

# RISP 4.0

RISP 4.0 completed migration over to production on August 30, 2012. All RISP users will see improvements in the following areas:

## 1) User Interface Enhancements

- All confirmation/action dialogs (previously displayed on the top of the screen) now use a modal dialog window:

- To reduce the number of connected screens in Part 2 and Part 3, we have implemented a "SplitPane" view, where your employees, their categories and their experiences are shown together:
