

ENGTools 2022 Plugin Update

Jan 30, 2023 Update

This update is simply a notice that the ministry has released a new version of the Civil 3D technical package plugin rather than continuing to update the 2019 plugin.

The new plugin is called **ENGTools 2022** and the folder name and file names are all tagged with 2022 or 22. Your organization may use the existing password to download the new files from our website.

[Civil 3D Resources - Province of British Columbia \(gov.bc.ca\)](http://gov.bc.ca)

The new plugin supports AutoCAD and Civil 3D 2019 to 2023.
