

2004/05 SCHOOL MAINTENANCE FUNDING

Each year school boards receive funds for renovations that will extend the useful life of district facilities. In 2004/05, school district maintenance funding will include \$4 million for seismic upgrading. The funds will be used to assess schools in high-risk seismic zones and to carry out minor upgrades. In total, the Province will invest \$11 million in seismic upgrades in the coming school year.

A school board's annual capital grant is calculated using a formula based on student enrolment and the average age of a district's school buildings.
