are publicly advertised on BC Bid.

- [Search for Ministry of Transportation & Infrastructure contract opportunities on BC Bid](#)

Highway & Bridge Construction

Private contractors construct and repair roads and bridges throughout B.C. including rehabilitation, geotechnical work, gravel crushing, guardrail, paving, sealcoating and microsurfacing and other transportation related infrastructure work.

Private contractors also provide operational services including traffic control (flagging), demolition, clearing and grubbing, crushing, first aid, janitorial services and landscaping.
