

Our Website

B.C. for High School

Students from around the world choose British Columbia for its globally recognized K-12 education system, natural beauty, social diversity, safe reputation, and mild climate.

B.C.'s Ministry of Education developed the B.C. for High School website to provide information to current and interested international students, families and agents. Find information on B.C.'s diverse cultures and regions, our welcoming schools and communities, tips on health, safety and homestay, as well as B.C.'s world renowned post-secondary education system.

British Columbia schools are among the best in the world. Explore the site to learn about our school system and daily life as an international student here. Our goal is to make your experience in B.C. the best it can be.
