**MANAGEMENT REPORT**

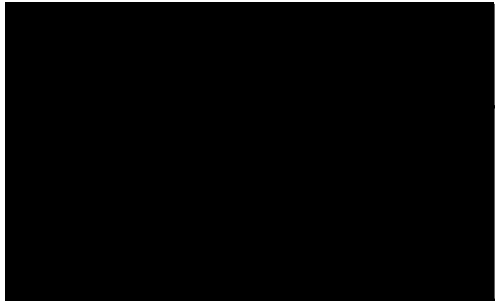

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian generally accepted accounting principles and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all other schedules of financial information and for ensuring this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Education is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, MNP LLP, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements as required by the *School Act*. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act*. Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

On behalf of the School District

A large black rectangular redaction covers the signature area. A horizontal line extends from the right side of the redaction to the right margin.

## MANAGEMENT REPORT

Version: 3892-3146-1164

### Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 91 (Nechako Lakes) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

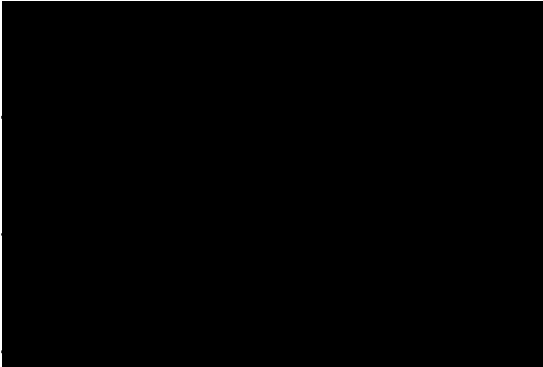

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 91 (Nechako Lakes) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a quarterly basis and externally audited financial statements yearly.

The external auditors, MNP LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 91 (Nechako Lakes) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

On behalf of School District No. 91 (Nechako Lakes)

Education	<u>Sept. 25/23</u> Date Signed
	<u>Sept 25/23</u> Date Signed
Signature of the Secretary Treasurer	<u>Sept 25/23</u> Date Signed

To the Board of Education of School District No. 91 (Nechako Lakes), and  
To the Minister of Education, Province of British Columbia:

### Opinion

We have audited the financial statements of School District No. 91 (Nechako Lakes) (the "School District"), which comprise the statement of financial position as at June 30, 2023, and the statements of operations, changes in net debt and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the School District as at June 30, 2023, and the results of its operations, changes in its net debt and its cash flows for the year then ended in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board (the "special purpose framework").

### Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the School District in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Emphasis of Matter - Basis of Accounting

We draw attention to Note 2(a) to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the School District in complying with the special purpose framework. As a result, the financial statements may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

### Other Information

Management is responsible for the other information. The other information obtained at the date of this auditor's report comprises Unaudited Schedules 1-4D attached to the audited financial statements and Financial Statement Discussion and Analysis, but does not include the financial statements and our auditor's report thereon.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the special purpose framework and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the School District's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the School District or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the School District's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the School District's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the School District to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Prince George, British Columbia

**SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2023**

---

**NOTE 1      AUTHORITY AND PURPOSE**

The School District, established on December 2, 1996, operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 91 (Nechako Lakes)", and operates as "School District No. 91 (Nechako Lakes)". A board of education ("Board") elected for a four-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district and is principally funded by the Province of British Columbia through the Ministry of Education and Child Care. School District No. 91 (Nechako Lakes) is exempt from federal and provincial corporate income taxes.

**NOTE 2      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

a) Basis of Accounting

These financial statements have been prepared in accordance with Section 23.1 of the *Budget Transparency and Accountability Act of the Province of British Columbia*. This Section requires that the financial statements be prepared in accordance with Canadian public sector accounting standards except in regard to the accounting for government transfers as set out in Notes 2(f) and 2(n).

In November 2011, Treasury Board provided a directive through Restricted Contributions Regulation 198/2011 providing direction for the reporting of restricted contributions whether they are received or receivable by the School District before or after this regulation was in effect.

As noted in Notes 2(f) and 2(n), Section 23.1 of the *Budget Transparency and Accountability Act* and its related regulations require the School District to recognize government transfers for the acquisition of capital assets into revenue on the same basis as the related amortization expense.

As these transfers do not contain stipulations that create a liability, Canadian public sector accounting standards would require that:

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transfer; and the
- eligibility criteria have been met in accordance with public sector accounting standard PS3410; and
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100.

**SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2023**

---

**NOTE 2      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

a) Basis of Accounting (cont'd)

The impact of this difference on the financial statements of the School District is as follows:

	June 30, 2023	June 30, 2022
Increase in Annual Surplus	\$ 1,983,521	\$ 954,576
Increase in Accumulated Surplus	\$ 43,036,386	\$ 41,052,865
Decrease in Deferred Contributions	\$ 43,036,386	\$ 41,052,865

b) Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid securities that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

c) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

d) Portfolio Investments

The School District has investments in GIC's and term deposits that have a maturity of greater than 3 months at the time of acquisition. GIC's, term deposits, and other investments not quoted in an active market are reported at cost.

Impairment is defined as a loss in value of a portfolio investment that is other than a temporary decline and is included in the Statement of Operations. In the case of an item in the fair value category, a reversal of any net remeasurement gains recognized in previous reporting periods up to the amount of the write-down is reported in the Statement of Remeasurement Gains and Losses. The loss is not reversed if there is a subsequent increase in value.

e) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

**SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2023**

---

**NOTE 2      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)***

f) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 2(n).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met, unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished. See Note 2(a) for the impact of this policy on these financial statements.

g) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements. The School District accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime, and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates, and mortality. The discount rate used to measure obligations is based on the cost of borrowing. The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2022 and projected to March 31, 2025. The next valuation will be performed at March 31, 2025 for use at June 30, 2025. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The School District and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

h) Asset Retirement Obligations

A liability is recognized when, as at the financial reporting date:

- (a) there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- (b) the past transaction or event giving rise to the liability has occurred;

**SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2023**

---

**NOTE 2      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)**

h) Asset Retirement Obligations (cont'd)

- (c) it is expected that future economic benefits will be given up; and
- (d) a reasonable estimate of the amount can be made.

The liability for the removal of asbestos and other hazardous material in several of the buildings owned by the School District has been initially recognized using the modified retroactive method. The liability has been measured at current cost as the timing and amounts of future cash flows cannot be estimated. The resulting costs have been capitalized into the carrying amount of tangible capital assets and are being amortized on the same basis as the related tangible capital asset (see Note 2(j)). Assumptions used in the calculations are reviewed annually.

i) Liability for Contaminated Sites

Contaminated sites are a result of contamination being introduced into air, soil, water, or sediment of a chemical, organic, or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when a site is not in productive use and all the following criteria are met:

- an environmental standard exists;
- contamination exceeds the environmental standard;
- the School District:
  - is directly responsible; or
  - accepts responsibility;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

j) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement, or betterment of the assets. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, which are then recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.

**SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2023**

---

**NOTE 2      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)**

j) Tangible Capital Assets (cont'd)

- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.
- Buildings that are demolished or destroyed are written off.
- Works of art, historic assets, and other intangible assets are not recorded as assets in these financial statements.
- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years

k) Capital Leases

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the School District are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, e.g., insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the School District's rate for incremental borrowing or the interest rate implicit in the lease.

All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

l) Prepaid Expenses

Goods and services paid for, but not yet received at year-end are included as a prepaid expense and stated at acquisition cost and are charged to expense over the periods expected to benefit from it.

**SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2023**

---

**NOTE 2      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)**

m) Funds and Reserves

Certain amounts, as approved by the Board, are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved (see Note 15 – Interfund Transfers and Note 21 – Internally Restricted Surplus). *Funds and reserves are disclosed on Schedules 2, 3 and 4.*

n) Revenue Recognition

Revenues are recorded on an accrual basis in the period in which the transactions or events occurred, that gave rise to the revenues, the amounts are considered to be collectible and can be reasonably estimated.

Contributions received or where eligibility criteria have been met, are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions including authorization by the transferring government.

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred; or
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased; and
- Contributions restricted for tangible capital assets acquisitions, other than sites, are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets, other than sites, are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable.

The accounting treatment for restricted contributions is not consistent with the requirements of Canadian public sector accounting standards, which require that government transfers be recognized as revenue when approved by the transferor and, eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished. See Note 2(a) for the impact of this policy on these financial statements.

Revenue related to fees or services received in advance of the fee being earned, or the service is performed, is deferred and recognized when the fee is earned, or service performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

**SCHOOL DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2023**

---

**NOTE 2      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)**

o) Expenditures

Expenses are reported on an accrual basis. The cost of all goods consumed, and services received during the year is expensed.

Categories of Salaries

- Principals, Vice-Principals, and Directors of Instruction employed under an administrative officer contract are categorized as Principals and Vice-Principals.
- Superintendents, Assistant Superintendents, Secretary-Treasurers, Trustees, and other employees excluded from union contracts are categorized as Other Professionals.

Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as Special and Indigenous education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

p) Endowment Contributions

Endowment contributions are reported as revenue on the Statement of Operations when received. Investment income earned on endowment principal is recorded as deferred revenue if it meets the definition of a liability and is recognized as revenue in the year related expenses (disbursements) are incurred. If the investment income earned does not meet the definition of a liability, it is recognized as revenue in the year it is earned. Endowment assets are reported as restricted non-financial assets on the Statement of Financial Position.

q) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, portfolio investments, accounts payable, and accrued liabilities.

