

### ANNUAL FACILITY GRANT FOR 2006/07

Each year, school districts receive funds for renovations that will extend the useful life of district facilities. In 2006/07, school district maintenance funding will include \$5 million for seismic upgrading. The funds will be used to carry out minor non-structural upgrades at schools in high-risk seismic zones. A school district's Annual Facility Grant is calculated using a formula based on student enrolment and the average age of a district's school buildings.
