Student Mobility in the B.C. Public Post-Secondary System (2015/16 Registrants)

Prepared by Joanne Heslop, STP Manager from STP2016 Data, Sept 29, 2017
Mobile pathways include ‘moves’ to a new PSI and ‘returns’ to a previously attended PSI.

Includes direct mobility from the previous year (2015/16) and re-entering stop outs from earlier years.

54,250 unique headcount students (17% of 325,400 unique Academic Credit Course Registrants) followed a mobile pathway to their institution of registration in 2015/16:

• 34,600 moved to a new PSI
• 20,700 returned to a PSI they previously left

Note: Students may take multiple pathways between one or more institutions in one or more regions. The sum of pathways will result in double-counting of unique students.

Note: Students may take multiple pathways between one or more institutions in one or more regions. The sum of pathways will result in double-counting of unique students.
Loop-back arrows indicate that students switched institutions, but remained within ...

- the same sector (in sector mobility diagram), or
- the same region (in regional mobility diagram).
