School District Statement of Financial Information (SOFI)

School District No. 64 (Gulf Islands)

Fiscal Year Ended June 30, 2023

Management Report

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with accounting principle generally accepted for British Columbia school districts as prescribed or permitted by the Ministry of Education and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all other schedules of financial information and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Education is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, KPMG Victoria, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements as required by the *School Act*. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act*. Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

MANAGEMENT REPORT

Version: 7593-6847-4864

Management's Responsibility for the Financial Statements.

On behalf of School District No. 64 (Gulf Islands)

September 12, 2023 8:26

The accompanying financial statements of School District No. 64 (Gulf Islands) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 64 (Gulf Islands) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a quarterly basis and externally audited financial statements yearly.

The external auditors, KPMG Victoria, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 64 (Gulf Islands) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Board of Education of School District No. 64 (Gulf Islands), and To the Minister of Education and Child Care, Province of British Columbia

Opinion

We have audited the financial statements of School District No. 64 (Gulf Islands) (the Entity), which comprise:

- the statement of financial position as at June 30, 2023
- the statement of operations for the year then ended
- the statement of changes in net debt for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies (Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements as at and for the year ended June 30, 2023 of the Entity are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our auditor's report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Financial Reporting Framework

We draw attention to note 2 (a) to the financial statements which describes the applicable financial reporting framework and the significant differences between the financial reporting framework and Canadian public sector accounting standards.

Our opinion is not modified in respect of this matter.

Emphasis of Matter - Comparative Information

We draw attention to Note 22 to the financial statements, which explains that certain comparative information presented for the year ended June 30, 2022 has been restated. Note 22 explains the reason for the restatement and also explains the adjustments that were applied to restate certain comparative information.

Our opinion is not modified in respect of this matter.

Other Matter - Comparative Information

As part of our audit of the financial statements for the year ended June 30, 2023, we also audited the adjustments that were applied to restate certain comparative information presented for the year ended June 30, 2022. In our opinion, such adjustments are appropriate and have been properly applied.

Other Information

Management is responsible for the other information. Other information comprises:

• Information included in Unaudited Schedules 1-4 attached to the audited financial statements

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We obtained the Information included in the Unaudited Schedules 1-4 attached to the audited financial statements as at the date of this auditor's report. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in the auditor's report.

We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget and Transparency and Accountability Act of the Province of British Columbia and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion.
 - The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to Financial Statements

Year ended June 30, 2023

1. Authority and purpose:

School District No. 64 (Gulf Islands) (the 'school district'), established on April 12, 1946, operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 64 (Gulf Islands)", and operates as "School District No. 64 (Gulf Islands)". A board of education ("Board") elected for a four-year term governs the school district. The school district provides educational programs to students enrolled in schools in the district, and is principally funded by the Province of British Columbia through the Ministry of Education and Child Care. School District No. 64 is exempt from federal and provincial corporate income taxes.

2. Significant accounting policies:

These financial statements are prepared by management in accordance with the basis of accounting described below. Significant accounting policies of the school district are as follows:

(a) Basis of accounting:

These financial statements have been prepared in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board. The Budget Transparency and Accountability Act requires that the financial statements be prepared in accordance with the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada, or if the Treasury Board makes a regulation, the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada as modified by the alternate standard or guideline or part thereof adopted in the regulation.

Regulation 257/2010 requires all taxpayer-supported organizations in the Schools, Universities, Colleges and Hospitals sectors to adopt Canadian public sector accounting standards without any PS4200 elections effective their first fiscal year commencing after January 1, 2012.

Regulation 198/2011 requires that restricted contributions received or receivable for acquiring or developing a depreciable tangible capital asset or contributions in the form of a depreciable tangible capital asset are to be deferred and recognized in revenue at the same rate that amortization of the related tangible capital asset is recorded.

For British Columbia taxpayer supported organizations, these contributions include government transfers and externally restricted contributions.

The accounting policy requirements under Regulation 198/2011 are significantly different from the requirements of Canadian public sector accounting standards which requires that

 government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410; and

Notes to Financial Statements

Year ended June 30, 2023

2. Significant accounting policies (continued):

(a) Basis of accounting (continued)

 externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100.

As a result, revenue recognized in the statement of operations and certain related deferred capital revenue would be recorded differently under Canadian Public Sector Accounting Standards.

(b) Basis of consolidation:

These financial statements reflect the assets, liabilities, revenues, and expenses of the reporting entity, which is comprised of all controlled entities. Inter-departmental balances and organizational transactions have been eliminated.

