Student Spaces
Results from the 2024/25 reporting year are based on data from the 2024/25 fiscal year; results from the 2023/24 reporting year are based on data from the 2023/24 fiscal year. Only Ministry funded Full-Time Equivalents are included.

Indigenous Student Spaces
For Indigenous Student Spaces, results for the previous fiscal year are reported. Results from the 2024/25 reporting year are based on data from the 2023/24 fiscal year; results from the 2023/24 reporting year are based on data from the 2022/23 fiscal year. Both Ministry and SkilledTradesBC (formerly the Industry Training Authority) funded Full-Time Equivalents are included. Institutions provide their own target and assessment for Indigenous Student Spaces.

Credentials Awarded
The total number of credentials awarded are reported but only the Credentials awarded for each credential type are assessed. The credential target assessment is based on the number of credentials awarded in the most recent fiscal year as a percentage of the average number of credentials awarded in the previous three fiscal years. Targets are set in the previous reporting year for the next reporting cycle. In accordance with the data masking policy, any value less than 10 has been excluded to protect confidentiality.

Prior to the 2023/24 reporting cycle, the credential target was based on the average number of credentials awarded in the last three fiscal years and the year over year change in FTEs.

Student Outcomes Measures
Results from the 2024/25 reporting year are based on 2024 survey data; results from the 2023/24 reporting year are based on 2023 survey data.

For all survey results, if the result plus or minus the margin of error includes the target, the measure is assessed as achieved. In all cases, the survey result and the margin of error are used to determine the target assessment. Survey results are not assessed if the number of respondents is less than 20 or the margin of error is greater than 10%.

Assessment Scale
Performance measure results are assessed on a three-category scale: *Achieved, Substantially Achieved,* or *Not Achieved*.

N/A = not assessed

Target Assessment Scale	Description
Achieved	100% or more of the target
Substantially achieved	90% to <100% of the target
Not achieved	<90% of the target
