

Framework Continuous Improvement Program

Collaborate

With local First Nations and engage with Indigenous peoples and key education partners

To reflect the shared commitment to improve student learning and equity of outcomes.

Publish

Outcomes and measures for each district, each year

To support evidence-informed planning with a focus on Indigenous students, children and youth in care, and students with disabilities or diverse abilities.

Review

District strategic plans and annual reports

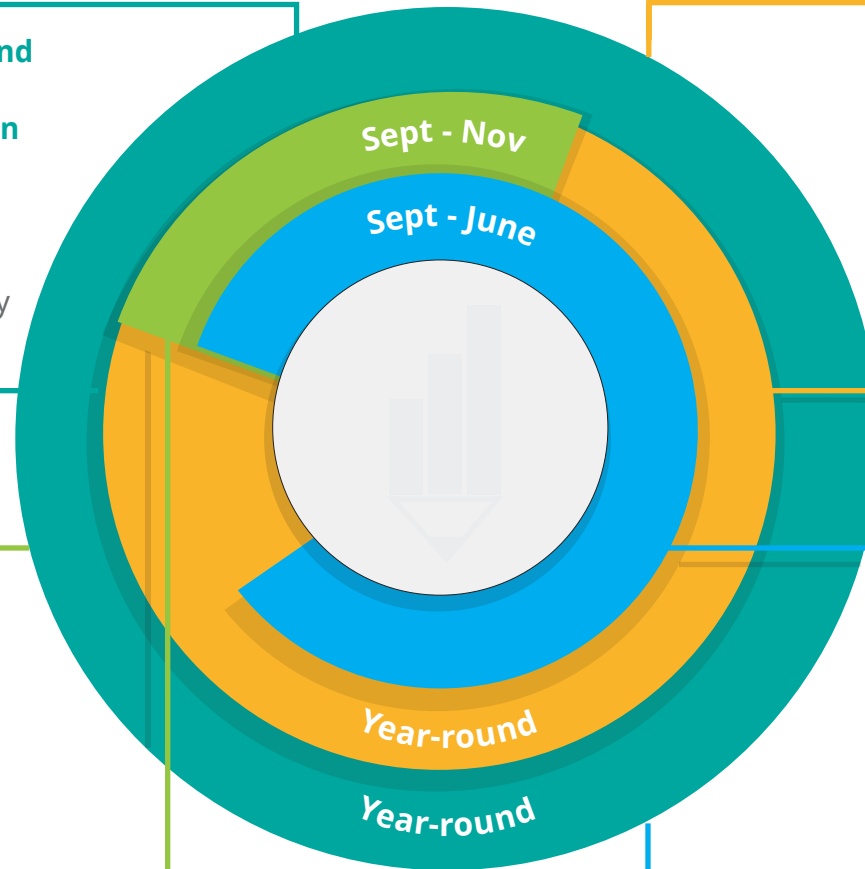

To monitor the sector's overall progress and determine where supports may be provided.

Build Capacity

For continuous improvement across the sector

To provide targeted supports to districts based on Annual Review results.

The Continuous Improvement Program brings the Framework for Enhancing Student Learning (the Framework) into practice and allows the ministry to oversee provincial continuous improvement efforts.