The school district does not control any significant external entities and accordingly no entities have been consolidated with the financial statements.

The school district does not administer any trust activities on behalf of external parties.

(c) Cash and cash equivalents:

Cash and cash equivalents include cash held in bank accounts and short term highly liquid investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

(d) Accounts receivable:

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

(e) Portfolio investment:

The school district has investments in bonds, equity instruments and mutual funds that either have no maturity dates or have a maturity of greater than 3 months at the time of acquisition. Bonds and other investments not quoted in an active market are reported at cost or amortized cost.

Portfolio investments in equity instruments that are quoted in an active market are recorded at fair value and the associated transaction costs are expensed upon initial recognition. The change in the fair value is recognized in the Statement of Remeasurement Gains and Losses as a remeasurement gain or loss until realized on disposal. Upon disposal, any accumulated remeasurement gains or losses associated with the portfolio investments are reclassified to the Statement of Operations. During the periods presented, there are no remeasurement gains or losses, and as a result, no statement of remeasurement gains and losses has been presented.

Notes to Financial Statements

Year ended June 30, 2023

2. Significant accounting policies (continued):

(e) Portfolio investment (continued):

Impairment is defined as a loss in value of a portfolio investment that is other than a temporary decline and is included in the Statement of Operations. In the case of an item in the fair value category, a reversal of any net remeasurement gains recognized in previous reporting periods up to the amount of the write-down is reported in the Statement of Remeasurement Gains and Losses. The loss is not reversed if there is a subsequent increase in value.

(f) Unearned revenue:

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

(g) Deferred revenue and deferred capital revenue:

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in note 2(n).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations.

(h) Employee future benefits:

The school district provides post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

The school district accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing.

The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2022 and projected to June 30, 2022. The next valuation will be performed at March 31, 2025. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted.

Notes to Financial Statements

Year ended June 30, 2023

2. Significant accounting policies (continued):

(h) Employee future benefits (continued):

The school district and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

(i) Tangible capital assets:

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction.
- Donated tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, which are then recognized at nominal value.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the school district to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.
- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.
- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. Work in progress is not amortized until available for productive use. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful life is as follows:

Asset	Rate
Buildings	40 years
Furniture and equipment	10 years
Vehicles	10 years
Computer software	5 years
Computer hardware	5 years

Notes to Financial Statements

Year ended June 30, 2023

2. Significant accounting policies (continued):

(j) Liability for contaminated sites:

A liability for contaminated sites is recognized when a site is not in productive use and the following criteria are met:

- (i) an environmental standard exists;
- (ii) contamination exceeds the environmental standard;
- (iii) the School District is directly responsible or accepts responsibility;
- (iv) it is expected that future economic benefits will be given up; and
- (v) a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

(k) Asset retirement obligations:

A liability is recognized when, as at the financial reporting date:

- (i) there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- (ii) the past transaction or event giving rise to the liability has occurred;
- (iii) it is expected that future economic benefits will be given up; and
- (iv) a reasonable estimate of the amount can be made.

The liability includes costs for the removal of asbestos and other hazardous material in several of the buildings owned by the School District. The estimate of the asset retirement obligations includes costs directly attributable to the asset retirement activities. The resulting costs have been capitalized into the carrying amount of tangible capital assets and are being amortized on the same basis as the related tangible capital asset (see note 2 i)). The carrying value of the liability is reviewed at each financial reporting date with changes to the timing or amount of the original estimate of cash flows recorded as an adjustment to the liability and related tangible capital asset.

(I) Prepaid expense:

Amounts for insurance and other services are included as a prepaid expense and stated at acquisition cost and are charged to expense over the periods expected to benefit from it.

(m) Funds and reserves:

Certain amounts, as approved by the Board are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved.

Notes to Financial Statements

Year ended June 30, 2023

2. Significant accounting policies (continued):

(n) Revenue recognition:

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the school district must meet in order to receive the contributions including authorization by the transferring government.

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable.

Revenue related to fees or services received in advance of the fee being earned or the service being performed is deferred and recognized when the fee is earned or service performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

(o) Expenditures:

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

(i) Allocation of costs:

 Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to related programs.

Notes to Financial Statements

Year ended June 30, 2023

2. Significant accounting policies (continued):

(o) Expenditures (continued):

(i) Allocation of costs (continued):

- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

(p) Financial instruments:

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The school district recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, portfolio investments, and accounts payable and accrued liabilities.

