Re: Temporary Expanded Service Area Authorization

General Manager Authority

Under the Liquor Control and Licensing Regulation (LCLR), s. 109.1, the General Manager (GM) of the Liquor and Cannabis Regulation Branch (LCRB) may issue a Temporary Expanded Service Area Authorization to food primary, liquor primary, and manufacturer licensees.

New Policy

In response to the COVID-19 pandemic, the Province's March 2020 declaration of a state of emergency and the Provincial Health Officer's March 2020 declaration of a public health emergency, the GM is putting in place time-limited measures to support the Provincial Health Officer's (PHO) direction and recommendations.

This new authorization permits a licensee to temporarily expand their service areas **until October 31, 2020**. The increased service area will allow licensees to serve patrons while complying with the PHO's guidelines regarding physical distancing.

Accordingly, food primary, liquor primary and manufacturer licensees (i.e., wineries, breweries, distilleries) may apply for a Temporary Expanded Service Area Authorization.

To meet the intent of this temporary authorization, licensees will not be permitted to increase or exceed their currently approved person/patron capacities or occupant loads. All means of access to the service area must also be supervised to the satisfaction of the GM. Finally, licensees must comply with all local bylaws and health and fire regulations.

An expedited online application will be available for licensees at no charge. Please check our website for a link to the application.

Explanation

The new policy is provided in the context of the provincial state of emergency and public

health emergency related to the COVID-19 pandemic. Increasing the size of existing service areas is expected to support licensees in complying with requirements under the Provincial Health Orders and recommendations, in particular with respect to social/physical distancing.