**SCHOOL DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2023**

---

**NOTE 2      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

q) Financial Instruments (cont'd)

All financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

For financial instruments measured using amortized costs, the effective interest rate method is used to determine interest revenue or expense.

r) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in Note 2(a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, liabilities for contaminated sites, rates for amortization, and estimated employee future benefits. Actual results could differ from those estimates.

s) Future Changes in Accounting Policies

**PS 3400 Revenue** issued November 2018 establishes standards on how to account for and report on revenue and is effective July 1, 2023. Specifically, it differentiates between revenue arising from transactions that include performance obligations, referred to as "exchange transactions", and transactions that do not have performance obligations, referred to as "non-exchange transactions".

Revenue from transactions with performance obligations should be recognized when (or as) the School District satisfies a performance obligation by providing the promised goods or services to a payor.

Revenue from transactions with no performance obligations should be recognized when a school district:

- (a) has the authority to claim or retain an inflow of economic resources; and
- (b) identifies a past transaction or event that gives rise to an asset.

This standard may be applied retroactively or prospectively. Management is in the process of assessing the impact of adopting this standard on the School District's financial results.

**SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2023**

---

**NOTE 12     DISPOSAL OF SITES AND BUILDINGS**

The School District disposed of the Former Burns Lake Maintenance/Bus Garage facility and Sowchea Elementary School.

Former Burns Lake Maintenance/Bus Garage

The former Burns Lake Maintenance/Bus Garage site was disposed of for \$1 to Carrier Sekani Family Services for the sole purpose of building and operating a Foundry. The building was erected in 1957 with additions in 2009, 2012, 2013, 2014, 2019 with costs of \$25,770.

Sowchea Elementary School

The provincial Inventory Policy for Real Property requires that properties which are surplus to government needs must be made available to other provincial ministries, agencies and bodies, such as BC Housing and Health Authorities, prior to disposal. This is a process facilitated by the Ministry of Citizens' Services, Strategic Real Estate Services (SRES), via the Enhanced Referral Process. The SRES received interest in Sowchea Elementary School from internal government agency. The purchaser was the Ministry of Transportation (*His Majesty the King in Right of the Province of British Columbia represented by the Minister responsible for the Transportation Act*). The original cost of land was \$68,019 in 1981 and the school was complete in 1983 for a cost of \$2,407,373. The proceeds of \$400,000 have been allocated as follows \$300,000 to Restricted Capital and \$100,000 to Local Capital.

**NOTE 13     EMPLOYEE PENSION PLANS**

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan (jointly trustee pension plans). The boards of trustees for these plans, representing plan members and employers, are responsible for administering the pension plans, including investing assets and administering benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits are based on a formula. As at December 31, 2022, the Teachers' Pension Plan has about 51,000 active members and approximately 41,000 retired members. As of December 31, 2022, the Municipal Pension Plan has about 240,000 active members, including approximately 30,000 from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

**SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2023**

---

**NOTE 13 EMPLOYEE PENSION PLANS (Continued)**

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2020, indicated a \$1,584 million surplus for basic pension benefits on a going concern basis.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2021, indicated a \$3,761 million funding surplus for basic pension benefits on a going concern basis.

The School District paid \$4,463,726 for employer contributions to the plans for the year ended June 30, 2023 (2022: \$4,348,259).

The next valuation for the Teachers' Pension Plan will be as at December 31, 2023. The next valuation for the Municipal Pension Plan will be as at December 31, 2024, with results available in 2025.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets, and cost to individual employers participating in the plans.

**NOTE 14 RESTRICTED ASSETS - ENDOWMENT FUNDS**

Donors have placed restrictions on their contributions to the endowment funds of the School District. One restriction is that the original contribution should not be spent. Another potential restriction is that any investment income of the endowment fund that is required to offset the eroding effect of inflation or preserve the original value of the endowment should also not be spent.

**NOTE 15 INTERFUND TRANSFERS**

Interfund transfers between the operating, special purpose and capital funds for the year ended June 30, 2023, were as follows:

	<u>2022-23</u>	<u>2021-22</u>
Transferred from operating funds to local capital	\$ 63,872	\$ 65,792
Transferred from operating funds to capital	\$ 10,265	\$ 15,414
Transferred from special purpose funds to capital	\$ 97,426	\$ 114,690

**NOTE 16 RELATED PARTY TRANSACTIONS**

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

**NOTE 17 CONTRACTUAL OBLIGATIONS**

The School District has entered into multiple-year contracts for the lease of office equipment for 5 years. The lease is considered an operating lease, and the lease payments are charged to expenses when incurred. The cost of the lease is \$80,831 each year, starting in 2021/22 and ending at the end of the 2025/26 school year.