Except for portfolio investments in equity instruments quoted in an active market that are recorded at fair value, all financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition and amortized using the effective interest rate method. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

Unrealized gains and losses from changes in the fair value of financial instruments recorded at fair value are recognized in the statement of remeasurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of remeasurement gains and losses and recognized in the statement of operations. Interest and dividends attributable to financial instruments are reported in the statement of operations.

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

Notes to Financial Statements

Year ended June 30, 2023

2. Significant accounting policies (continued):

(q) Measurement uncertainty:

Preparation of financial statements in accordance with the basis of accounting described in note 2 requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Areas requiring the use of management estimates relate to the potential impairment of assets, liabilities for contingencies, rates for amortization, asset retirement obligations and estimated employee future benefits. Actual results could differ from those estimates.

3. Accounts receivable:

9. Employee future benefits:

Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. Funding is provided when the benefits are paid and accordingly, there are no plan assets. Although no plan assets are uniquely identified, the school district has provided for the payment of these benefits.

Notes to Financial Statements

Year ended June 30, 2023

10. Tangible capital assets (continued):

	Net book value 2023	Net book value 2022
		(restated - note 22)
Sites Buildings Furniture and equipment Vehicles Computer software Computer hardware	\$ 4,107,653 20,736,121 952,314 922,780 42,205 206,691	\$ 4,107,653 21,024,294 627,659 336,174 - 113,049
	\$ 26,967,764	\$ 26,208,829

Contributed tangible capital assets have been recognized at fair market value at the date of contribution. The value of contributed assets received during the year is \$nil (2022 - nil).

11. Employee pension plan:

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan (jointly trusteed pension plans). The boards of trustees for these plans, representing plan members and employers, are responsible for administering the pension plans, including investing assets and administering benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits are based on a formula. As at December 31, 2022, the Teachers' Pension Plan has about 51,000 active members and approximately 41,000 retired members. As of December 31, 2022, the Municipal Pension Plan has about 240,000 active members, including approximately 30,000 from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry- age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2020, indicated a \$1,584 million surplus for basic pension benefits on a going concern basis.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2021, indicated a \$3,761 million funding surplus for basic pension benefits on a going concern basis.

The school district paid \$1,647,368 for employer contributions to the plans for the year ended June 30, 2023 (2022: \$1,624,517).

Notes to Financial Statements

Year ended June 30, 2023

11. Employee pension plan (continued):

The next valuation for the Teachers' Pension Plan will be as at December 31, 2023. The next valuation for the Municipal Pension Plan will be as at December 31, 2024, with results available in 2025.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

12. Accumulated surplus:

Accumulated surplus consists of individual fund surplus and reserves and reserve funds as follows:

	 2023		2022
		(res	tated - note 22)
Invested in tangible capital assets Operating surplus (note 18)	\$ 6,940,900 4,249,137	\$	6,294,360 4,048,552
	\$ 11,190,037	\$	10,342,912

Interfund transfers between the operating, special purpose and capital funds for the year ended June 30, 2023, were as follows:

\$901,238 (2022 - \$750,707) from the Operating Fund to the Capital Fund for capital purchases.

13. Contractual obligations and rights:

On June 21, 2012 the school district signed a 50 year lease agreement in which land use will be provided to the Capital Regional District (CRD) for \$1 per year for 50 years with an option to renew for a further 50 years. There is no transfer of title contained in the lease agreement.

On June 10, 2022, the school district signed a 5-year lease agreement with the CRD. The CRD will operate the former Salt Spring Island Middle School Building as a community recreation facility for 5 years. There is no transfer of title contained in the lease agreement and the asset is not disposed of to CRD.

The school district has the following annual contractual obligations:

 provision of water taxi services for which the amount of the obligation is negotiated, and multiyear contracts are entered into.

Notes to Financial Statements

Year ended June 30, 2023

14. Budget figures:

The budget figures data presented in these financial statements is based upon the 2022/23 amended annual budget adopted by the Board on February 8, 2023. The chart following reconciles the originally approved annual budget bylaw approved June 8, 2022, to the amended annual budget bylaw reported in these financial statements.

