	PROPOSED STOCKPILE
	NO DISTURBANCE

- DRAWING NOTES:**
1. Base data provided from Trim Map 92H006 & 92H007 (20m Contours)
  2. Cadastre and Tanfalis Lines were provided from online sources.
  3. Some testpits and/or testholes may not be representative of current conditions due to development and excavation done after testing.
  4. Some extraction may have occurred since the last GPS survey of the pit was undertaken, therefore pit faces and stockpiles may not be representative of current conditions.