**NOTE 19 ASSET RETIREMENT OBLIGATION**

Legal liabilities exist for the removal and disposal of asbestos and other environmentally hazardous materials within some district owned buildings that will undergo major renovations or demolition in the future. A reasonable estimate of the fair value of the obligation has been recognized using the modified retroactive approach as at July 1, 2022 (see Note 23 – Prior Period Adjustment – Change in Accounting Policy). The obligation has been measured at current cost as the timing of future cash flows cannot be reasonably determined. These costs have been capitalized as part of the assets’ carrying value and are amortized over the assets’ estimated useful lives.

Asset Retirement Obligation, July 1, 2022 (see Note 23)	\$	6,462,634

**NOTE 22 ECONOMIC DEPENDENCE**

The operations of the School District are dependent on continued funding from the Ministry of Education and Child Care and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

**SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2023**

---

**NOTE 23 PRIOR PERIOD ADJUSTMENT – CHANGE IN ACCOUNTING POLICY**

On July 1, 2022, the School District adopted Canadian public sector accounting standard PS 3280 Asset Retirement Obligations. This new standard addresses the recognition, measurement, presentation, and disclosure of legal obligations associated with the retirement of certain tangible capital assets, such as asbestos removal in buildings that will undergo major renovation or demolition in the future (see Note 19). This standard was adopted using the modified retroactive approach.

On July 1, 2022, the School District recognized an asset retirement obligation relating to several owned buildings that contain asbestos and other hazardous materials. The liability has been measured at current cost as the timing and amounts of future cash flows cannot be estimated. The associated costs have been reported as an increase to the carrying value of the associated tangible capital assets. Accumulated amortization has been recorded from the later of, the date of acquisition of the related asset or April 1, 1988 (effective date of the *Hazardous Waste Regulation (April 1, 1988) – Part 6 – Management of Specific Hazardous Wastes*).

The impact of the prior period adjustment on the June 30, 2022, comparative amounts is as follows:

	Increase (Decrease)
Asset Retirement Obligation (liability)	\$ (6,462,634)
Tangible Capital Assets – cost	6,462,634
Tangible Capital Assets – accumulated amortization	(6,464,634)
Accumulated Surplus – Invested in Capital Assets	6,462,634

**NOTE 24 RISK MANAGEMENT**

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk, and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

**a) Credit risk:**

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, amounts receivable and investments.

The School District is exposed to credit risk in the event of non-performance by a debtor. This risk is mitigated as most Accounts receivable are due from the Province and are collectible.

It is management’s opinion that the School District is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in recognized British Columbia institutions and the School District invests solely in guaranteed investment certificates.

**SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2023**

---

**NOTE 24 RISK MANAGEMENT (*Continued*)**

**b) Market risk:**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held, and purchases made in foreign currency are insignificant.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District is exposed to interest rate risk through its investments. It is management's opinion that the School District is not exposed to significant interest rate risk as they invest solely in guaranteed investment certificates that have a maturity date of no more than 3 years.

**c) Liquidity risk:**

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk Management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance. There have been no changes to risk exposure from 2022 related to credit, market or liquidity risks.

**School District  
Statement of Financial Information (SOFI)**

**School District No. 91 (Nechako Lakes)**

**Fiscal Year Ended June 30, 2023**

**Explanation of Differences to the Audited Financial Statements**

The Salaries paid to employee, as well as the payments disbursed to supplies for goods and services and for employee benefit premiums, are disclosed on the audited financial statements as expenses, net revenues, capitalized costs or changes in accounts receivable and accounts payable.

The differences between the audited financial statements (Statement 2 – “Statements of Revenue and Expenses”) and the combined totals of the “Schedule of Remuneration” and the “Schedule of Payments Made for the provision of Goods and Services” are primarily as follows:

- Taxable benefits are included in the remuneration column of the “Schedule of Remuneration and Expenses”. The same amount is included in the “Schedule of Payments Made for the Provision of Goods and Services” for payments made to benefit carriers.
- Accruals made at year end for certain supplier costs and future benefits.
- Expenditures recovered from external organizations.
- Payments made to district operated schools.
- The “Schedule of Payments Made for the Provision of Goods and Services” records GST/PST paid at the full value charged whereas the audited financial statements are net of applicable rebates ranging from 68% to 100%.
- Depreciation of fixed assets is recorded as an expenditure on the Financial Statements and not on the “Statement of Payments for the Provision of Goods and Services” which includes fixed asset purchases that are capitalized on the financial statements.
