

Ministry of
Transportation
and Infrastructure

COMMENTS AND REQUEST FOR FURTHER INFORMATION

HIGHWAY 99 – TEN MILE SLIDE

General Comments:

The Ministry is working hard to minimize traffic delays and impacts during construction by scheduling planned closures and communicating the closing/opening hours to the public.

What hours of the day do you typically travel through the Ten Mile Slide site?

Are you in support of longer prescheduled closures to complete construction earlier? Or do you prefer shorter closures with more frequent openings, resulting in longer construction duration?

How would you like to be kept informed on construction progress and traffic impacts?
