SD 43 does NOT make any revenue on the Posters, nor was that our intent. We care deeply that we share them with School Districts and other organizations at the same cost as we have paid to have them produced, with lamination. We produced the play poster and the self-regulation posters for the purpose of supporting our Province in staying focused on the work of the child—PLAY.

Warmest regards,
 Maureen Dockendorf, Assistant Superintendent
 Coquitlam School District
