MoT Hydrotechnical Engineering

Bridges and Culverts (> 3.0m)
Hydrotechnical Design
- Hydrology and morphology
- Waterway Hydraulics
- Scour/Erosion Assessment
- River engineering

Highway Drainage and Culverts (< 3.0 m)
- Ditches
- Small dia. culverts
- Pavement Drainage
- Highway Storm Sewers

Development Approvals
- Subdivision drainage
- Urban Storm sewers
- Detention Storage
- Municipal Engineering
