Save our Forest

Forest Resource Management

Grade 5 and 6

December 1, 2003

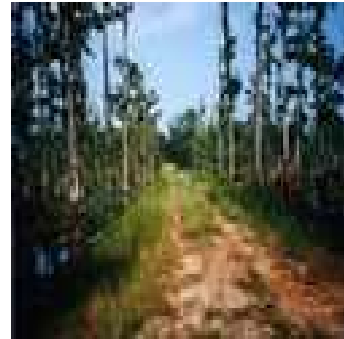

INTRODUCTION:

You Can't stop peoples from cutting down trees! But you can recycle all your extra paper for taking notes or something. seven things you can do to save our forests is: to reduce your paper and wood consumption, reduce you're oil, reduce you're beef, hold businesess accountable, invest in rainforest communities,support the grassroots,and support rainforest action network. So go out their and help our forest!!!

FORESTS FACTS:

Forests cover 12% of land. They contain 50 to 90% of all species. Forests are the earth's oldest ecosystems. People call the forest "LUNGS OF EARTH". But the term is disleading!!! Most Hardwood trees are used for firewood and and other things. Lots of forest are cut down because of farm and land.