	2023 amended	2023 annual
	annual budget	budget
Revenues:		
Provincial grants:		
Ministry of Education and Child Care	\$ 24,998,070	\$ 24,575,926
Tuition	627,000	725,000
Other revenue	1,431,978	1,517,500
Rentals and leases	55,000	40,000
Investment income	190,000	35,000
Amortization of deferred capital revenue	1,200,000	1,200,000
	28,502,048	28,093,426
Expenses:		
Instruction	20,334,222	19,038,588
District administration	1,645,971	1,424,336
Operations and maintenance	4,512,389	4,666,420
Transportation and housing	1,893,215	1,896,223
	28,385,797	27,025,567
Net revenue	116,251	1,067,859
Budgeted allocation of surplus	1,083,749	202,141
Budgeted surplus for the year	\$ 1,200,000	\$ 1,270,000

15. Contingent liabilities:

The nature of the school district's activities is such that there is usually litigation pending or in process at any time. With respect to unsettled claims at June 30, 2023, management believes the school district has valid defenses and appropriate insurance coverage in place. In the event any claims are successful, management believes that such claims are not expected to have a material effect on the school district's financial position.

Notes to Financial Statements

Year ended June 30, 2023

16. Asset retirement obligation:

Legal liabilities exist for the removal and disposal of asbestos and other environmentally hazardous materials within some district owned buildings that will undergo major renovations or demolition in the future. The timing of future settlement is unknown.

	2023		2022
		(rest	ated - note 22)
Balance, beginning of year Settlements during the year	\$ 1,260,000	\$	1,260,000

Unrestricted Operating Surplus	4,129,700	3,850,919
Total Available for Future Operations	\$ 4,249,137	\$ 4,048,552

19. Economic dependence:

The operations of the school district are dependent on continued funding from the Ministry of Education and Child Care and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

Notes to Financial Statements

Year ended June 30, 2023

20. Related party transactions:

The school district is related through common ownership to all Province of British Columbia ministries, agencies, crown corporations, school districts, health authorities, hospital societies, universities and colleges that are included in the provincial government reporting entity. Transactions with these entities, unless disclosed otherwise, are recorded at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

The school district has entered into a lease with Haggis Farm (the lessor), a related party through the Secretary Treasurer, for use of premises to deliver school programs. The lessor receives rental income equal to the value of a contractual donation given to the school district each year. Both transactions are recognized in the financial statements at the amount paid and received.

21. Risk management:

The school district has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the school district has identified its risks and ensures that management monitors and controls them.

(a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash and cash equivalents, amounts receivable and investments.

The school district is exposed to credit risk in the event of non-performance by a borrower. This risk is mitigated as most amounts receivable are due from the Province.

It is management's opinion that the school district is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in recognized British Columbia institutions.

(b) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

(i) Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the school district is not exposed to significant currency risk, as amounts held and purchases made in foreign currency are insignificant.

Notes to Financial Statements

Year ended June 30, 2023

21. Risk management (continued):

- (b) Market risk (continued):
 - (ii) Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The school district is exposed to interest rate risk through its investments. It is management's opinion that the school district is not exposed to significant interest rate risk as it invests primarily in Mutual Funds and Provincial Bonds and Cash Deposit Account.

(c) Liquidity risk:

Liquidity risk is the risk that the school district will not be able to meet its financial obligations as they become due.

The school district manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the school district's reputation.

Risk Management and insurance services for all school districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance. There have been no changes to risk exposures from 2022 related to credit, market or liquidity risks.

22. Prior period adjustment - change in accounting policy:

On July 1, 2022 the School District adopted Canadian public sector accounting standard PS 3280 Asset Retirement Obligations. This new standard addresses the recognition, measurement, presentation and disclosure of legal obligations associated with the retirement of certain tangible capital assets such as asbestos removal in buildings that will undergo major renovation or demolition in the future (see Note 16). This standard was adopted using the modified retroactive approach, which results in the restatement of the comparative information as at and for the year ended June 30, 2022.

Notes to Financial Statements

Year ended June 30, 2023

22. Prior period adjustment - change in accounting policy (continued):

The impact of the prior period adjustment on the June 30, 2022 comparative amounts is as follows:

	Increase
	 (Decrease)
Tangible Capital Assets – cost Tangible Capital Assets – accumulated amortization Asset Retirement Obligation	\$ 1,260,000 1,260,000 1,260,000
Accumulated surplus, July 1, 2021	\$ (1,260,000)
Amortization Expense for the year ending June 30, 2022	\$ -
Accumulated surplus, June 30, 2022	\$ (1,260,000)

23. Comparative figures:

Certain comparative figures have been reclassified to conform to current year presentation.
