Changes to Corporate Online application replacement - Status Update

What is changing?

In 2024

- The Corporate Online application used to file annual reports and keep B.C. companies up to date (i.e. community contribution companies, unlimited liability companies and B.C. limited companies) will be replaced with a new application.
- BC OnLine and Corporate Online will no longer be used to access Corporate Search and filings for B.C. companies.

Why are we making these changes?

BC Registries is replacing aging services with the new BC Registry application. The application will have improved security, a more user-friendly experience, and additional payment options.

Timing of the change

BC Registries is considering the best time to transition and will provide a minimum of 3 months' notice on the release timing with the actual release date provided 6 to 8 weeks in advance to allow for preparations for transition to the new modernized application.

What do users need to do?

You are not required to take any action at this time. If you'd like to get a head start, you can set up a BC Registry account now at the [BC Registry application](#) with the help of our [Resources page](#).

Visit bcreg.ca/corporations for more information.

If you have any questions about these changes, please email: bcreg.engagement@gov.bc.ca.
