

Application for Road/Lane Closure

Road/Lane Closure Permits are for any activity within the road right-of-way; primarily for the temporary closure of one or more lanes of a highway including parking lane, sidewalk and boulevard areas.

A permit is required for City works, residential and commercial development, special events, and government and private utility agencies working within the City road right-of-way.

Depending on the type of works within the road right-of-way, a highway use permit may also be required.

The [Port Coquitlam Highway Use Bylaw 2018, No. 4033](#), wishes to ensure the safe and orderly use of highways within the boundaries of the City. As per section 124 of the *Motor Vehicle Act* and section 36 of the *Community Charter*, the City of Port Coquitlam is authorized to regulate traffic and use of the highways.
