Dear Neighbors:

Re: Highway 1 Lynn Creek Advance Works – Pile Driving and Night Work

Pile driving has begun at our site near Highway 1 at Lynn. This is an ongoing operation that will continue for another 5 weeks at a minimum. As mentioned in previous letters, most of this will occur during the daytime but we will be required to do some pile driving at night.

The first shift of night work has been tentatively scheduled for next **Monday, October 29th** at 11pm. This schedule is subject to change so if you require a more definitive schedule please send an email to the address listed below and we will confirm the schedule for you on Monday.

Understanding the impact pile driving will have on your neighborhood; we are making every effort to complete this work as quickly and safely as possible.

More information on this project, including regular updates, is available at:

gov.bc.ca/lowerlynninterchanges.

We appreciate your patience while we complete this important work. If you have any questions or concerns, please don't hesitate to contact me.

Sincerely,

Lafarge Canada Inc.
