NOTICE TO BIDDERS

Tax Verification

Effective January 1, 2020, Tax Verification Letters are required for vendors entering into contracts with the Province valued at $100,000 or more to ensure vendors are compliant with their BC Corporate income tax filing obligations and provincial sales tax filing and payment obligations.

As a result, revisions were made to a number of core documents in the Tender Document Package to reflect this change, including without limitation:

- Conditions of Tender;
- Glossary of Terms; and
- General Conditions.

Integrity Assurance

To further promote integral bidding practices that will limit the potential for collusion and bid rigging, revisions have been made to Tender Document Package, including without limitation:

- Tender Form

Bidders are advised to read the entire Tender Document Package and all associated documents carefully to ensure they have a full understanding of the current conditions.
